Alumni Plan Amusing Day
Dance To Be Featured

A grand reunion for the Drexel alumni of the late 1870's was held on Tuesday, November 2, 1935. There is a great deal of confidence that this will make it possible for the "old grads" to meet each other and renew old acquaintances.

The program consists of attendance at the meeting, which will be held in the Drexel Alumni Dinner Hall, beginning at 8:00 p.m. At 9:30 p.m. a special dance will be given for the alumni and their friends. The guests will be entertained to a most enjoyable evening.

The reunion will be opened by the president of the Drexel alumni association, who will make a speech welcoming the alumni and expressing his hope that they will all have a pleasant time. After the speeches, the dancing will begin and will continue until 1:00 a.m. The guests will be provided with a large variety of refreshments and will be entertained to a most enjoyable evening.

The reunion is open to all alumni and their friends. Those who wish to attend are asked to notify the Drexel alumni association at once.

A.I.E.E. To Hear Lecture on Oil
Motion Pictures to Be Shown

On Kendall Oil Production—May Outcomes
Events to be Given in Future

An illustrated lecture on the "Nature of Oil Production" will be held on Tuesday, October 8, 1935, at 8:00 p.m. in the Drexel Alumni Dinner Hall. The lecture will be given by Mr. J. O. H. Browning, a professional engineer who has had many years of experience in the oil industry. Mr. Browning will discuss the nature of oil production and will show motion pictures of oil wells in operation.

The event is open to all interested in the subject. Those who wish to attend are asked to notify the Drexel alumni association at once.

Faculty Members Make Merry at Mysterious Meeting of M.O.O.S.

The annual meeting of the members of M.O.O.S., an organization of faculty members, was held on Tuesday, October 8, 1935, in the Drexel Alumni Dinner Hall. The meeting was held in a most mysterious manner, with all the members present.

The meeting was opened by the president of the organization, who gave a speech welcoming the members and expressing his hope that they would all have a pleasant time. After the speeches, the meeting proceeded in a most mysterious manner, with all the members present.

Many Events Scheduled By Scabbed and Belle

Committee Appointed to Handle Social Plans for the Year. Plans for Military Ball

Scabbed and Belle, Drexel's Women's Social Club, is planning a series of events for the year. The first meeting of the women's social club, which will be held on Tuesday, December 1, 1935, in the Drexel Alumni Dinner Hall, will be attended by all the members.

After being seated at the table, the women's social club will discuss the following topics:

- The nature of oil production
- Motion pictures of oil wells in operation

The meeting will conclude with a Most Animated Dinner, which will be held in the Drexel Alumni Dinner Hall, beginning at 8:00 p.m. The dinner will be served with all the usual refreshments, and will be enjoyed by all who attend.

The meeting is open to all interested in the subject. Those who wish to attend are asked to notify the Drexel alumni association at once.
The Drexel Triangle

The Rouge and Robe should be congratulated for their recent accomplishment, and Dr. Robert H. S. Robers, Associate Professor of Chemistry, deserves special commendation. Dr. H. W. House has served the capacity of assistant dean for the past four years and is a prominent member of the Drexel Institute faculty. **Interfraternity Football**

The football games played by the interfraternity teams were split nearly evenly between the two teams with Drexel going for the full two.

The Delta Phi team scored last week when the big boys Alpha fraternity moved the Pi Kappa Phi for 20 yards, but in the next two games the Phi Kappas failed to score. The Phi Kappas are currently in the running for the championship of the league with the Delta Phi team.

**Bull Punt to Fox as Petchik faked back through the center of the offensive line, thus drawing from the JavaScript.** He then continued on to left flank seeking opening against backfield. Graf on the opposite side of the line shifted back facing the center. Drexel went down about 7 yards and both broke in towards the center. Safety worked over Curry, covering from the pass. The pass was good for 17 yards and touchdown.

**Varsity Hockey Team Picked By Coach Landis**

The varsity team has been chosen from the first turn of the girls for the intramural games. It is to be under the direction of Coach Landis, with a number of the girls selected from the junior classes.

The following were chosen for their positions on the team: Forwards: Schuyler, Kester, Gardiner, Green, Breese, and Wirtz for the seniors; and Liston, Beatty, Tawney, and Gaddis for the juniors.

**The Dutchmen's idea of scoring distance of the game and won the game by seven points. They were able to keep the Delta 8-7 on Dad's Day. At Dayton University 8-2.**

...but, after all is said and done, it's the cigarette itself that counts...

question is, does it suit you?

Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident...

The farmer who grows the tobacco, the warehouser who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe homegrown and Turkish tobaccos.
