Women Engineers Sponsor Conference

The Society of Women Engineers of Drexel will sponsor a conference of women engineering students on Saturday, April 2 and Sunday, April 3, 1955 at the Stouffer Hotel, 230 South Broad Street.

The purpose of the conference is to provide a forum where outstanding women engineers can discuss the problems of women in engineering, to search for their solutions, and to inculcate the spirit of joining forces in order to aid women engineers in their ultimate goal of free acceptance on their own merits in the field of engineering.

The conference will be open with welcome addresses from Dr. Crease, Dean Young, Dean Diseke and President Goodwin, followed by the keynote address on "The Part That Girls Can Play," by Dr. Margaret Mead, and Eleanor Greiner, Drexel woman engineering student and George Van Dusen, Swarthmore graduate student. The conference will conclude with a question and answer period.

The highlight of the conference is an address by Mary J. Gildbloom, Woman of the Year in 1948, a pioneer in the scientific management field who has contributed eight honorary degrees, Mrs. Gilbert.

The conference will be open to members of the Society of Women Engineers.

A panel discussion entitled "We Can Be Accepted" has been planned for 2:00 p.m. on Saturday.

Panel members include: Mr. M. M. Buro, Technical Recruiting Division, Grumman Aircraft Engineering Corporation; Mrs. Nancy Lee Cushing, American-Pacific Industrial Corporation; and Mr. John M. Smith, Budd Co., trumpet Enlistees Wanted For Naval Reserves

On the 20th anniversary of the Navy Reserve between the ages of 18 and 25 are the opportunities in Naval Aviation. This program provides for advanced training in the Navy Reserve. When commissioned, the officer will be paid $1215 per month or $395 if married.

Flight training consists of twelve months of principles of flight theory, navigation, aerology, and aviation communications as well as basic programs. There will also be four months of advanced training. If possible, the flight training will be attained by flight training officers specializing in multi-engine or single-engine aircraft.

The Office of Naval Officer Procurement will train men on the campus on the 22nd of March at 8:00 a.m. and 8:00 p.m. in the Great Court to explain the program and to provide information on eighteen other programs open to regular Navy and the Naval Reserve.

Midge Schumann Named Colonel At 20th Annual Military Ball

Midge Schumann, a Home Economics Major of the Class of 1935 and member of the Honorary Society, was named Colonel of the Military Ball Committee for the twentieth annual Military Ball, to be held on Saturday, April 2nd, at 7:30 p.m. at the Bellevue-Stratford Hotel.

Known throughout the school for her many activities, this year's Colonel has been a leader in every phase of student life, from student body President to a member of the Pi Lambda and Theta fraternities. George Ford. Her high school average made her eligible for the voting, and participation in Women's Student Government, Student Union, The Thouri, the Sigma Chi, the Student Senate, and as an officer in the Student Senate, the Alpha Xi Delta, the Panhellenic Association, and the Panhellenic Association of Women, and her dynamic personality were displaying talents in the chorus of the Black (Student) and the Red (Student) groups.

Among the original members were the Alpha Chi Omega and the Alpha Xi Delta, who joined the Alpha Xi Delta and the Alpha Xi Delta fraternities.

For the first several months the members had only a clubroom in the Student Union. Soon, however, they moved to 3318 Race St., one of Drexel's houses. For the members to move to the Student Union, Charles A. Parkard was editor of the Student Leader and president of the Associated Students. A captain was editor of the Student Leader and president of the Associated Students.

Home Ec. Club Ends Meetings At the final Home Economics Club meeting for the winter term, Mrs. Hazel Craig, Drexel alumna and a teacher at the Gallaudet College for the Deaf in Washington, D. C. will speak on "Teaching Home Economics in the Outdoors." The meeting will be held on Thursday, March 15, at 7:15 p.m. at the Drexel Club.

To the students and staff of the club, we wish you to come and join us for this meeting. We hope you will be able to attend and to have your questions answered.

We ask the cooperation of all of you with our future services. We want you to help us to help all.

"South the Archer"

Clyde and many of the faculty, increasing the size of the group. Chairmen of the freshmen group are also chairman of the group during the spring meeting. The members of the committee have received many compliments from the women of the group during their enjoyable evening conversation with the music of Buddy Wilkins. On behalf of Scullard and Blakes, President Ford would like to welcome everyone to next year's Military Ball.

Religion in Life Week Ends With Many Issues Cleared

A better understanding of every man's religion was the accomplished purpose of this year's Religion in Life Week, sponsored by the representatives of all faiths on the campus.

During the past week, the following principal events took place introduced by a Saturday tea; an excellent sermon on "The History of Judaism" led by Rabbi Gorden; a thought-provoking discussion on "Science and Religion" by Dr. Calvert; Mr. William Sharp, Jr. and Dr. Raymond Rebro, Manager of Industrial Relations of Baldwin Locomotive Works.

Pennsylvania, will speak on the important personal subject of "Industrial Relations." 

Religion in Life Week Ends With Many Issues Cleared

A better understanding of every man's religion was the accomplished purpose of this year's Religion in Life Week, sponsored by the representatives of all faiths on the campus.

The ever-popular "Bull Sessions" reached their peak during the week. The Independent Women's group had a session with Miss Isabel Sampson, Lambda Chi Alpha, Tau Kappa Epsilon, Sigma Alpha Mu and Phi Tau Delta also sponsored several talk shows over with Mr. Lucius Hall, Mr. Joseph Green, Rabbi Green, and the Reverend Starman. Sessions at Pi Kappa Alpha, Phi Beta Kappa and Thalas Chi fraternities featured the meeting of opinions with the Reverends Leon A. Hersey, Jr., Robert Keightlon, and the Reverend Dr. Raymond Bohn.

Blood Drive Opens Soon

The Red Cross drive conducted by Alpha Phi Omega was an effort made solely for the purpose of collecting adequate amounts of blood and plasma for the support of its humanitarian organization. The goal of this organization will issue a call for a much needed Blood Drive. All students who wish to participate in the drive will be held next Tuesday and Wednesday from 12:00 noon to 1:00 p.m. and at 7:30 p.m. in the auditorium.

Olga R. Michaels has recently acquired the title of National Alpha Sigma Alpha Girl of 1948 by winning the National Eleanor Clark Award of the national organization.

Charlotte is well remembered at Drexel because of her active participation in school activities. Even as a freshman, "Mike" has been heard in the halls. She won the Alexander Van Remsshell scholarship then, and again in sophomore and junior years. The program included classes, concerts, the student newspaper, the cheerleading squad, the debating club, and the Glue Club for four years. "Mike" is co-chairman of Freshman Glee and co-president of the Glue Club for two years.

Funds raised at the card party will be used to support the loan fund, the Spanish-American War Charities, the J. Peterson Ryder Award, and Pi Nu Epsilon, music honorary society; and to support the income, music honorary society.

Olga R. Michaels, '48

in Ann Arbor Colleges and Universities in 1948.

Since March, 1948, "Mike" has been working as Assistant Treasurer of Garfield Publishing Company. Although her athletic activities at the present time are confined to setting up exercises, "Mike" is still a honey young lady. She is studying shorthand and has started graduate work in Statistics at Temple University.

I nvestigations of the Philadelphia society for crippled children and adults, indicate that more than 35,000 children in the United States are crippled, either through birth, accident or disease. The total number of handicapped persons is estimated at 20,000,000. These figures reveal the scope of the health problem, which is being met through the services of charitable and public agencies. The National Society for Crippled Children and Adults, and its more than 2,000 state and local affiliated units, including the Philadelphia Society for Crippled Children and Adults, are such agencies.

Funds raised through the Easter Seal Sale are the only financial resources of these societies. Only by securing the necessary contribution of its services to the crippled be continued, and only through these services can the national and rehabilitation problems be negated.

The 1948 Easter Seal Sale will open on March 17 and will end on Easter Sunday, April 17.

A I Ch E is Host
To Area Colleges

On Wednesday, March 2, the Drexel Student Chapter of the American Institute of Chemical Engineers was the speaker for the evening. Mr. Harper was an instructive lecturer on the proper techniques of the engineer. He pointed out the need for good technical training and also emphasized the importance of a sound engineering education.

Members of the skating expedition to Skyline Inn at Mount Pocono returned safely after a hard winter weather over the weekend, the trip was successful.

The theme of the party was "The Best of Both Worlds," and as usual the guests, both men and women, enjoyed themselves.

Successfull Weekend
Spent by Spartans

In an effort to provide its members with bigger and better activities, the IZFA chapters of Drexel, Temple, Penn, College of Pharmacy, Swarthmore, and other schools in the vicinity have formed a centralized organization. The IZFA chapters of Drexel, Temple, Penn, College of Pharmacy, Swarthmore, and other schools in the vicinity have formed a centralized organization. Its latest combined activity is the second annual "Danam Dance." Featured at the dance will be Jay Jerome and his Orchestra. Jay is popular on the campus, tomorrow morning, and for having the knowledge to make his department's activities with the other departments of the company through his executive capacity.

Mr. Jones also stressed the fact that a Comptroller must be more than just an accountant concerned with only department's activities. In answer to the question "What is the difference between a Comptroller and a Controller?" Mr. Jones made it clear that as far as he knew one was spelled with an "a" and the other with an "o." The speaker was made available through the efforts of Mr. Philip Gith, Treasurer and Director of the Johnson and Johnson Company, Inc., who is Chairman of the Educational Committee for the Drexel Institute of America—Philadelphia Control.
That horrible gnomes has settled ever our Court once again. Yes, the final school is coming on. No. We are to go to school. We will leave ever the home of.

The新陈代谢 of one of our favorite Countercutter-度 Students-—Mom Scumman— on being held in a Soviet held state is not as bad as the Military Ball! The silver Polish induction hall was a big best in their last role. That was really a terrific crowd and ever a few alums were seen. Gene Kraler and Leo Hair were two that made their way to the dance floor.

The Salvages had another brawl the other night and so there ended up by sending them their dates. But this time the tables were turned and their dates, led by Ginny and Jeanette, surrendered them in return.

Seems as though Penn's Spring Prom is stealing some of our gals for a weekend. Roy Karchner, Lari Brind, Sue Swartwout and Jan Sutherland are a few who will attend.

There were lots of swell parties on the campus last weekend—weren't there? The juniors were properly entertained by Bob Anderson and his blind jokes and Bob Frank and his daffy definitions. Other entertainment was provided to a very interested audience by Bud Clarke, Roy Wagner and Dave Hart.

The freshmen also broke loose and had themselves a swell time out at the halls and in the Court, this is "RELIGION IN LIFE" week. If any of you have any doubts or questions about the other guy's religion, now is the time to get them all straightened out. Free booklets are available in the halls and in the Court, and. in glancing through them, we managed to enlighten ourselves on the present and into some duds that were presentable enough for school wear. We gathered a min-ionotsort of books and slide rules and stole out of the house without the breakfast that he was sure he would not be able to digest.

In his first class, for which he was late, he studied his math for third period. In physics he went ever further and did math problems. Are we observing the typical reactions of a serious Drexel student before an exam? And the symptoms we diagnose are correct? Johnny is entering his third class and the instructor is passing out white booklets.

We look with approval as Johnson series an exam book and dives for the nearest bench and starts scribbling madly. Maybe, he knows something about this course after all. After a little while we see he has stopped. His face seems to mirror an utterly blank look. Typical Drexel engineer. More grip for the mill, and more red ink in the Registrar's office.

Johnny felt as if he were dying. This was one of those mornings on which his principal concern was not if he could feel better, but rather, how long he would linger. He was sick in the stomach, the head, and at heart. In addition he didn't feel so small portions too.

Notwithstanding this, he forced himself through his morning rituals and into some duds that were presentable enough for school wear. He gathered a min-ionotsort of books and slide rules and stole out of the house without the breakfast that he was sure he would not be able to digest.

We are truly Johnny's brother's keeper.
Dragons Down Ursinus 69-66 to Eliminate Bears from Playoffs

Schwab Pacs Dragons to Triumph with 18 Points; Wagner, MacCart and Laskus Hit Double Figures to Ensure Victory

by Joe Keyes

ByWithholding "Jabo" Jaliloui, the Dragon eager won their first undisputed conference game last Saturday by beating Ursinus 69-66 on the home court in the concluding game of the '49 season.

The victory spoiled the Rees' chances of playing in the post-season play-offs and presented a three-way tie for third place in the conference between Haverford, Delaware and Ursinus. All Southern Division, M.A.C. games have now been played.

If the Chasenian had been able to keep all their hard-fought victories, a tie for second place with Swarthmore would have resulted, and the Blue and Gold would have been well represented in the contest for the Starr trophy, March 11 of the Lower Millfield League.

The final outcome of the game depended upon the ability to convert penalty shots. Both teams managed to drop 28 field goals through the hoop. From the charity line the Dragons shot 16 and made 13 of them. They also waives 5 in the closing minutes of the game.

Roy Vagner broke the deadlock for only one goal from the floor, chalked up 5 for 6 on the line and waived one. McFaul and Fryer made one of two attempts, and Laskus made six of six.

Jules Schwab, g 8
MacCart, g 6

The Blue and Gold w « w »uld have been well represented in the contest for the Starr trophy, third place in the conference between Haverford, Delaware and Ursinus. All Southern Division, M.A.C. games have been played.

\[\text{Golf Team Opens Apr. 20} \]

Old man Winter has not yet spent his wrath, but certain events around the area place that the long anticipated Springtime is not far off. For the past two months, Joe Kallorus, able coach of Drexel's golf team, has donated a couple of hours of his time to the two teams who were invited to play in the golf tournament.

UNIVERSITY OF DELAWARE, g 9

and managed to hold off with 2 points

Evidently some people were interested in the golf matches. The score was 93-37 for the season was 10.6 and 9.4.

\[\text{Your Personal Stake} \]

Nearly one out of every 100 Pennsylvanians either works for this company or has money invested in Bell Telephone securities . . . and nearly 99 out of every 100 Pennsylvanians rely upon telephone service for conveniences, pleasure, emergencies, or business.

Almost every Pennsylvanian has a personal stake, directly or indirectly, in the welfare of the telephone business.

The Bell Telephone Company of Pennsylvania
Netters Hold Early Practice

Another tennis season is almost upon us. Indoor drill has been in progress for the men's tennis team for quite some time and Coach David Pennerich is busy preparing his charges for the opening game with Scarthmore on April 23.

Pennerich, the Philadelphia's top tennis player, will be starting his third year as coach at Drexel. A veteran of tournament play and eastern courts, Pennerich first starred on the Temple University courts in 1930 and captained his team in 1931. Among recent triumphs was the Eastern States Clay Courts Title in 1946. The West Philadelphia tennis star who plans to retain his amateur status ranks high in the Middle Atlantic States. A veteran of the Phila. Public Court Championships, our coach has represented Phila. throughout the country in the National Park Tournaments.

Coach Pennerich will be due to better his fine record of over 90% which his team set last year. His prospects of accomplishing this are great as all members of last year's team plus numerous new candidates have turned out for practice. Returning members are: Matt Farnie, Harold School, James Schneier, George Hemphill, Archie Knuile, and Al Tingen.

A tough 11 game schedule will face the netters this year:

April 23 Scarthmore Home
10 Maryland Home
27 Ursinus Home
10 Swarthmore Home
10 Haverford Away
10 Muhlenberg Away
10 Haverford Home
27 Temple Home

Ursinus

(Continued from Page 4)

with 12 and 13 points respectively. This tied the score of the Kallaren at a total of 10 wins and 3 losses. The boys are in a three way tie for first place in the Southern Division of the M.A.C.—and there been a play-off. The Junior Dragons would have probably gone on to cinch the crown. The gals! Congrats to the Bowling Team for unseating University of Pennsylvania by 109 points this past Wednesday, on the opponent's alley! Virginia Steele-Hales had the high game of 160 and also had the highest total of three games—488. The five highest scores for each game were added up for each team total. The scores were as follows:

DREXEL-- Took 2nd and 3rd place.
Steele-Hales 148 144 144 436
Hobbs 139 136 134 409
Haskett 130 120 120 470
Ward 126 124 124 374
Kilgore 124 141 119 384

THETA CHI-- Field House
G-P-F-P
Miller 1 0 2 10 Lockett 0 0 0 1
Miller 1 0 2 11 Hopp 0 0 0 7
Miller 1 0 2 10 Lockett 0 0 0 1
Miller 1 0 2 11 Hopp 0 0 0 7

Half-time—Fieldhouse, 28-14. Ursinus Boys were way out at half-time with their 11 points. Betty Prouty gets set to score another two points for the Drexonettes.

I-F Champs Win CommutersLeague

By Walt Ellman

The "Big Red" of Theta Chi, EF-101, continued to roll along as they won and outpointed the Commuter League champs from the Fieldhouse 46-31, in a sheltered on Wednesday afternoon in the gym.

The enthusiasm of the crowd was the deciding factor as Referees Ivy Zipple and George Nelson called only 10 fouls. Twenty-five of these were against the football players from the Fieldhouse. Curtis Gray sounded like Broad and Chestnut St., during the rush hours most of the afternoon's furtivities. Theta Chi made 16 of their 22 free-throws and this enabled them to stay in the lead throughout the contest. Fieldhouse counted three out of nine. "Dave" Slayton's men hit the nets for 15 goals from the floor and the Fieldhouse shooters hit for 14 two pointers.

Bobbie Brown led the I-F champs in the scoring department with field goal and seven free-throws for eleven markers. Spahr inched Bob by one point as he rolled up 12 tallies on six double-deckers. George Strozniak dropped in nine tallies for Theta Chi while Matt Pastalanec was second in scoring for the Commuters with seven.

 Theta Chi led from the outset as Bobbie Brown set the ball rolling with a point in two and Dick Russ banked one in to make it 2-0. The "Big Red" were in complete control of the situation from then on as the half had a comfortable margin.

The team won their first and last two meets this season and still has to win N.Y.U. next week at Wheatman Hall. The candidates for the Intercollegiates tomorrow are:

Theta Chi--50 yard backstroke--Betty Prouty

Fieldhouse--100 yard freestyle--Rita Gish

Hofstra--100 yard medley relay--Theta Chi

Swarthmore--150 yard medley relay--Theta Chi

Hoffman--100 yard breast stroke--Theta Chi

Fieldhouse--200 yard freestyle--Theta Chi

Fieldhouse Wins Commuters League

Last Monday the deciding tilt in the rugged and tumble Commuters League was played between the Sonneier and the Fieldhouse teams.

The game from out at the fieldhouse won by a 20-and-carry to sew up the initial position.

The Fieldhouse boys were way out in front (24:34) at the half period, and wasted into the final decision.

Spahse was the big gun for the victors with 6 and 1 for 13 tallies. He was closely followed by Koloshauski with 10 and Pastalanec with 9.

The losers were expertly paced by Petriky who had 6 and 2 for 14 points.

This game was particularly clean with only a few fouls detected by the alert officials. The victory for the Fieldhouse boys is not an empty paper honor. An award has been devided for the members of the champion team in the league. This Commuters Basketball award will go this year to Charlie Pasalanec, Dick Spahse, Bill Turner, Matt Pastalanec, Bill Lockel, Joe Bigelow, Joe Hefferman, and Ray Garber. The champs were coached by Tom Price and John Racine, who will share in the honors.

We are glad to see the ardent growth of intramural sports at Drexel. The five teams participating have added to their college life and personal enjoyment the sports that is usually lacking at D.I.T., save for the admirable inter-fraternity league. We hope to see the growth and development of a wellrounded intramural athletic program at Drexel Tech.

Fieldhouse Wins COMMUTERS LEAGUE

**Librarian Receives S. India Appointment**

A Drexel-trained library expert will be the first regularly appointed American librarian to bring the story of America to populous Southern India. Miss Martha S. Sear, a native of Kalamazoo and graduate of Kalamazoo College, received her degree in Library Science in 1941 after winning an Alice Knepler scholarship for study at Drexel.

The Michigan girl immediately became administrative assistant in charge of a bibliographical project in the education department of the Enoch Pratt Free Library at Baltimore, Maryland. Later she was head librarian at the Patterson Park Branch library, the busiest of that city's 25 branches. She served also as a member of the survey committee on equipment and physical plant facilities of the Baltimore branch.

Library activities at the Madras post of the C. I. Information Service have been handled by the Public Affairs Officer of the Consulate since the establishment of the operation almost two years ago. However, the heavy demands of the hundreds of Indians, avid for more facts on American life, necessitated the expansion of facilities to take care of requests of borrowers and visitors using the reading room.

Since 1935, a formal association has existed which holds regular meetings and works with the officers of the chapter to aid the undergraduate body.

**Thirty-Three Guests Attend A.P.O. Smoker**

On Thursday, March 3, Alpha Phi Omega entertained 75 members and guests at a "get acquainted" smoker. The activity of the evening was opened by Mr. Arthur Kravitz, faculty advisor, and President Neil Stoll who welcomed the members and their friends.

Guests of the fraternity of former Scouts were 21 prospective members, who were made familiar with the ideals and principles of leadership, friendship, and service. The evening was done by means of a series of short talks by the members of the executive committee.

Don Millar played Beethoven's Moonlight Sonata, the fraters sang old favorites to George Gershwin's accompaniment and viewed the film, "All Work and Plenty of Play," at the entertainment of the evening. The film, produced by the Public Relation Department and filmed at an A.P.O. service project, depicts social life at Drexel.

The evening closed with an informal singfest of old Scout songs. The club in the Triangle Grill. All present were invited to a party to be held tomorrow, Saturday, March 12, in the Student Building.

**Women Engineers**

(Continued from Page 1)

of moving pictures and electrical de-

vice, they devised methods by which the employees could do the work

faster with much less physical strain.

Dr. Gillibert has devoted consider-

able time to applying engineering principles to home management. While lecturing to a national organiz-

ation of Better Husbands in America, she had measurements made of the

distances from the floor to the elbows of 1,000 housewives to get information

on the proper height for stoves and

sinks.

A current best seller, "Cheaper by the Dozen," is the story of the Gilli-

bert family as reported by two of Dr. Gillibert's twelve children.

THE MILD CIGARETTE

JOE DI MAGGIO says... "Here's the one I'm really glad to put my name on. Chesterfields are MILD - MUCH MILD. It's MY cigarette-input..."

always

B'Y CHESTERFIELD

MORE COLLEGE STUDENTS SMOKE CHESTERFIELD'S THAN ANY OTHER CIGARETTE...

BY LATEST NATIONAL SURVEY

The TOP MEN OF AMERICA'S SPORTS smoke CHESTERFIELD
