DREXEL  
through the  
WEEK

Junior High Girls Visit Drexel

SIXTY-THREE junior high school girls of Montgomery County were the guests of the Drexel School of Home Economics on Tuesday morning, May 3. The trip was arranged by Miss Ella Mae Mohney, itinerant Home Economics teacher of Montgomery County. The girls visited the Main Building, the Practice House and Nursery School, and the Dormitory.

YMCA Nominates

At a MEETING open to all YMCA members on Tuesday, nominations were made for "Y" officers for the coming year. The nominees are:

President:  
Low Keim  
James Meyers  
Carl Zangerle

Vice-President:  
Al. C. Elsasser  
Walt. Troye  
John Tressler  
John Rebmann

Secretary:  
Fred Hemsarath  
John Boltan  
Claude Skinner

Treasurer:  
Ray Cannon  
Stanley Kmiec  
Robert Ewing

Elections of the officers will be held Tuesday, May 10, in the Great Court.

Sears Interviews Retail Students

On TUESDAY, Miss Helena Fitzsimmons, who is assistant to the head of Retail Personnel Training, Mr. Paul A. Mertz, in the central offices of Sears Roebuck and Co. in Chicago, was in school interviewing members of the Retail Management course.

In her interviews with the students, she gave them helpful suggestions about various fields in retailing. From their interests, experience, and questions she offered valuable information for their retailing work.

Addresses Camera Club

SPEAKING on "Films and Color Filters," Mr. Merz of Eastman Kodak Company, will present to the Drexel Camera Club a lecture on the topic of films about which he is acclaimed an authority. This talk has been given at a number of prominent clubs throughout the city. The date has been set for Tuesday, May 10.

YWCA Hears Talk On Orient

MISS PERKINS, of the Chester YWCA, spoke to the Drexel chapter on present conditions in China and Japan at a luncheon meeting held in the Women's Lounge last Tuesday. Miss Perkins has spent some years in China and her sister is now in Shanghai, so she was able to give the group very pertinent material on the existing conditions.

China, said Miss Perkins, has been invaded again and again by Tartars, Mongols, and Manchus, but she was never conquered. The vast country envelops and absorbs her invaders, her people pay taxes to a new government; beyond that there is no change. The idea that a country the size of Japan could hope to overcome China is absurd, and in the long run the Chinese are fighting a winning battle. Lack of unity is an all-important factor in the war, and because of it progress has been slow. Under the able leadership of General Chiang-Kai-Shek, China is gradually being unified and in this will live her salvation. Japan, on the other hand, is an efficient, highly-organized country. There are two powerful forces which control the destinies of the Chinese people; the Emperor, son of Heaven, and the Army. Custom and tradition have so restrained the Japanese people that rebellion is unthinkable, and death for one's country is a glory which far exceeds any earth by attainment.

These things make possible the continuance of the war, which is not a war since war has never been legally declared. People who are thor-

Pi Kaps Annex  
Alpha Psi  
Omega Trophy

TAKING their third leg on the Intramural Play Contest Cup, the Pi Kappa Phi fraternity attained permanent possession of the first prize trophy by merit of their presentation of "Submerged," a one-act drama by H. Stuart Cottman and La Verne Shaw. Second prize, a bronze plaque, was awarded to the Alpha Upsilon Mu fraternity for its presentation of "Sham" by Frank G. Tompkins. Individual acting honors were awarded to Claire Bowman for her clever performance as the wife in the Mu play and Harold Stiffler for his excellent characterization of the coward in the Pi Kap play. They are the first recipients of those newly instituted awards.

Honorable mention this year went to the Delta Sigma Alpha fraternity and the YWCA.

This year is the first also that the prize trophy has been permanently gained, this making it an outstanding honor for the Pi Kaps.

Judges for this year's contest were Miss Horner, Miss Richmond, Miss Sims, Dr. Hanson, and Professor Williams.

Stratton Attends  
Annual Blue Key  
Reunion Dinner

MAKING his first public appearance since his extended illness, Dr. L. D. Stratton presented himself at the second annual Blue Key Dinner held at the Hotel Wellington, Wednesday, April 29.

Dr. Parke R. Kolbe, who along with Dr. Stratton is an honorary member of Blue Key, addressed the assembled group informally on the work of the undergraduate members of this year in trying to initiate a course in sex and marital relations. Each Blue Key member commented on the subject and several of the graduate members present suggested that the course be given to the upper classmen as an elective rather than to freshmen.

Following the talk by Dr. Kolbe the members held an informal discussion in which the fifteen graduate members participated actively.

The committee in charge of the banquet consisted of James Eichen and Nye Spencer.

Marion Crawley

BECAUSE of the growing work of the Department of Physical Training, Professor Marion Crawley of that department will relinquish her duties as director of the dormitory at the end of the present college year and devote her entire time to teaching physical training.

Miss Margaret Barnes, well known member of the Drexel nursing staff, has been selected to fill the vacancy. Miss Barnes will continue a part of her duties as nurse but will be relieved by the addition of part-time aid in order that she may give the necessary time to the direction of dormitory affairs.

Tech Student  
Appears on NBC  
Clinton Show

TAKING the air tomorrow night over Station WJZ, some fortunate tech student will take to the ether over a nation-wide hookup on Larry Clinton's RCA Campus Radio Program at 8:15 p. m.

As announced in last week's Triangle, the auditions resulted in selection of the following six persons, who took further auditions at KYW last night:

Arrie Barrie  
Norm Holt  
Bob Culbert  
Betty Wayne  
Betty Towner  
Johnie Schultz

Of these six, one will be selected to go to New York with all expenses paid. The winner will be announced tonight at the Spring Prom.

These six, who are all, with the exception of Johnie Schultz, who tickles the ivories, vocalists, were selected from a field of about 15. Nearly all of them were vocalists. Dr. Welch assisted the judges in the contest.

Upperclass  
Scholarships  
Announced

OVER \$3,000 worth of undergraduate scholarships are available to the outstanding students of Drexel Institute for the coming year. Of this sum, \$2,450 will be awarded on a competitive basis. The remainder is to be awarded by the Faculty Scholarship Committee on the basis of merit.

In addition to these, some scholarships are available to graduates of the Greater Philadelphia area, awarded on a competitive basis after personal interview with the committee. These are both part and full paid scholarships.

All those interested in the competitive examinations should send their requests for application blanks to Professor H. L. Bowman, Chairman of the Scholarship Committees, before May 10, 1938.

The scholarships are given through the generosity of Trustees and other good friends of Drexel.

Funds for the undergraduates are divided as follows:

- On Merit Only:  
One Mrs. William Penn Troth Scholarship \$250 (Civil Engineer)  
One Belle S. Matheson Scholarship \$50 (Freshman woman)  
Four Charles E. Etting Scholarships \$75 (each)  
Four J. Peterson Ryder Scholarships of \$100 each (two Senior men) (two Senior women)  
One Charles J. Armor Scholarship \$50 (Business Administration Student)

- Competitive:  
Hundred Dollar Scholarships  
Two Mrs. Paul Mills Scholarships  
Two Mme. Jacques Allez Scholarships  
Two Mrs. G. Cadwallader Scholarships  
Two Mrs. John R. Drexel Scholarships  
Four A. J. Drexel Paul Scholarships  
Two Effingham B. Morris, Jr., Scholarships  
Two James Gowan Scholarships  
Two J. P. Ryder Scholarships  
Two Alexander Van Rensselaer Scholarships

- Fifty Dollar Scholarships  
One Mrs. Paul Mills Scholarship  
One Mme. Jacques Allez Scholarship  
One Mrs. G. Cadwallader Scholarship  
One Mrs. John R. Drexel Scholarship  
Two A. J. Drexel Paul Scholarships  
One Effingham B. Morris, Jr., Scholarship  
One James Gowan Scholarship  
One Alexander Van Rensselaer Scholarship

Drexel Host  
at Annual  
Guest Day  
Conferences

The ANNUAL Guest Day for junior and senior girls of secondary schools, sponsored by Drexel Institute of Technology, will be held on Saturday, May 14, at the college. Invitations have been extended to students in the Eastern section of Pennsylvania, Delaware, Maryland, and New Jersey, who are interested in professional college education.

At the general guidance conference scheduled for 11:00 a. m., the guests will be greeted by Dr. Parke R. Kolbe, president of Drexel; and addressed by Dean W. R. Wagen-seller, of the Drexel School of Business Administration; Dean Grace Godfrey, of the School of Home Economics; and Dean Marie Hamilton Law, of the School of Library Science.

Two Drexel students, Betty Towner, of Prospect Park, Pa., and M. Constance Miller, of Altoona, Pa., will talk on college life, taking as their respective subjects, "A Typical Day for a Commuter" and "A Typical Day for a Dormitory Student." In addition to the conferences and individual consultations, the day's program includes a luncheon at the Sarah Drexel Van Rensselaer Dormitory for Women, games and sports, and a picnic supper at the Drexel Lodge, Newtown Square.

Crawley Chairman

Marion Crawley, Director of Athletics for Women, is chairman of the Guest Day Committee and will preside at the morning session.

The Guest Day Committee will invite junior and senior girls who are interested in work in Business Administration, Home Economics and Library Science, to attend the conference. Drexel students are asked to submit names for the invitation list to Miss Marion Crawley, Chairman, or the Public Relations Department.

Professor Crawley has been chosen to head the Guest Day Committee. Assisting Chairman Crawley are:

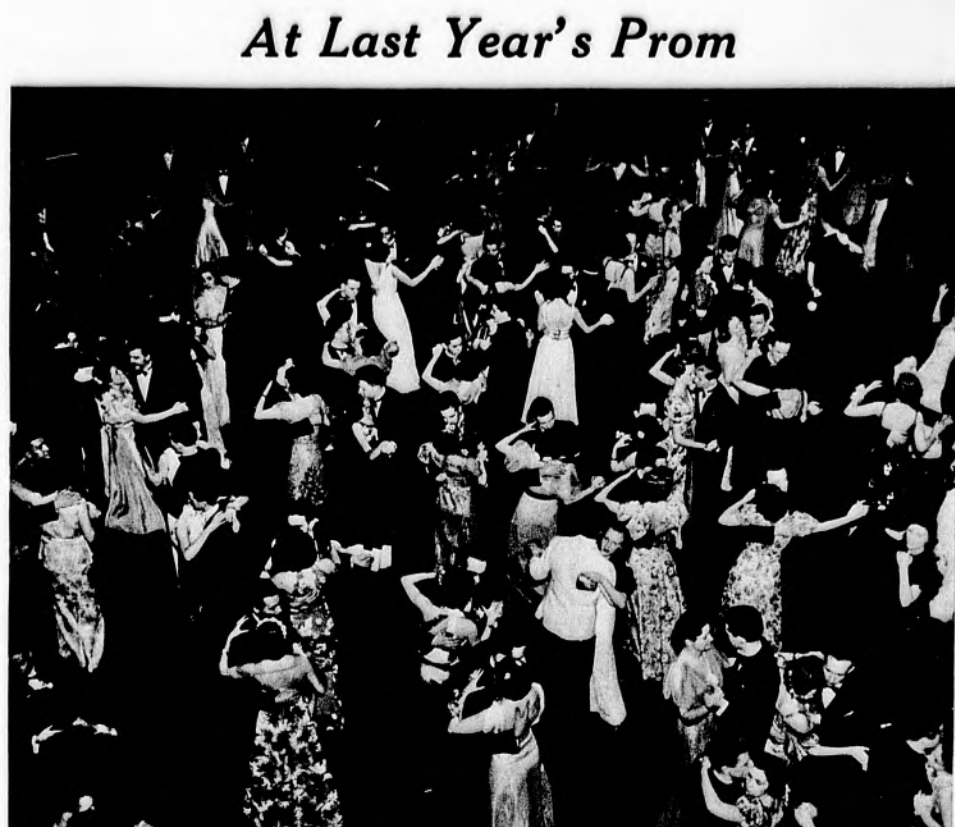

Professor Chapman  
Miss Sims  
Miss Hans  
Mrs. Ulrich  
Mrs. Jones  
Miss D. Sonneborn  
Miss Prece

Bourse Bids  
7 Business  
Students

SEVEN outstanding sophomore, pre-junior and junior students in the school of business administration were extended bids to the Drexel Bourse at a meeting in the Art Gallery on April 21. Those accepting the bids will be formally initiated at the next dinner meeting later this month.

Also, at this meeting, nominations and elections of officers for the next year were made. The following are the results of the election: president, Russell Dutcher; vice-president, Kenneth Wignall; treasurer, Grant Brickner; recording secretary, William Bodkin; and corresponding secretary, J. Cornish Clark. These men will take office near the end of this term. Initiation and election of officers formerly was held over until the fall term.

The seven prominent students in the school of Business Administration who were presented bids to the fraternity are W. Roger Whitworth, a junior; W. Pierce Ellis and Ernest Hickok, pre-juniors; and Ed. Boltz, Robert M. Dey, and Herbert O. Schneider, sophomores. These men will be initiated at a luncheon in their honor at the Hotel Normandie on May 31. The Business Administration graduates' survey of George R. Karr and the Triangle's advertising surveys conducted by Harold M. Myers, both of which are under the sponsorship of Bourse are nearing completion by their respective chairmen.

When the classes decided to combine their formals into one prom last year, one of the most successful formals ever run, resulted. The scene above shows Drexel couples swinging to the tunes of Horace Heidt at the Manufacturers Club.

Student Council  
Amendment  
Ratified

DREXEL men overwhelmingly voted "yes" to the proposed amendment to sections 3 and 4, article 5 of the constitution at a compulsory men's assembly held on Tuesday.

The juniors now have no way in which to designate their choice for president and vice-president. As the presiding officer, James Fullam, said, "You can only hope your choice will be elected to one of the two ranking offices."

It is the purpose of the new amendment to remedy the situation. The proposed change to the constitution states: "Place the numeral one (1) after the candidate selected to serve as president of the Student Council. Place the numeral two (2) after the candidate selected to serve as vice-president of the Student Council. Place a checkmark after each of the other two candidates selected to serve the Student Council."

When the ballots are first counted, all numerals are equivalent to checks. That is until the men with the four highest totals are selected. Then the ballots of these four are re-counted. The one receiving the most one's (1's) then becomes president, and the one receiving the most two's (2's) then becomes vice-president. And, as before, the two candidates with the next highest totals become members of the Student Council.

Nominations for the officers of the Student Council will be held next Tuesday. Final elections are set for Friday, May 20.

Two Jacks, Queen  
Presented By  
Senior Class

"Two Jacks and a Queen" is the final choice for a name for the Senior Varsity Show as the revue swings into the last stretch.

The show is written in three acts containing swiny songs, witty dialogue and action, and rhythmic dancing choruses and routines.

The dancing choruses are under the direction of Miss Pattie Koehrsberger who has studied dancing abroad and who is connected with the Koehrsberger Studios. This is the first time a special instructor has been hired to train the dancing choruses, thus indicating that the dancing of this year's show will surpass all past performances.

Tickets are already on sale. The price is 50 cents per person and includes not only the show, but dancing in the Great Court following both nights' performances.

Sophomores Dance  
At Melrose C.C. May 20

COMBINING for an informal spring dance, the men's and women's sophomore classes will present George Sommers and his band at the Melrose Country Club on May 20.

The committee, headed by Bill Berger and Jeanne Cramblet, presidents of their respective classes, has prepared a gala evening's entertainment for all. Decorations have been designed by Robt. Edelman and Louise Schilgen, vice-president and secretary of the women's class. The Country Club, obtained by Jack Persons, will be filled with the swaying music of George Sommers and his orchestra. George has played for a number of Drexel dances this year and all have acclaimed his superlative rhythm. Bob Culbert and Claire Bowman are the committee in charge of the entertainment for the affair.

'Prom' Climaxes  
Swing Formals

As the CROWNING EVENT of the Drexel social season, the Second Annual Spring Prom will feature Larry Clinton's band in the luxurious main ball-room of the Penn Athletic Club tonight. Coming to Tech straight from such affairs as the Princeton and Yale Junior Proms and the Harvard Spring Prom, Clinton assures the local swing fans of one of the most enjoyable evenings they have ever had.

The success of the Prom seems assured by the choosing of such a well-liked band alone; also, it has the support of the student body.

This is the second year that the Prom has been sponsored by the Student Council as a "New Deal" to eliminate large deficits usually attending former class dances. The new plan worked quite well last year and even greater success is expected this year.

Songstress Appears

Appearing with the band will be the exotic songstress extraordinaire, Bea Wain, who will warble the latest hit tunes for the enjoyment of all.

RUMOR hath it that Bea Wain won't warble at the Prom due to the fact that she got herself a hubby and is in Bermuda.

The group itself is famous for its novelty numbers and special arrangements. Since he organized his band last fall, Clinton has made a coveted name for himself with his many recordings, a large number of which were heard at the court dance last Tuesday. Outstanding among these are his renditions of Martha, Dipsy Doodle, Satan Takes a Holiday, and a multitude of others.

Larry himself has had a long and enviable record as a musician, arranger, composer and band leader. Starting as a dance orchestra trumpeter in 1909, he rapidly rose to head arranger for Ferd Grofe. After that he began arranging and composing for Isham Jones, the Dorsey brothers and Casa Loma. Some of his better known works are "Whose Babe," "Satan Takes a Holiday," "A Study in Brown," "Midnight in a Madhouse," and "Shades of Hades," and more than a score of others. At present he is playing on a regular radio schedule and making many personal appearances and one night stands at college dances.

Ranks High

In the very short seven months the boys have been playing together they have gained such recognition that they are now comparable to Casa Loma, Tommy Dorsey, and Benny Goodman in reputation, because of their ability to present unusual orchestrations.

The committee, headed by Jack Behenna and advised by Mr. Leonard of the Civil Engineering Department, has planned an ambitious program for the evening and special favors in the form of dance programs have been obtained. Other members of the committee, which include representatives of all the men's and women's classes, are Sally Hall, Charles Dill, Maury Schmidt, Bill Berlinghof, Jeanne Cramblet, Bill Berger, Ruth Wall and Bob Smith.

Faculty to Attend

Many members of the faculty and administration of the school will attend, including Dr. and Mrs. Kolbe, Dr. and Mrs. Hanson, Mr. and Mrs. Wagen-seller, Mr. and Mrs. Leonard, Mr. and Mrs. McMullan and others.

An especially interesting promotion scheme which is being tried this year to aid the earnest efforts of the committee has been the offering of one free ticket to anyone selling ten. Advance sales have been, partly for this reason, exceptionally good. Dancing will be from 9 to 2 and the price of the ball is \$3.00.

Drexel Editor

Ed. Hermann  
Re-Elected  
Editor of  
Drexerd

EDWARD W. HERMANN, editor of this year's Drexerd, was re-elected to serve in the same capacity next year. The other staff members elected at the meeting on April 28, are associate editor, Robert W. Culbert; assistant editors, James D. Carty and Edwin J. Guilfoxy; and managing editor, Elmer S. Groo.

The above men comprise the editorial board and are all veterans of considerable experience in earlier Drexerd positions. They will announce their selections of new members for other staff positions at some time in the near future.

Hermann, a junior in the commercial engineering course and a member of Phi Kappa Beta Fraternity, has distinguished himself this year in presenting many innovations in student journalistic endeavors. He is a resident of Drexel Hill from which point he commutes to school every day.

The associate and managing editors, Culbert and Groo, are sophomore business administration students and brothers of Pi Kappa Phi Fraternity and both musicians and dramatists of no slight repute. Also both hail from South Jersey. Carty and Guilfoxy, assistant editors, come from Delaware and New Jersey, respectively. Carty is an expert amateur photographer, mechanical engineer and Phi Kappa Beta pledge. Guilfoxy is a pre-junior business administration student and also a member of Phi Kappa Beta Fraternity.

THE DREXEL TRIANGLE

Official newspaper published by the students of Drexel Institute of Technology, 32nd and Chestnut Streets, Philadelphia. Established 1926.

Editor-in-Chief: Ralph A. Troupe. Business Manager: Harold M. Myers. Advisory Editor: S. Crawford Bonow.

Associate Editors: Russell Duteher, Ruth Sanders. Make-up Editor: Allen Faul. Editorial Manager: George Karr. Literary Editor: Joan Martin.

National College Press Association Member of the Intercollegiate Newspaper Association. 1937 Member 1938.

Paddles at ten Paces

PRINTED elsewhere in this issue is a letter to the editor from Sylvan P. Stern, President of the Interfraternity Council. It's really a nice letter. Read it in your leisure and get some enjoyment.

Though it has not been the policy of the paper to answer letters editorially, the TRIANGLE feels that reply is a necessity in this instance. To begin, the informed council president is very much misinformed on several matters concerning his own organization, facts which appear to be common knowledge to others.

The arguments presented in his letter are, in less wordy language, as follows: (1) The TRIANGLE did not approach the I. F. Council this year to determine whether the council would conduct a ping-pong tourney.

The arguments presented in his letter are, in less wordy language, as follows: (1) The TRIANGLE did not approach the I. F. Council this year to determine whether the council would conduct a ping-pong tourney.

It is hard to believe that a president of an organization, especially one holding office for one year, would not be well acquainted with the doings of his society. Shame, Mr. Stern!

Incidentally, it did not rain April 26, which makes the opening premise of the letter in error also. In fact, the TRIANGLE believes that Mr. Stern thinks the idea of the letter itself was an error.

THE human mind remains a dark continent, and our people are swayed by propaganda, not the facts. Civilization is calling for pioneers in mental efficiency.

On They March

IT IS a rare occasion when a student as talented in journalism as S. Crawford Bonow enters Drexel. It is a still rarer occasion when such a student finds time to compete for a staff position on the TRIANGLE.

During his four years on the staff of the TRIANGLE Bonow probably contributed more to the advancement of journalism at Drexel than any other person past or present. During the two years which he served as the editor-in-chief of this publication Bonow was a pioneer in the changing field of newspaper make-up.

As well as his fine work in the news columns, Bonow's Chesterfield has been the source of much enjoyment to the student body.

Busy as he was with all this work, Bonow always found time to help even the lowliest reporter with his journalism.

But every one must graduate some day, and that day is fast drawing near for Crawford Bonow.

The TRIANGLE will miss his outstanding work, but hopes its talented ex-editor will find much success in his engineering profession.

Three Cheers!

THE request of William Gittler, chairman of the 1938 Engineer's Ball Committee, that Tau Beta Pi take charge of future committees for the ball is a fine example of clear-headed and unselfish reasoning.

Even though this year's ball was both a financial and social success, the committee has had the foresight to see that the haphazard arrangements made this year might easily have been disastrous.

Realizing that such conditions can only be prevented by better organization, the committee decided to petition Tau Beta Pi. This choice was particularly wise, since Tau Beta Pi is the most comprehensive of the engineering societies.

In accepting the responsibility for Tau Beta Pi, Milton Shaw, president of the organization, expressed himself as being in complete accordance with the committee's views.

Under the new plan for organizing the ball committee, Tau Beta Pi will arrange a time and place for the initial meeting of the representatives of the individual engineering societies.

Operating under Tau Beta Pi supervision it is hoped that this function will find an important place on the Drexel social calendar for many years to come.

THE OBSERVER

Sees Student Council behind 8-ball— Criticizes President's Policies—Discusses Communism and Fascism—

STUDENT COUNCIL seems to be behind the eight-ball because of the smoker held, or should I say, thrown, for the men two weeks ago.

The PROMOTION of education is a worthy cause, but the proposal to spend nearly a million dollars for Federal grants to publicly supported educational institutions is hard to swallow.

Our PRESIDENT feels that only three billion dollars will be necessary to prime the pump this time as compared to the last costly experiment which required more than sixteen billion dollars.

In 1915 the total public debt of the United States Government was one billion dollars, but now is getting close to the forty-billion dollar mark.

WHENEVER anyone mentions communism, listeners begin to smile and look wise. Unfortunately ignoring the question will not produce an answer.

AND NOW to strike close to home. It would be interesting to know who suggested placing such books as "The Story of the Five Year Plan, the New Russia's Primer," by M. Lin, on the required reading list for South Philadelphia High School for Girls.

MARTIN: Court Courtin's

THE following information was obtained by our guest columnist, "The Two Toms," after (so they say) a very complete and comprehensive survey was made—conducted in the same efficient manner as that of the TRIANGLE's last week.

Survey Brings to the Front:

One of our Professors, from the department that teaches the language that is most commonly spoken at Drexel (English, to you freshmen and Engineers).

Survey Proves:

That the Editor of our 1938 Lixerid is not a Nazi, nor is he related to Hitler as many of you think.

That the column which contains the most "Is" is written by one who is loved by all (her family) and deals with what goes on in that area encircled by the balconies.

That it was the piano which was out of tune when one of our lassies attempted to sing "Please Be Kind" at the Larry Clinton try-out Monday afternoon.

That we are all wrong some time or another. When the statues were recently removed from the Great Court, our Master-mind Politician of the freshmen class (the one who received the lovely write-up in last issue of the Drexler) was picked up by mistake and carried half way out before the error was discovered—or was it an error?

That wonders never cease: Drexel Tech on Larry Clinton's Saturday Night Program.

Survey Reveals Secret Ambitions and Wishes:

Pi Kappa Phi as the Fraternity on the Drexel Campus.

No 9 o'clock classes.

Elevators to fourth floor.

Later Hours for all Dorm Girls.

Survey Undermines Motives Behind Love Making:

Reports show that football men at Drexel are more susceptible to certain blondes than are other abnormal types.

Perhaps a few of the girls could make use of the reply as we think it may answer their problems . . . or would it?

I don't love you anymore.

I know this breaks your true heart, dear.

What I'm doing is not right.

I saw you with last night.

Survey Pictures the Future:

Eddie Cox following his talented vocation—maning a fruit store and polishing apples.

Ray Barley—the leading politician of Gap, Pa. (its only inhabitant).

Survey Sees Daily:

Jo Mather in 30th Street Station counting women's stockings. What an occupation.

Harral and Birkinbine doing their complicated dance arrangement through the crowded Court.

Survey Hears Daily:

Nye Spencer—"Where's Prudy?"

Prudence Earle—"Where's Nye?"

Bill Chew—"Go in to Smokey's?"

Earl Dalby—"You're simply gorgeous."

Diek Ballinger—"How about coming out for the Senior Revue?"

Survey Fails to Reveal:

Whether Diek McCloskey has a date to go with his new "Tux."

The Mailbag

Stern replies to TRIANGLE editorial on Sports Program—Shaw answers Gittler's letter on Engineer's Ball

(See Editorial) To the Editor of the Triangle:

Since it did not rain on April 26 last year, and since it did not rain the year before on this day, the Triangle also assumed that it would not rain on April 26 this year.

Such is the present position of the Triangle. The Triangle claims that the Interfraternity Council was approached in past years with a suggestion that it conduct a ping pong tournament. This may be true.

The Triangle then assumed that the Council would not conduct such a competition this year. Had the Triangle approached the Council last term either officially at any one of its meetings through any one of the representatives to the Council or through the Sports Chairman, it would have been informed that the Council was considering ping-pong, baseball (hard and soft ball), a darts tournament, bowling, and sports day.

But the Triangle did not approach the Council until after it made its announcements of the tournaments it intended to conduct.

The Council made its final selections, ping-pong, soft ball, and bowling, last term, still before the announcement that the Triangle would conduct a ping pong and dart tournament. After the Triangle made its announcement, it suddenly discovered the intentions of the Council and to save its face, one of the representatives approached me for an explanation.

How the Triangle made its arrangements, I do not know. The proper way for the Triangle to make its arrangements would have been through the Council since the Triangle should be informed by now that the Council does conduct all Interfraternity competition.

Had this approach been made, the Triangle's error would have been prevented and an agreement could have been reached. Then, the "well-arranged" Triangle schedule would not have interfered with the "haphazardly - arranged" Interfraternity Council schedule.

Since the Interfraternity Council has no authority to conduct or regulate its own sports events, it is in a position to advise the Triangle of its intentions.

(By presenting the coupon at the bottom of this column you may receive a copy of this letter.)

Perhaps a few of the girls could make use of the reply as we think it may answer their problems . . . or would it?

Casanova: I don't love you anymore.

I've found somebody new— One grows tired of many things, And I've grown tired of you.

I know this breaks your true heart, dear, What I'm doing is not right.

So weep your heart out to that Blond; I saw you with last night.

Sincerely,

Survey Pictures the Future:

Eddie Cox following his talented vocation—maning a fruit store and polishing apples.

Ray Barley—the leading politician of Gap, Pa. (its only inhabitant).

Survey Sees Daily:

Jo Mather in 30th Street Station counting women's stockings. What an occupation.

Harral and Birkinbine doing their complicated dance arrangement through the crowded Court.

Survey Hears Daily:

Nye Spencer—"Where's Prudy?"

Prudence Earle—"Where's Nye?"

Bill Chew—"Go in to Smokey's?"

Earl Dalby—"You're simply gorgeous."

Diek Ballinger—"How about coming out for the Senior Revue?"

Survey Fails to Reveal:

Whether Diek McCloskey has a date to go with his new "Tux."

What Ed Pollitt, a Bus. Ad., carries around in his brief case.

Why all the girls fall for Joe Knapp.

What causes Roy Zook to lose his hair.

The origin of the lipstick on Ed Hale's shirt.

Survey Has Just Revealed:

The quickest way out of town. So long, folks.

Two Toms: Laughlin McMillen

Coed Rambles

Lace reigns as queen for evening dress—White, black, and pastel shades prove most popular for formal wear—Accessories widely used—

(by Reba I. Edelman) As TONIGHT will see you sliding and gliding at the big event of the term, and as, beginning next week, you will be rushed at all those fraternity dances, we think it quite proper to give you, here and now, a bit of info' as to the newest and loveliest in dance frocks.

One of the outstanding features of this season's evening clothes is the use which is made of the fascinating fabrics.

Lace reigns as queen, but crisp and sheer marquise, mousseline de soie, and net are regally holding their own, too.

Clifton, tulle, organdy, bengaline, crepe, and the cool cottons, such as pique, seersucker, gingham, and linen, follow as favorites.

As far as colors are concerned, white and black (or a combination of both) rule supreme.

However, close seconds are navy blue and the lovely pastels—dusty pink and blue, lettuce green, chardreuse, periwinkle, orchid, lemon, citron, and cornflower.

Often a gown is shown in one color, with a slight accent on colored accessories.

Then again, it may be two- or three-toned, with stripes or dainty flowers, or with contrasting jackets and boleros.

But the accent does seem to lie in dainty colors, to emphasize flowing, graceful, lines.

Towering far above fabric and color emphasis, is the use of line. This is where each gown finds its intrinsic value, and brings out the best in any girl's personality.

The characteristic decolletage appears to borrow from the Empire and the Victorian period.

We find innumerable strapless gowns (ingenious in-boned corsets secure the gowns and further help to slenderize the midriff).

Wanamaker's favors another clever device, in the crossing of narrow velvet neck straps, to form an engaging little choker, in true Victorian style.

RAMBLES Continued on Page 4, Column 1

...and how it grew and grew! In 1891 this writing desk type telephone was installed in a Long Island general store. It was a good telephone, but it could be connected with only a part of the Bell System's 250,000 telephones in the country at that time.

BELL TELEPHONE SYSTEM

### Dragon Nine Scores Easy Win Over Swarthmore

SCORING six runs between them, Walt Ehmling and Warfel split honors to bring the Tech nine an easy 15-4 win over a weak Swarthmore team.

Opening the first inning, Bill Graf's hard slugged double and one of Walt's well-known homers brought the score to 3-0 in favor of the invaders. Warfel, Lignelli, and Ehmling let loose in the second to add up four more points against the defenseless Garnets.

Table with columns for Drexel and Swarthmore players and their statistics (runs, hits, errors).

Two-base hits—Graf, Ehmling, 3. Home run—Ehmling. Sacrifices—Zimmers, 2; Lignelli, 2. Struck out—Zimmers, 2; McCone, 3; Crothers, 1. Base on balls—off Zimmers, 1; Evans, 2; Worth, 2; McCone, 1; Crothers, 1. Double play—Johnson to Warfel. Stolen bases—Graf, Warfel, Wolf, Ehmling. Time—2:40. Umpire—Cooper.

### Tech Maids Bow To Rosemont Racquets

DREXEL coeds traveled to Rosemont April 28 where they bowed to the racquets of the mighty Rosemont team to the tune of 3-2. The home team was unable to come up to the Drexel racqueters in the singles and were able to take only one of the three matches. By taking the double matches Rosemont pushed ahead of the Dragonettes and won by a narrow margin of one.

One of the closest and hardest fought matches of the five was played between Camilla Gill, Drexel's No. 1 player, and Margie Dives, Rosemont's No. 1 in their singles matches. Gill took the first match 6-4. The second match between these two aces was long and drawn out, but Diver was not able to surpass the skillful technique of her opponent and lost this match also, 10-8. Drexel's No. 2 player, Evelyn Morgan, took her first set from Edna Tobin, No. 2 for Rosemont. However, Tobin won the other two sets to get the match for the home team.

### Halas Predicts Champion Eleven

FRESH from the best off-season practice that the Dragons of Drexel ever went through, Coach Halas says of the 1938 football squad, "The team looks to be the strongest that Drexel has ever had. Despite the fact that we are losing five of the regular varsity squad, the club is strong enough in reserve strength to turn in a record that will match that made by the eleven last season."

Coach Halas believes that the going will be tougher for the '38 club because the Dragons fought to the top in the first year that they were in the league. Consequently, the remaining teams will be exceptionally anxious to "knock Tech out of the championship," as assistant coach Larry McMains puts it.

47 Men Report In the recently concluded spring practice 47 men on the squad reported regularly. Coach McMains split the men into two groups so that each member of the squad was able to receive individual coaching.

"Horse" Chase, the guest line coach from Pitt, assisted Tech's coaching staff to make one of the strongest lines for this year's squad that the Dragons have ever seen. With such a line and well coached backfield, that Drexel now has, the squad should keep that top rung in the championship ladder regardless of strength of competition.

This year Tech is losing co-captains Bill Graf and George Baker along with Merrill Frederiek, Matt Donaldson, and Bill Shaffer. Elwood Conard may not be able to play on the '38 squad because of ineligibility. Of the men who are coming back is Ken Rogers, a letterman of two years ago, who will be on the squad this fall and very likely will be first string candidate for the end position, depending upon the eligibility of Conard.

Williams Shifted to Center Glen "Wee Willie" Williams was shifted successfully from the backfield to offensive center and defensive guard. This move put Captain Bill Harwick at offensive guard and defensive center. Bill Whitley, who has been jinxed by injuries for two years will return next fall and will probably have a great deal to say regarding the center position.

Freshmen Promising The promising freshmen and Junior Varsity backs are George Roth, Harvey Johnson, Frank Perry, and Bill Bozarth. The most improved player during spring football practice among the junior varsity men is Frank Perry, a hundred and eighty pound fullback, who will unquestionably give Harvey Johnson and Bill Lignelli a run for the fullback position. Of the other freshmen fullbacks may be mentioned Al Frost, Art Watts, Mule Mianulli, Bill Singluff, and Walt Halas.

### F & M Favorite for EPCA Track Championship

DREXEL's chances of retaining the E.P.C.A. track championship which they won last year are only fair according to Coach Leonard. The Dragon cindersmen will defend the title this Saturday afternoon when they meet F. & M., Gettysburg, Muhlenberg, and Ursinus on the F. & M. field.

### Phi K Bs Top Interfrat Ten Pin Match

TOPPING the interfraternity bowling league with ten out of twelve games won, the Phi K Bs nosed out last year's champs, the Pi Kaps, to take the lead in the third week of play. Second in the fray are the Mus who came up from fourth position with the average five out of eight games won.

Table showing bowling league standings with columns for team, W, L, Av.

### Pi Kaps Fall Before Mu's Strong Paddles

The ALPHA UPSILON MU fraternity has retained its lead in the Blue Division of the Triangle Ping Pong Tournament by virtue of its 4-1 victory over the Pi Kaps last Monday night at the Mu house. In the singles Bonow defeated Jones in straight games. Schwartz took Cook in the same manner. The Pi Kaps scored their lone match point when Haislip defeated Polites in a three game match.

Table showing league standing for Blue and Gold Divisions with columns for team and wins/losses.

### Mus Hold Lead In Triangle Dart Tourney

THIS week's dart matches in the Triangle tournament left the Phi K Bs and the Delta Sig Frats each having three more points than before at the expense of the House of Crooker and the Alpha Pi Lambdas.

The other match played last Monday was between the Alpha Pi Lambdas and the Delta Sigma Alpha fraternity. The Delta Sigs pulled themselves out of the rut considerably by taking three points to the one they allowed the "Apple Pies." The three points were obtained by their winning two out of the three games and also having the highest in total runs for the evening.

### Campus Camera

Humorous cartoon titled 'Campus Camera' featuring Mrs. Sue Lee Gunter and a student. Mrs. Gunter has attended 1000 dances but has never danced at one of them. The cartoon includes a sign for 'BIG LEAGUES' and a caption: 'FORDHAM HAS SENT 35 BALL PLAYERS TO THE BIG LEAGUES!'.

### CAMPUS CAPERS

THERE is a no-smoking rule at Ohio State University and this is the note the janitor put on the blackboard of the Commerce building.

### Dragon Netmen Defeat M-berg Squad 5-3

The DRAGON tennis team finally crashed through with a victory defeating the Muhlenberg squad 5-3. In the singles matches the Dragons showed their superiority by taking three of the five matches played. Schneider of Drexel defeated Pichaskie of Muhlenberg 6-4, 6-2. Captain Berlinghof of Drexel was defeated in his match with Goldsmith 6-0, 2-6, 1-6. Shimp was victorious over Reinhart 6-4, 3-6, 6-4 and Blackstone won from Hultsch 6-3, 6-4, to give the Dragon two more points. Spitz lost the last singles match to M-berg's Hollenbach 7-5, 6-4.

In the doubles matches Drexel also held the edge 2-1. Berlinghof and Schneider defeated Redden and Hollenbach 2-6, 7-5, 11-9. Robin and Verhaaren of Drexel dropped their match to Pichaskie and Reinhart 6-0, 6-3. Shimp and Snyder came back strong for Drexel however to take the last doubles match from Stewart and Collins 6-2, 7-5.

### Tech Bowlers Compete In Penn Relay Matches

In the PENN RELAY Invitation Bowling tournament, the Techmen finished with a 0.666 average. Lafayette trimmed the locals 1569 to 1428 pins. The Philadelphia College of Osteopathy and the University of Scranton fell before the Dragons by scores of 1459-1387 pins and 1358 to 1288.

### Doing the Stage

Jeeter Lester

John Barton

“TOBACCO ROAD,” the outstanding stage success of the last twenty years, will be presented at the Erlanger Theatre, Philadelphia, for a limited engagement starting Monday night, May 9. John Barton heads the cast of the company which is on its third coast-to-coast tour of the larger cities of the country. This is the only company presenting “Tobacco Road” on tour.

Written by Jack Kirkland and based on the celebrated novel of the same name by Erskine Caldwell “Tobacco Road” has stirred more discussion than any other stage play of many years. Its phenomenal success is attributed to the fact that it shows a truthful section of life among the penniless share-croppers of the back country of Georgia. It is now in its fifth year on Broadway and its lengthy run has been equalled by only one other play, “Abie’s Irish Rose,” in the entire history of the American theatre. It has been presented in more than 175 of the larger cities of the country, including, as well as Philadelphia, Boston, Baltimore, Pittsburgh, Chicago, Detroit, Cleveland, San Francisco, Los Angeles, Seattle, Cincinnati, St. Louis, and Washington.

“Tobacco Road” takes a typical family of tenant farmers living in squalor and poverty, ignorant of everything but sex and religion, and shows the humor and the drama to be found in the routine of their daily lives. So powerful is this drama that leading newspapers throughout the country editorially pronounced “Tobacco Road” to be “the epic American play.”

John Barton will have the central role of Jeeter Lester, the middle-aged, shrewd, philosophic, lazy share-cropper. Associate artists include Leora Thatcher as Ada, the wife, whose only desire is “A stylish dress to be buried in”; Patricia Quinn as Sister Bessie, the middle-aged missionary who induces the 16-year-old Dude, played by Pitt Herbert, to marry her by promising him a new automobile with a horn on it.

### Rambles

Continued from Page 2

torian style. The top of the gown, the waist, and the hem is banded in the same velvet, which gently contrasts the general color of the gown. With a strikingly simple, sculptured bodice, a skirt billows (like a hoop-skirt) over a stiffened organdy petticoat, with stiffened flounces embroidered in contrasting colored rieur design. A stiffened black lace, sports a heart-shaped, strapless, decolletage, with a graceful skirt billowing out around a stiffened hemline. A wide black grosgrain belt completes the striking outfit. Softer, yet equally entrancing, is a gown called “Smoke.” Of black and white and gray soft organdy, a basque bodice is suspended from narrow shoestring shoulder straps. The skirt is also billowing, and scattered all over with tiny velvet bows-knots. A form-fitting black lace gown flaunts perpendicular ruffles on the skirt, and matches them with a frou-frou shawl. A halter-necked, swirling skirted, navy lace, has a crisp little white cotton lace bolero. A huge scalloped border of black lace matches a bolero on a voluminous-skirted crisp white marquisette. Over a slim black bengaline gown, is a fitted cutaway dinner jacket with shirred, elbow-length sleeves. The “Gibson Girl” makes its appearance in a shirtwaist top of red, black, and purple striped chiffon, big balloon sleeves, and dinner-length black crepe skirt with a high, crushed, girdle-like cummerbund, and deep, soft pleats falling to the floor.

As to accessories, most gowns carry enormous flowers at the waist or low decolletage. Empire jewels and gold chains enhance pretty necks and wrists. Turban-banded sandals in multi-colors, beautifully port, slender ankles. Lace mittens conform to the color scheme of the gown. Loose back-pleated, box jackets, finger-tip length, protect bare shoulders from the chilly breezes of early spring evenings (if the gown does not already flaunt its own jacket). And lastly, have a “brushed-up in the back” hair-do. It does look so nice with formal clothes! And so off to a swell evening.

### Palissy Ware Platter

REALISM riots in the design of a large Palissy ware platter to be found in Case 9 on the south balcony.

In high relief, fish, snake, turtle, frog, moth, crawfish, lizards, shells and leaves enliven the highly glazed surface.

The antithesis of a 20th century design simplicity that considers the usability and labor-saving aspects of table and kitchen ware, this extraordinary platter, not at all unusual in its day, was produced by one T. Mourice after designs typical of the work of Bernard Palissy who, in search of Oriental pottery secrets, began an art all his own that spread from France into several European countries and was fostered by kings and other aristocrats for several centuries.

Impressed as he was by all that he saw, it was neither a great cathedral nor a great painting that turned the tide of his life, but a little vase so extraordinary in its craftsmanship that the young artist spent 15 years searching for its secret. Some say that it was a bit of maiolica, others that it may have been Chinese.

Encountering pioneer difficulties and lack of public interest, the potter-designer with the tenacity of a crusader impoverished himself to perfect his craft. But let him tell the story in his own words:

“Running short of wood,” he writes, “I was obliged to burn the palings which maintained the boundaries of my garden, the which after being burnt I had to burn the tables and the flooring of my house in order to cause the melting of the second composition. I was in such agony as I cannot express, for I was utterly exhausted and withered up by my work and the heat of the furnace; during more than a month my shirt had never been dry upon me; even those who ought to have helped me ran crying through the town that I was burning the planks of my floor so that I was made to lose my credit, and was thought to be mad. Others said that I was trying to coin false money, and I went about crouching to the earth like one ashamed.”

Marbled enamel followed the white and was used to surface the extraordinarily naturalistic objects with which Palissy decorated his plates. Such platters, now curiosities in the museums of the world, were highly prized by housewives even as late as the last century. The intricacies of their design, however, would scandalize the sanitary-minded labor-saving instincts of the modern woman.

## ALONG FRATERNITY ROW

Spring formals planned by all groups—  
Kappa Phi Deltas initiate—Gilbert to lead  
Delta Sigs—Pi Lambdas initiate—

### News of the Greeks

#### Kappa Phi Delta

The Kappa Phi Delta Fraternity will lead the fraternity social derby under the wire as they hold their Spring Formal dinner dance tomorrow night at the Holmesburg Country Club. Chairman of the committee, Henry Abramson, was assisted by four seniors in planning the affair. Guests of the fraternity will be Mr. and Mrs. Hannah and Mr. and Mrs. Peck.

Tonight the Phi Deltas will informally initiate five men into their brotherhood. They are J. Ackeremann, Morton Sultenoff, Irving Spindel, Milton London, and Morton Bierman. Formal initiation will be held next Tuesday evening.

#### Delta Sigma Alpha

Delta Sigma Alpha Fraternity elected John Jacob Gilbert to the presidency of the chapter for the coming year as they elected their officers at the last meeting. The results were: president, John J. Gilbert; vice-president, William Whitely; secretary, Wilfred Kershaw; treasurer, Norman Roden, sergeant-at-arms, Donald Raugh and alumni secretary, J. Lincoln Hall.

Last Saturday evening, the members enjoyed a dance at the house. The music was supplied by a twenty selection orphonic recording machine. This was a new idea which turned out to be very successful.

#### Alpha Pi Lambda

Last Tuesday Alpha Pi Lambda initiated Robert Hunnewell, John Rehemann, Austin Roser, and Charles Judge into their membership.

#### Phi Kappa Beta

The Phi Kappa Betas held an informal dance at their home last Saturday evening.

#### Pi Kappa Phi

Pi Kappa Phi will honor Mother's Day by having a tea for the visiting parents of the members of the fraternity, Sunday, May 8.

An informal dance at their home will feature the entertainment tomorrow night.

#### Alpha Sigma Alpha

Plans are being made by the Alpha Sigma Alpha sorority for the spring social season.

On Sunday, May 8, the girls are planning to entertain their mothers at a Mothers' Day Tea to be held at the Drexel Lodge from 3 to 5 o'clock. This will be a fine opportunity for the girls and the mothers to become better acquainted.

The week-end, this year, is to be held at the Sea View Hotel in Ocean City, N. J., on May 21 and 22. In honor of the seniors, a farewell dance is planned for June 4. The place for this affair has not yet been

decided.

#### Tri-Sigma

On Tuesday night, May 3, the Tri-Sigs pledged four girls and initiated two. The girls initiated were Billie Gillis and Phyllis Shrum. The girls pledged were Joan Edwards, Dorothy Herbert, Eleanor Ray, and Dorothy Wilson.

The alumni was well represented at the ceremony by Betty Porter and last year's Muriel Nicholson.

On Sunday, May 8, the Tri-Sigs will entertain their mothers at a Mothers' Day Tea at the dorm. This tea is being planned by a committee consisting of Kay Smith, chairman; Elaine Rose, Marykirk Donaldson, Jane Shafer, and Edna Carpenter.

### Week

Continued from Page 1

oughly informed on present conditions believe that the mass of the Japanese people are not in favor of the war, and may soon resist the traditions which have bound them, and rebel. Already signs of dissatisfaction have been manifested in their Diet.

Miss Perkins stated that there was real reason for the war to continue. It is not, as the Japanese would have us believe, a war of expansion; for the Japanese have not colonized territory which they already possess. There is no reason for Japan to control the sources of raw materials, because, in the past, Japan has purchased these materials from China, and sold them back as manufactured goods.

The real motivating power is the desire for prestige, and until the Japanese people rebel against their traditions or the Chinese can be welded into an efficient driving force, there can be no peace.

#### A.I.Ch.E. Hears Critham

Mr. C. H. CRITHAM addressed the Drexel chapter of the A.I.Ch.E. at its monthly meeting last Wednesday. Mr. Critham spoke on the “Properties and Chemistry of Explosives.”

#### Eta Kappa Nu Elects

The BETA ALPHA chapter of Eta Kappa Nu, National Honorary Electrical Engineering Fraternity, recently held their election for next year's officers. Those chosen for office were:

Fred Brown—President  
Warren Colehower—Vice-President  
Fred Lamb—Corresponding Secretary  
Albert Goldman—Treasurer  
Louis Weingarten—Bridge Correspondent.

late any affairs for rooming house students, it should not and did not attempt to conduct any competition that would include these men. Since the Triangle likewise has no authority to conduct or regulate, in duplication, of Interfraternity Competition without approval of the Council, I would like to suggest, that in the future, the Triangle approach the Council before arrangements are made. In this way, competition that will be beneficial to all parties will be developed and resulting competition will help the entire school.

Very truly yours,

Sylvan P. Stern,  
President, Interfraternity Council.

Mr. William Gittler  
Chairman of the 1938 Engineer's Ball Committee

Dear Mr. Gittler:  
The Engineer's Ball of this year was surely a great success, but, as you have suggested, the affair might have been even more successful if the date had been more carefully selected early in the year. I am sure that the Engineer's Ball should be a leading function at Drexel Institute.

Tau Beta Pi appreciates the consideration of the Engineer's Ball committee of this year, and will be glad to take the initiative in getting the affair off to an early start next year. Arrangements will be made so that at the beginning of the next school year a time and place for the initial meeting of the committee will be selected. The various engineering societies will be notified of these arrangements, and they will be requested to have their representatives present at the first meeting. Thus, the committee will be enabled to start work at an early date toward making the Engineer's Ball of next year a great success.

Very truly yours,

M. C. Shaw,  
President, Zeta Chapter of Penna.,  
Tau Beta Pi.
