This is always one of the outstanding days of the year at Drexel. Everyone works frantically to tidy up his room (which usually means everything on the closet shelf or under the pillow or the rug) in the last minute rush before dinner and date time. A Better Gym for a Better Team

A FTER years of complaints concerning the size and temperature of our gymnasium, relief is in sight. Drexel has secured the Palestra for two of its more important games—Swarthmore and P.M.C. Now it is up to the students to fill the 8500 seats at the Palestra. Students have long been complaining of conditions in our own gymnasium. Many have been unable to attend the games because of the limited seating capacity. Now they must stand behind their arguments for a larger gymnasium or Drexel will suffer a loss on the rental of \$325.00 per night.

Since P.M.C. is our only victor and Swarthmore boasts the district high scorer, Jim Riley, both games promise to be exciting. In addition, both P.M.C. and Swarthmore have teams that from all appearances will end up in the playoffs along with D.I.T.

The team needs the added morale of a packed Palestra; YOU need a full house to back YOUR arguments for a larger gymnasium; Mr. Budd needs a large number of spectators to meet the cost of securing the Palestra. Since basketball fans no longer have to stand or suffocate to enjoy the game, they are expected to give our team the support that is so necessary for victory and a championship team.

Letters to the Editor

To the Editor of the "Triangle":

Drexel has just finished a very successful Open House. Approximately 3000 persons saw your college and what it has to offer the young people of today.

Of course no Open House, no undertaking of this nature could possibly be a success without the teamwork of a great many people—and on this team a very important group were the students of Drexel who so unselfishly and devotedly gave their time and labor.

I wish it were possible to thank each and every student personally—but failing that will you permit me to use your paper to say "Thanks"

- to the editor and staff of the "Triangle" for a fine promotional paper—
- to the cadets of the Military Department for their usual fine
- to the members of the Alpha Phi Omega fraternity for their voluntarily proferred services
- and to all the many other students and student groups without whom no Open House is possible.

To all of you let me say on behalf of the Open House Committee—

> Sincerely, H. R. Bintzer Chairman Open House Committee

To the Editor of the "Triangle": Reference is made to the letter to the Editor appearing in the "Triangle" of January 27, 1950, signed "Engineer," As Vice President of the Federation of Engineering Societies, I was directly associated with the recent Engineers' Day from the time of its first conception. To my personal knowledge the views expressed in the letter are not the views of any member of the Federation's Executive Council or of the "Engineers" Day" Committee.

The committee and its members received the utmost cooperation from the Faculty and from the Administration in every detail concerning the program and arrangements. I cannot believe that the letter above referred to was written by any member of the "Engineers' Day" Committee.

Respectfully yours,

DREXEL through the WEEK

Delta Sigma Epsilon

Everyone is laughed out, sung out, and tired out after the stupendous ski weekend at Skyline Inn. Softball really seemed to be in the spotlight during the weekend. Delts, now is the time to form a team with pitcher "Aud" Hardy as our coach. The Pi Kaps won't even have a chance! All in all we had millions of laughs, and Chuck certainly did a terrific job in organizing the trip.

The long-awaited blazers finally

The long-awaited blazers finally came. They certainly are beautiful and it really did look wonderful to see them on the Delts on Thursday.

The Delt dance is nearing, so keep February 18th in mind.

Li Kanna Lh

There seems little doubt that the brothers enjoyed themselves over the past weekend—even without the skiing. There are more than a few of the usual stories circulating with promise to be memories to some of the brothers. For instance, the numbers 207 and 209 will be endeared forever to Henry Craig and Von Krentzlin, while our Archon, Bob Stewart, has probably ruined his reputation and future by that accident ridden square dance with Miss Mt. Pocono.

Alpha Sigs have a Big Party in the offing for us this Friday night. May'be it'll be a victory party if the gods grace us during the basketball game with the Sammies.

Tap Kappa Epsilon

On Saturday, after a "field day" supervised by "Smitty" and the rest of his committee, the house is really looking "shipshape," and ready for this coming week which includes our smoker Monday and the inter-fraternity open house on Saturday.

Saturday.

This last week proved to be disconcerting to the "Galloping Grays" who make up our basketball team. After a victory the week before over Phi Tau, they lost a tough one to Theta Chi. The first half proved to be quite a battle with the Tekes overcoming a twelve point deficit to bring the halftime score to 23-26, but Theta Chi steadily pulled away during the second half.

Tri Sigs

Last Tuesday the Tri Sigs transformed the Drevel Lodge into a garden party at a plush mansion in the sunny south. A blackfaced doorman greeted the frosh as they alighted from the train, and guided them to the mansion where the southern Tri Sig belles, attired in appropriate hoopskirts, offered their hospitality.

At six-thirty the evening was initiated with a colorful buffet supper for all. After the supper a clever skit was presented by the southern "slaves." They portrayed a fantasy in the form of a little slave girl's dreams of the wonderful times the college girls enjoy and all the activities in which they participate. As she awoke, she found a box of favors, purple umbrellas, and purple and white knitting boxes as well as gardeniss. These were all bestrewn among the rushees along with the best wishes of the Tri's.

Theta Sigs

The Student Building became "Davy Jones' Locker" for the Theta Sigma Upsilon rushing party on Thursday, January 26th. Scaweed and fish with bubbling gills gave the appearance of cerie aquatic depths.

A chorus line of chic little sailors started the entertainment with a bounce. A short skit in pantomime followed with narration by Miriam Drummond. Soon everyone entered into the spirit of the affair and all had a jolly time square dancing.

Since the evening's fun and frolic was held in the surroundings of the deep, it is only natural that appetites should be whetted. However, they were satiated with far from piscatorial refreshments of punch, cookies, candies, and nuts.

Carrying out the oceanic theme, rushees were presented pink and grey sea-horses and novel little clam shells from which dainty pink flowers emerge when placed in water.

Alpha Sigma Alpha

Tuesday night, January 24, the Student Building was transformed into a little red schoolhouse. Amidst the hustle and confusion usually prevalent in the student abode due to innumerous meetings and activities, the red and white Alpha Sigs set up their classroom in the lounge.

Rising above the desks (card tables ingeniously utilized) "Principal" Gene Ferrari told the frosh about Alpha Sig, its history and significance at Drevel. Unique entertainment punctuated the evening's activities in which the active members took the rushees under wing, schoolmarm style; the dancing teacher gave a clever dance routine; the singing teacher led group singing; the sewing teacher guided her class in making dresses from newspapers ("Triangles," we hope); and the art teacher had them drawing in

Retailers Frolic At Lodge Sunday

Sunday, February 5, is Retailers' Day at the Lodge! This is a day for fun and frolic, for relaxation and enjoyment of all the club members. Entertainment will include a variety of activities such as ping-pong, canasta, and square dancing to newly purchased records. Len Denbo headed the committee which arranged for the Lodge day; chaperons of the affair are Mr. and Mrs. Behrens Ulrich and Dr. and Mrs. Robert Rhoads.

Plans for the annual Retailers' Banquet are in progress. Committee Chairman Bud Kober has announced that February 23 has been selected as the banquet date. The purpose of the dinner is to give the students an opportunity to become acquainted with persons who hold executive positions in various retail establishments. Last year's banquet at Kugler's was attended by 150 retailers and proved a great success.

They stole the ball again score. They stole the ball again and racked up another two points. Not to be outdone by anyone, Phi Tau once again stole the ball and to the utter dismay of everyone, including themselves, netted two points and forged ahead. They didn't relinquish their lead for the remaining seconds; now there is no dispute as to who is in the cel-lar. Ellman and Kligerman, although collecting only four points each, were the work horses of the Sammies and when Ellman fouled out a potential threat was lost. Work horses for Phi Tau were Meyers and Stockton.

BIG JAWN
On January 24, 1950, Philadelphia's Basketball Sports Writers phia's Bassetonii Sports writers did what most Drexel students are used to doing—they looked up to John Savehak and paid him homors. For John stands six foot four and a half inches tall and is easily picked out in a crowd in Drexel Court as he stands talking to his friends. Well, the sports writers picked him out of a crowd writers picked him out of a crowd too and gave him the Philadelphia Basketball Writers Award as a certificate of merit for "Outstand-ing Play on the Court" that week. It was a fine tribute to the basket-ball ability of John Savchak and brought much honor to our school. Basketball is an old story with John. He started at Tilden Junior High and went on to Bartram High where he filled the three years of basketball there. His varsity year was on that famous team that took the Public League Title, City Title, and the Red Cross Tournament in the same year. Ace McCain, star of La Salle's great team this year, was one of his teammates.

Savchak started at Drexel in
1944 as a Pebruary Freshman
but was sent off to the wars after four terms of engineering. He participated with the 77th Divi-sion All-Stars in the Pacific Toursion All-Stars in the Pacific Tour-nament, playing against men like Senesky and Musi of the Phila-delphia Warriors. His team did quite well, coming in third in a hot contest.

Back here at Drexel in 1946, he switched his course to Business Administration and proceeded to play four years of varsity ball it was when he scored those 22 points against Haverford this year that the sports writers took spe-cial notice and honored him.

John's fraternity brothers think he's quite a fellow off the court too. They elected him to the of-
