**Drexel Institute Museum**

The Drexel Institute Museum has just been opened to the public. The museum is housed in the old Barnum building, which was formerly used as a warehouse and later as a school for the deaf. The museum contains a large collection of art, including paintings, sculptures, and decorative arts. The Elizabethan period is well represented, with works by such artists as van Dyck and Rembrandt. The museum also has a extensive collection of ceramics, ranging from ancient Chinese porcelain to contemporary works by American artists. The museum is open daily from 10 am to 5 pm, and admission is free.

Drexel is generous

The members of the Drexel staff who

recently acquired a brand-new office

next to that of Dean Disque in the Mu­

seum, have generously granted permi­sion to the Triangle and the Lexerd

staff to share the office with them. Thus

the three publications will work together

and although the quarters are not large,

the editors believe that they can accom­

plish more and better work than before.

Two seniors will represent Drexel

Last week it was announced that D. Row­

eau, a member of the senior class of the Drexel

representative at the annual convention of the

American Student Federation to be held

at Ann Arbor, Mich., from December 3

1926. Problems involving student leadership

and cooperation between faculty members and students will be dis­

cussed. Ann Arbor time is December 5.

Dean Mather will be at

Wesleyan University in Connecticut to co­

nounce a group of college men and women for the purpose of studying col­

Drexel players busy

The local dramatic club is practicing

on several one-act comedies which it will

December. A committee has been chosen to ar­

be held at Drexel in next March.

Harry Kulkberg, 297, president of the

cumulants, hopes to guide the players

through a successful season.

The stag at eve

THIS fellow missed out on a heavy date tonight by the close margin of one phone-call. But don't waste pity on him. He has his jimmy-pipe and a tidy red tin of Prince Albert... grand little pals in time of stress.

When that cool, comforting smoke comes curling up the pipe-stem, troubles evanesce with every puff. For P. A. is The National Joy Smoke in fact as well as phrase. Cool as a money-lender. Sweet as a check from home. Fragrant as a pine-grove on a damp morning.

You'll like Prince Albert better than any other tobacco you ever packed into a pipe. You'll like the friendly way it treats your tongue and throat. You'll like the way it helps you over the rough spots. Buy a tidy red tin today and see!
