

Curtain Rises Tonight On Comedy Mystery "Seven Keys To Baldpate"

TONIGHT AND TOMORROW night Rouge and Robe will present "Seven Keys to Baldpate" in the Drexel auditorium. The curtain will rise at 8:00. The proceeds of the play will be given to the Campus Chest Fund.

The female leads of "Seven Keys to Baldpate" are Lynn Russell and Jo An MacDonald. The male leads are Warren Tomlinson and Jim Dettre.

The play deals with a successful author of mystery stories who makes a bet with his best friend that he can write a mystery story in twenty-four hours at the most lonesome spot in the world. The loneliest spot in the world turns out to be Baldpate Inn.

Before the book can be finished, a good many exciting things happen, including the \$200,000 bribe by which a big real estate man hopes to get the mayor of a nearby city to buy a worthless piece of swamp land as an airport. An attractive newspaper girl and a mysterious convict, Myra, are also involved.

The wind howls, guns flash, a dead woman refuses to stay put, and seven keys to Baldpate show up when there is only supposed to be one.

Mr. Crooker, director of the Rouge and Robe play, is the first person in the history of Drexel to be hired strictly for the purpose of enlarging dramatics. He has had a long and varied background on the stage. Much of his work has been on Broadway.

Mr. Crooker's plans for the year include George M. Cohen's comedy mystery "Seven Keys to Baldpate," and "Mikado," which he will do in the winter term.

Following the play on Saturday night, there will be a dance in the Court to the music of Al Hahn's combo.

Christmas Party Scheduled For Student Building

NEXT FRIDAY night the Student Building Committee will hold its Christmas Party in the Student Building. It will start at 8:00 p.m.

The theme of the party will be in conjunction with the Christmas spirit. The Student Building will be decorated accordingly with a Christmas tree and pine boughs.

"It Happened on Fifth Avenue" starring Cary Grant and Jean Arthur will be the featured film. It is a very colorful Christmas story, in connection with the Christmas festivities.

Following the film, there will be Christmas caroling and a dance to the tune of Al Hahn's five-piece combo.

Refreshments will be served in the Triangle Grill, and ping-pong and billiards will be available for further entertainment.

The Student Building Committee, under the direction of Mr. Andruscavage, has come a long way this term in improving student use of the Student Building.

The committee's goal is to fully utilize all the equipment and space in the Student Building to meet the student's desires. This term it has initiated the Open House parties as well as a Chess Club and Bridge Club.

Appreciation is given to Al Hahn and his combo who willingly played for the Open House parties during this term.

The cast for "Seven Keys to Baldpate" receive last minute instructions from the director, Earle T. Crooker. Standing: Warren Tomlinson, Lynn Russell, Ellie Litto, Tom Jacobs, Dick Glazier, Jim Dettre, Bill Jester, Jim Himich, Kaye Burns, Herb Brown, Jo An MacDonald. Seated: Evelyn West, Professor Crooker. Not shown: Joe Marghella, Pat Budd, Bruce Erb.

Varsity Club Plays Santa For Orphans

MEMBERS of the Varsity Club are once again helping to make the Christmas Season happier by giving their annual Christmas party for the orphaned and crippled children at Saint Edmond's Home on December 19. The party, which will be held at the Home, 46th Street and Haverford Avenue, will begin at 7:30 p.m. and will continue until 9:30 p.m.

Chuck Barris, as Santa Claus, will distribute to the children the gifts and prizes which have been obtained through the donations of the Varsity Club. Members of the Varsity Club and their dates will help provide the entertainment.

The origin of the Christmas party dates back three years when George Ream organized and helped give the first one. It proved to be such a success that it became an annual event. To the children, the party is a day of happiness and future memories. Both the Varsity Club members and the children look forward to this event, one of the club's most important dates.

Drexel Observes Founder's Day With Christmas Musical Program

DREXEL INSTITUTE will observe its sixty-first anniversary on Tuesday, December 9, at the annual Founder's Day ceremonies. The program, of a primarily musical nature, will feature a Christmas theme.

To accommodate this program, the schedule of classes on December 9 will be revised. All nine o'clock classes will be omitted. Classes scheduled at ten will meet at nine. Eleven o'clock classes will meet at ten, and will be dismissed at quarter to eleven. The regular schedule will be resumed at noon.

Shortly before the scheduled program at eleven o'clock, the band under the direction of Mr. Donald Richmond, will play "Chorales" in the Great Court. Promptly at eleven there will be an academic procession followed by comments by Dr. James Creese on the occasion of Founder's Day.

FOUNDER'S DAY on Page 4

Administration Announces Tuition Increase Effective This January

STUDIES HAVE BEEN made by the Administration over the past several years to establish the balancing relationships between Institute tuition charges and operating expenses.

In order to preclude the necessity of making sudden large increases in tuition rates, the Institute has favored making smaller increments based on an up-to-the-minute picture of costs. Thanks to this policy, Drexel's tuition charges, even taking into account an increase of \$25 scheduled for the period January to June, 1953, are still below the average for comparable colleges in the Eastern Seaboard area. The tuition payable this January will now be \$250.

In view of the increases in cost of living this raise is not in excess. Tuition rates at Temple, University of Pennsylvania, and Lehigh are all \$700 or more.

In the December 1 issue of "Time" the financial situation of colleges was expressed in this manner.

"... U.S. campuses are in real trouble. The rising costs of education have far outstripped its

Shortened Classes Allow Student Participation In High School Guest Day

A Guest Day for high school students will be held next Friday. All classes will be dismissed at 11:00 to allow Drexel students to participate in the day's activities.

Guest Day, spotlighting careers for women, is an affair primarily for high school seniors.

At noon there will be a luncheon in the cafeteria. After the luncheon the R.O.T.C. Band and combined Glee Clubs will present a concert.

Career conferences will be held at 1:30 at which time separate careers will be discussed. At 2:30 there will be a conducted tour of the dormitory, home management house, and various exhibits in the Student Building.

Included in the exhibits at the Student Building will be an exhibit sponsored by the dramatic and music organizations, fraternities and sororities, men's and women's athletics, student government organizations, religious organizations, publications, and the social organizations.

At 4:00 another career conference will be held. Between five and seven, the guests will be able to eat dinner in the cafeteria. A fashion show will be given by the Home Economics girls at 6:30.

An All-Drexel Review will be presented by the students under the direction of Mr. Crooker. This show will be a "take-off" of the television show "What's My Line." Paul Reibrich will be the master of ceremonies for this part of the program.

Finally at 8:30 a Christmas party will be given in the Student Building. For those students staying overnight there will be a midnight snack at the dormitory.

Dr. Marshall Will Speak On Engineer Day

THE FIFTH ANNUAL Engineers' Day celebration will be held on January 29. Keynote speaker will be Dr. Roy K. Marshall of nation-wide television fame.

Dr. Marshall was present last year to receive the Annual Engineering and Science Award presented by the "Federation of Engineers" for his work in advancing the interests of science and engineering. This year he has agreed to return and open the program of what promises to exceed anything that Drexel has ever before attempted.

Dr. Marshall could easily boast of having the largest class in education annals, as his television program is broadcast nationwide. In addition to his television program he is a consultant to the Atomic Energy Commission, and educational director of WFIL and WFIL-TV. He has been director of two planetariums—Fels in Philadelphia and Morehead in North Carolina. At one time he was head of the department of astronomy at the University of North Carolina, but resigned to concentrate upon broadcasting and television.

All Drexel engineers will be excused from regular classes and are expected to attend the day's meetings.

ANY RAGS FOR SALE

Students are reminded that the drive for old but usable clothing is still underway. If in no other way, this is an opportunity to help the needy as well as get rid of some old out-moded garments that are probably using some much needed closet space or collecting dust. A box for any clothing is in the Student Building.

WHAT! NO CAKE?

Jean Steele wishes Drexel a happy 61st birthday in her own special way. The rest of the student body will be able to join in the celebration next Tuesday morning at 11:00.

New Policies of Supply Store Are Announced

Supply store is now operating under the direction of Mr. George Hamilton, Jr., upon the retirement of Mrs. Agnes Boswell.

The new manager has established a new set of rules for employees and policies for the store. The new policies are as follows:

1. Any book published may be ordered through the book store by placing a deposit with the order. This includes fiction, general reading and texts.

2. Items for sale in the supply store will be priced wherever possible below the outside market so that students making purchases

will be able to save on the retail price.

3. Any defective item will be replaced and an adjustment made.

4. Suggestions for improvement of stores, merchandise and service will be welcomed.

5. Every effort will be made to give the students the best service and selection of merchandise possible under existing conditions.

Mr. Hamilton hopes that these innovations will enable the supply store to better serve the students of Drexel.

Drexel Represented At Student Meeting

Drexel will participate in the Regional Conference of Student Unions on Friday, December 12.

The convention will be held on Temple's Campus, and its representatives from Drexel will be Mr. Andruscavage, Al Hahn, and Marlene Compton.

The purpose of this meeting is to discuss problems relating to Student Union management and activities. The program will begin at 10:00 a.m., with a dinner at 6:30.

Problems to be discussed at the convention include the following: comparison of the systems of Student Buildings at different colleges; differences between wants and needs of the students; how students are informed of the facilities available for them in Student Buildings; and special problems such as the independent student versus the fraternity or sorority members.

Drexel's delegates at the meeting hope to obtain ideas from other schools to be put to use in our own Student Building.

"Look how it wiggles, Bruno—Sort of cute in a fuzzy way!"

COME TO DREXEL'S NEW CAFETERIA AND ENJOY ALL HOME-MADE FOOD

CAFETERIA DINNER . . . 5:00 P.M.—7:00 P.M.

THEY SATISFY *AND HOW!*

"I always smoked Chesterfields in college just like my friends" says New York secretary, Elizabeth Lydon, "and here in New York it seems like almost everyone smokes them."

Elizabeth Lydon DUKE '51

AND NOW—CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount. 45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each.

At the beginning and end of the six-months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated . . .

"It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Remember this report and buy Chesterfields . . . regular or king-size.

IN MEMORY OF A DEAN

Students of Drexel unveiled a plaque dedicating the Business Library to the memory of the late A. E. Blackstone who joined the Institute staff in 1913 and served as Dean of the College of Business Administration from 1942 until his death last year.

The plaque, donated by the Men's Student Council, pays tribute to the dean's "Valued friendship and faithful service as a teacher and administrator." The ceremonies were held last Wednesday.

Pictured above are: Al Hahn, Walt Picker, Dick Jamison, Harold Blackstone, a son, Mrs. Gladys McDowell Blackstone, the dean's widow.

Home Ecs Hold Annual Meeting

Next Thursday, the Drexel Home Economics Association will hold its annual social service meeting in Room 316 from 1:30 to 2:30 p.m.

Members of the club and anyone else interested will participate in the making of toys for the Children's Hospital. The toys will be delivered that night. The chairmen of the meeting are Ruth Holland and Ann Pleviak.

Hot chocolate and cookies will be served and the members will sing Christmas carols after the meeting.

Everyone is urged to attend.

EPITAPH

There is a student in our midst,
Whose head is hung in shame;
For what he did there's no excuse,
He knows he is to blame.
Although he's smart and knows
about

The armature and rotor
He did the thing no one should do,
"Line-start" a D.C. motor.

D.I.T. Announces Tentative Expansion Program Plans

The third phase of Drexel's expansion program seems to be on its way. The basic science building may be started early next spring if the necessary funds arrive.

The original estimate of \$1,400,000 for construction of the building may be somewhat higher by the time the work is started because of the recent increase in prices. So far \$800,000 has been subscribed for by 122 industrial contributors. Eighty-four companies have still to make their pledges.

If sufficient funds are not available by next spring, the decision as to whether or not the building will be started at that time will be left to the trustees. However, Mr. Bintzer, present head of the expansion program, feels very optimistic at this time.

Drexel's new modern cafeteria and the Alumni Science Building were the first two steps in the expansion program. Both of these undertakings were largely financed by contributions from alumni and friends.

The present fund drive is only

the second in Drexel's history. The other drive was considerably smaller, and took place in 1924. At that time, personal friends of the Drexels were contacted, and men like Cyrus K. Curtis came forward with the necessary funds. It was for this man that our present Curtis Hall was named.

The new basic Science Building will house all the physics and chemistry laboratories. The present labs are now very inadequate and outmoded, and for that reason have to be replaced by one means or another. The space made available by the removal of these laboratories from the main building will be used for laboratories and classrooms by the College of Business Administration.

It is estimated that the construction of the building will take about one and one-half years after the initial ground-breaking. Much of the equipment now in use will be transferred to the new building, but the members of the expansion committee are hopeful that much new equipment will be donated.

The need for this expansion has become acute in recent years. A check of licensed engineers in the Philadelphia area showed that approximately one-third of them studied at Drexel. The present increase in the number and size of industries in the area, plus the increasing complexity of modern production methods, emphasizes the need for a larger, better trained group of engineers being made available to industry annually.

So far Drexel has been Philadelphia's largest primary source for high grade engineering talent. Since the present tuition charges nowhere meet the true expense of educating an engineer, and few could afford to pay a tuition that would meet this cost, local industry will have to contribute its share if Drexel is to continue in the role that it has held for the last half century.

Commerce Department Will Co-Sponsor Forum

U. S. Department of Commerce with the aid of the Drexel Graduate Division of the College of Business Administration is sponsoring a forum series on "How Your Government Can Serve Your Business?"

Philadelphia professional engineers have underwritten the meeting and have sent out 20,000 letters to local engineers describing these forums. The next meeting will be held next Monday from 3 to 5 at the Drexel Dormitory.

Dr. A. V. Astin, Director of the National Bureau of Standards, will be the guest speaker at this forum. He will discuss the fundamental research in physics, mathematics, chemistry and engineering; working standards in research laboratories and industry on physical constants, properties of materials and methods and instruments of measurement. He will also touch upon the subjects of new fields in science and industry, providing standard samples of chemicals and metals; testing of materials and equipment and calibration of instruments.

The dates of the future forums will be published later.

Scotch Golfer: "Tell me, lad, how are you at finding lost balls?"

Pan-Hellenic Council Holds Bazaar In Court

The second annual Pan-Hellenic Bazaar will be held next Wednesday in the Great Court, sponsored by Drexel's sororities.

Each of the four sororities will contribute homemade cookies and cakes, and handmade argyle socks and white elephants which will be sold in order to secure additional funds for the operation of the Pan-Hellenic House.

Here is a chance for you long-sighted studes to obtain your Christmas presents early.

Tuition Raised

(Continued from Page 1)

will need to streamline their methods of getting it. Tuitions should be raised in some instances—though student fees have gone up 75% in the last ten years, they have still not reached their reasonable limit.

Thanks to intensive utilization of plant, operating economies, and the policy of basing increments on realistic, current cost data, it has been necessary to increase Drexel tuition charges in the same period by approximately 55%, 20% less than the national average.

Sweet Young Thing: "Did my father order some coal this morning?"

Coalman: "This load of coal is for a Mr. Zell."

Girl: "That's fine. I'm Gladys Zell."

Coalman: "So am I."

"Daddy, I saw Mamma kiss the ice man this morning."

"Ye Gads! She wastes time with him and we owe the grocer \$10."

Founder's Day Next Tuesday

(Continued from Page 1)

The Glee Club will then sing "Gloria in Excelsis" followed by a double quartet singing "O How a Rose E're Blooming." The orchestra will play "March of the Toys," under the direction of William Reese.

Dr. David H. Dawson, graduated in Drexel's School of Chemical Engineering, 1931, will introduce the Founder's Day speaker, former Dean of Men, Dr. Leon D. Stratton. Dr. Stratton was retired last August on completion of 43 years of service to Drexel. During these years, he watched Drexel grow from a college which did not grant degrees to its present important position. Through his efforts, Chemical Engineering grew from a minor course to one of the separate departments in the engineering field at Drexel. Dr. Stratton served as head of the Chemical Engineering department from 1920 until the time of his retirement. Dr. Dawson was previously one of Dr. Stratton's students.

Other musical numbers of the Founder's Day program are "Bene-

diction," a duet by Lamont Hill and Shirley Cusick, and "Christians Wake," written for chorus, organ, and brass instruments by Professor Heaton. This is the first public performance of this number which is dedicated to members of Drexel Glee Clubs.

Shirley Parsons will sing "O Holy Night" and the entire Glee Club will present "O Thou that Tellest," from Handel's "Messiah." The solo part will be taken by Marge Whitaker. The Founder's Day program will conclude with a medley of Christmas carols and the "Hallelujah Chorus."

The entire program has been arranged by the Public Observances Committee composed of members of the faculty under the chairmanship of Dr. Hanson. Invitations have been sent to parents of the members of the various musical organizations at Drexel, the families of faculty members, and members of the expansion committee. This committee supervises all occasions at Drexel to which students and the public are invited.

LUCKIES TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Luckies always pass the test: They always make the grade—They're cleaner, smoother than the rest Because they're better made!

David M. Burns
Princeton University

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Because Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—cleaner, fresher, smoother taste... Be Happy—Go Lucky!

An apple used to do the trick, But grades don't bother me—I give my prof this one sure tip That L.S./M.F.T.

14 SCHOOL DAYS A YEAR

Eight weeks and a college degree . . .

Students go to college 14 days out of every year, according to the "Southeastern," at Southeastern State College, Okla. Here's how the paper figures it:

Out of 365 days a student sleeps a third of this—eight hours a day. This leaves 243 days. Then there are 52 Sundays. Take at least half an hour per day off for lunch and three months for summer vacation.

This leaves 91 days.

Now subtract 52 Saturdays, a

couple of weeks for Christmas vacation; throw in spring vacation and the Thanksgiving week-end. We're left with two weeks of school each year.

Male Restrictions . . .

In reply to a query, "Do men need dorm rules," one U. of Georgia coed replied: "I think the dormitory restrictions on girls are all right. Some girls just don't know right from wrong. Yes, I think there should be some rules placed on the boys about getting in on certain hours. That would help the girls get in earlier, too."

Graduates of 1953 Assured Of Employment; 250 Firms Expected to Interview Seniors

The Placement Office this year expects to have 250 companies bidding for the services of the 1953 graduating class.

On the basis of replies to questionnaires sent to those companies mechanical engineers are in the greatest demand, but there are a large number of graduates to fill these positions. Whereas there are not nearly as many companies demanding metallurgical engineers, the number graduating does not nearly fill the quota.

The following table was made from the data received.

Number of Graduates per Company	
Electrical Engineers . . .	1.44
Civil Engineers	1.38
Mechanical Engineers . . .	1.24
Chemical Engineers	0.88
Metallurgical Engineers . .	0.26

These companies reported a total of 8,344 positions open, which they hope to fill with the nation's crop of graduates. These posi-

tions could be broken up into technical and non-technical groups. For technical students there are 7,066 positions and 1,278 positions for non-technical students.

Mr. MacMurray, head of the Placement Office, stated that two-thirds of last year's graduates were employed through the placement office. Those not placed either acquired jobs on their own initiative or entered the armed services.

Lucky You

We assume that if you are healthy enough to read this item, you were not involved in a serious automobile accident in the last year, either as a driver or as a pedestrian.

That is why we entitle this, "Lucky You."

More than 52,000,000 motor vehicles traveled 465,000,000 miles in the United States last year. This is an all time record, an achievement we could boast about were it not for an allied record. All those cars, trucks and buses rolling all those miles killed over 37,000 persons and injured nearly two million in 1951.

Lucky you.

Or perhaps it isn't entirely luck. Perhaps you are the exception. You may be the driver who knows all the rules and obeys them to the letter; whose car is always in perfect condition. You may be the driver who is invariably courteous and who never takes a drink before he drives. You may be the pedestrian who is always alert; who never takes an unsafe shortcut. And with all this, you may be so charmed when you drive or walk that you are never caught by circumstances beyond your control.

If you answer this description, then the following facts and figures are not for you. But if you fall short, we hope you will take a glance at some of the statistics below and let them sink in—lest you become a statistic in next year's editorial.

If you are a speeder, you have been skating on mighty thin ice even if you haven't had any accidents. Statistics show that one out of every three drivers involved in 1951's serious accidents was speeding. Nearly 14,000 persons were killed and more than half a million injured last year by drivers who were ex-

ceeding the speed limit. Percentage wise, speeding accounted for 49.2% of the nation's accidents. Just a lot of numbers, but how we moan when the casualty reports from Korea list a few hundred casualties and another couple hundred wounded in action. We think it's outrageous to lose our young men in battle, but we shrug our shoulders when we bump off several thousand youngsters a year on our own highways.

Although pedestrian injuries were reduced by 9000 over the previous year and fatalities were held in check, there were still more than 300,000 pedestrians killed or injured in 1951. And this is supposed to be a civilized country!

For those of you who think you are saving time when you are speeding, the following report of a test made in Kansas should be enlightening. Two drivers participated in a road test on a 295-mile stretch of road. Their performance figures under typical driving conditions read as follows:

	Top Speed Reached	Speed Average	No. Cars Passed	Elapsed Driving Time
Driver A	65	46	126	6 hrs. 25 min.
Driver B	50	43	62	6 hrs. 50 min.

Driver A saved only 25 minutes in nearly 300 miles; he passed twice as many cars (each passing being a potential accident), used 11% more gasoline, and 50% more oil.

Was it worth it?

When you're driving, let common sense be your guide. Don't insist on the right of way. It doesn't make much difference whose fault it was if you kill yourself. **AND DEATH IS SO PERMANENT!**

On Other Campuses

While browsing through some of our exchange papers looking for jokes we could steal, we ran across the following article in the George Washington *Hatchet*: The Air Force ROTC is including in its program this year a group of coed sponsors, to be known as the "Flying Sponsors Squadron."

According to the Squadron constitution, the mission of the sponsors shall be "to give active and wholehearted assistance to all military and social functions of the university's AFROTC corps of cadets, and to perform any other tasks necessary to further the mission of the Air Force ROTC."

(The Air Force gets all the breaks!)

From the newspaper of the N. J. College for Women:

Dear Lonely Hearts:

I'm attractive, intelligent and full of personality, but I can't get a date with a Rutgers man. I feel sure we could get along if I could only meet one. Right now, all the boys that call are from Princeton, Yale, or Dartmouth, and you know they don't count.

What can I do to meet a Queensman? Can you help me? If you can't, it's the Raritan for me.

(Ed. Note—Obviously she hasn't heard of Drexel men.)

"But professor, wouldn't it be worth an 'A' just to see my face light up?"

The Question Box

Student-Faculty Relations

"What do you think about student-faculty relations? How do you feel these relations could be improved?" These questions were posed to several students during last week. They were felt to be appropriate since the feelings between students and faculty are quite essential to the operation of a college. Below are the opinions of four students.

MARLENE COMPTON, Sophomore, Four-year Secretarial

I believe that the most general complaint that the Drexel student has with his instructors is that each instructor seems to believe that his course is the only course being taught. Therefore, the teacher feels justified in giving several hours of homework each night. That is impossible to do when the student has other homework of the same intensity.

Most teachers, I have found, are quite willing to be helpful to the student outside of class. This, I believe, is as it should be, but why, then, do some of them insist on treating adults or near-adults like children in class.

JO AN MacDONALD, Freshman, Administrative Secretarial

I find the professor-student relationship at Drexel very good. There is little to my knowledge that could be done to improve the present relations. On the whole, I find my teachers understanding and easy to work with.

Letters Column

See Us in January

Dear Editor:

I saw in last week's Triangle an editor's note stating that you need some volunteers to help in getting out the Triangle to the students in industry. I would like to help. I am, however, just a freshman, not a student in industry.

If I can help in any way, just let me

ART FISHER, Senior, Four-year Business Administration

I believe the student-faculty relations here at Drexel are probably better than at most schools where the majority of students do not live on or near the campus.

My experiences have found the faculty members eager to assist any student who is willing to go to their offices during the student's free hours.

Most football players will admit, if coaxed, that while not receiving any special favors, they were greatly helped by some of the professors who willingly gave their free time in the interest of them and athletics at Drexel. In my opinion if anyone could find a fault with the student-faculty relations here it would not be with the members of our present faculty. My sincere thanks to them all.

JOHN SEMANIK, Sophomore, Cooperative Business Administration

In the short time that I have been at Drexel, I have found the majority of the instructors to be very helpful in aiding the students. This is true if the student is willing to take a little time out to attend the conference hours that are provided by the instructors. You will always find a few students complaining about the instructors, but if you asked these students if they ever went a little out of their way to get help the answer would most likely be "no." Of course, there is room for some improvement, as there is in all things, but on the average they are very helpful and fair.

Sincerely,

V. DAHELL

ALONG FRATERNITY ROW

*It's Getting Drafty —
15 Flunking Days Left*

News of the Greeks

ALPHA PI LAMBDA

Have you noticed how "Uncle" Tom and "Little Orphan" Annie have been keeping steady company? . . . Room 8 almost lost its title, but the better half is keeping it going. . . Commuters did a fine job in the cellar over the holidays. . . Don't know how they did it with all those "dead soldiers" lying around. . . Everyone seems to be buying jeweled pins. . . Will see everyone at Rouge and Robe show and house dance afterwards.

DELTA SIGMA EPSILON

Welcome back from the long vacation which we enjoyed last week. I'm sure we are all rested up and raring to go to work for the Panhellenic Bazaar. This will be held on Wednesday, December 10.

The Province meeting went off very well and was a huge success. Don't miss the important meeting on Tuesday, December 9. Actives and pledges should all be there.

Don't ask Bill Durako what George's Hill looks like; it was too dark.

TAU KAPPA EPSILON

Pledges went on a scavenger hunt Monday night and returned with some silky articles.

Is a certain girl wasting her time with Dick Voorhees?

"Wimp" Poe was seen buying his ticket on a ship for Denmark. Seems Lodge locked up his pin for the holidays. What's the matter, George, no will power? Mt. Holyoke must really send you.

Be sure to be at the formal initiation on Sunday, Dec. 7, in Student Bldg. at 2:00.

THETA CHI

Congratulations to our new officers: Pres., Ned Frick; V. Pres., Bruce Yelland; Secretary, Will Johns; Pledge Marshal, Ed Strobach.

"It's in the book," says Mr. Beers, but Shaughnessy and Bell can't seem to find it.

There's only 20 shopping days 'til Christmas, but what is worse, there's only 15 flunking days, so—FLUNK NOW and AVOID THE RUSH!

SIGMA SIGMA SIGMA

Congratulations to two Tri-Sigs who were pinned last week-end. Donna Rupert is wearing the Lambda Chi pin of Bill Bergman and Leigh Marshall is wearing Bob Glazier's Apple Pie pin.

Pi Kappa Phi deserves an Oscar for their fine show. We thought it was great.

Intra-athlon sports this term ended with the Deltas in first place. Nice job, girls! We were in second place. Everyone enjoyed the games and it was a very good season.

DELTA KAPPA RHO

Greetings from Birdland: And it came to pass that on the seventh day the sun shone. Yea Verily! Courage and ineluctable determination have paid off. Delta Kappa Rho has won a football game. The Lord was with us. I shall go to church next Sunday.

A Merry Christmas and Happy New Year to all you crazy people from the brothers of Delta Kappa Rho and me, too. It's been real crazy.

LAMBDA CHI ALPHA

Put away the pepto-bismal and bicarb. Thanksgiving is over and the house is once again normal. Well, almost normal—Davey Jones seems to be having minor difficulties in readjusting to school.

Must be personal magnetism—local harem once again invades Lambda Chi house. . . Bill Foran found out recently that the fenders on his car really are convertible.

Notice to all the brothers—don't forget your contribution to the Kiddes' Christmas Party. Let's all chip in so that they—they being the kiddies—can really "live it up."

FRAT ROW on Page 9

The Last Nighter

Philly Provides Variety of Shows

by Martin Evelev

In the next few weeks, two favorites of mine are coming through town in road shows, "Paint Your Wagon" and "Call Me Madam." "Paint Your Wagon" is starting at Shubert on Monday and "Call Me Madam" will be at the Forrest for the holidays.

I saw "Paint Your Wagon" here last season. At that time it starred James Barton, master of the soft shoe dance and the drunk act. With Tony Bavaar as the excellent singing lead, it was a very enjoyable show.

I caught "Call Me Madam" in New York with the original cast: Ethel Merman and Paul Lucas.

Speaking of "Call Me Madam," we saw three of the top musical comedy stars that week-end in New York: Judy Garland at the Palace, Ethel Merman in "Call Me Madam" and the late and great Gertrude Lawrence in "The King and I." Yet, I would say that none of these great singing stage personalities has any voice to speak of. The talent of these great entertainers lies not in their singing voices, but rather their ability to project themselves across the footlights.

* * *

I wonder what an out-of-towner would have said had he glanced at our amusement page in the last few weeks. At one time, we had "Time Out for Ginger," "See the Jaguar," "I've Got Sixpence," "Summer and Smoke," a Gilbert and Sullivan repertory company, and the Mask and Wig Club on our city stages. The concert hall featured the Philadelphia Orchestra and the Metropolitan Opera Company along with a host of lesser attractions. Along with her many museums and night clubs, Philadelphia deserves a high place in the cultural and entertainment centers of this country. The real pity was that with all these theatrical attractions, most of them very fine, the only one to claim any real financial success was the light comedy "Time Out for Ginger."

LET'S FACE IT

Dark Horses Win Out As DIT's Yummiest

by Sloppy Chuck Barris

This column is humbly dedicated to my beautiful and charming seventeen year old sister, Rickey Barris, who would like me to tell all the Drexel Freshmen that she is beautiful and charming, and nineteen years old

Back Row (Standing): Gregory Kolongowski, unidentified, Mario Reibrich, unidentified, Sweetbreath Jones.
Middle Row (Seated): Humphry White, Marland Mackie, Farouk Meehan, Pres. Jimmy Creese, Tyrone Strobach, Hotlips Yoffe, Pierre Ward, Carlton Campbell.
Front Row (Laying): Birdog Haenn, Rhett Fisher, Tallulah Pienkiewicz, Aly Yasky.

But the voting was close. For weeks now, LET'S FACE IT has been plagued with vehement letters staunchly supporting a student's favorite hunk of man. Some of these plugs were outstanding. For example, one letter wanted me to convey a "passionate vote for sexy, sexy, GEORGE REAM." The sender described herself as a sizzling 85-year-old grandmother, and a hot cookie to boot. (George

always did have a way with women.)

Another said, "—and don't pick BILL HARVEY because I can't stand him." Signed Mother Harvey. One told me to tell JOHN RACINE that she would "love to run her fingers through John's curly hair (groan) every day in the week and (pant pant) twice on (sigh) Sunday." It was signed Marilyn Monroe. (I think she's nuts.) And I got a letter from the Alumni Association of San Quentin casting two votes for TED PEETROS and TED RUBIN. These votes do not count for two reasons: the boys are not seniors and

the Court Jester

Hello again. I hope everyone had a nice Thanksgiving holiday. I know Odd Adams did because I heard him ask someone in the Court last Monday when we got out of school for Thanksgiving. I guess he took in many "pleasant moments" during his holiday.

It seems Ted Peetros spent his long week-end in a New York apartment right next door to Jackie Gleason of television fame. Ted's new expression—"hi ya, pal."

SHOW BUSINESS

We thought the Pi Kap show, the week-end before, was a huge success. Only thing is, we were beginning to wonder how long Pat Capone and Dan McCormick were going to hold that kiss. The joke following the kiss got the loudest applause.

After the show, Bob Dudrear was seen running around on Market Street, less fiddle in hand, calling for a cab.

COURT SPORT

Nancy Nevin, sensation of last year's freshman crop, has become the scarcest Sophomore I haven't seen. What's wrong, Nance? I know you have two new pals named Jerry and Jo, but they're not boys! What's that you say?—they're not girls either??

The Jester's choice for winter time Court Lover—Dashing Fred Lindheim. . . Ed and Marlene still at it. . . Fred Ulmer drafted . . . leaves Dec. 9th!!! . . . Jo Taggart in love?? . . . Bib "A" still trying. . . Bachelor Club still a fraud. . . Old Maid's Club gaining popularity. . . BARNO'S BACK!

IN MEMORY OF THOSE WHO GAVE—

Dick Voorhees is expected to drop from the ranks of the undefeated males soon. I wouldn't mention any names, but her initials are Betty Grossman. I can remember when they used to say that kind of stuff about Tom Kolongowski and Basil Barno and look what happened to those poor souls!!

I understand Dick Young may have a new job come January. He has a good deal working for an uncle of his. Free food and clothing, lots of exercise, and much traveling, minus expenses. See you, Richard ol' boy!

One of our young new actresses, Jo Ann MacDonald, who will be in tonight's play, was seen getting her face washed with snowballs last Tuesday. Right in front of dear old Drexel, too! Such carryings on!

Since you won't be hearing from the "Jester" until next term, I'd like to wish you all a very "Merry Christmas" and a "Happy New Year." To those who thought they'd guessed my identity, I say, "Better luck next year!"

CHARLES' LUNCHEONETTE
 WHERE THE REST OF THE CROWD MEETS
 3200 CHESTNUT STREET

DARK HORSE WINNER

(Continued from Page 7)

their paroles will be up before the results are released.

PETE LIACOURSE got a vote from Adlai Stevenson. And one letter said "—would like to send in my vote for MISS MONK because I think she should be one of Drexel's handsomest men because she's so nice but I can't because she's not a man." (Tough apples.) Then there was the postcard that said "—and any sixteen boys is okay with me, sugar," signed Pimples.

Good, bad, or indifferent, LET'S FACE IT proudly presents the final tabulation of its 1952 Handsomest Senior Man in Drexel contest.

	Notes
1. Pierre Ward (Ev 6-7969)	201,238
2. Carlton Campbell (Ev 6-7969)	171,002

(Note: All phone numbers have been made public against the wishes of the sixteen finalists. The boys protested violently, arguing that too many revolting, male-hungry Coeds bother them as it is. So girls, in all fairness to the men, only call if you have to. Thank you.)

The Bullitler Prizes— Fall Term 1952

Once upon a time a baby was born. (How strange.) Now, this baby was named Sam Bullitler. (The plot thickens.) Sam Bullitler lived for sixty-three years. (Geez, what a story.) Finally, he died. (Nifty ending.) During Sam's lifetime, he did absolutely nothing. In honor of this bum, LET'S FACE IT presents its annual BULLITZER PRIZES to outstanding people or events of the fall term.

BULLITZER PRIZE FOR THE TERM'S MOST UNEXPECTED SURPRISE—The PI KAPPA PHI tea party on the night of November 22nd.

BULLITZER PRIZE FOR THE TERM'S MOST EXCITING NIGHT—The Friday night Homecoming Rally and parade made it the term's best.

BULLITZER PRIZE FOR THE FRIENDLIEST FRATERNITY ON CAMPUS—The SAMMIES win it hands down this term.

BULLITZER PRIZE FOR THE BIGGEST DISAPPOINTMENT—That rotten loss, in the rain and mud, to Swarthmore, 26-7.

BULLITZER PRIZE FOR THE TERM'S MOST UNDERRATED MEN—to GENERAL GREENE of the Athletic Department (who is doing a terrific job), and DEAN MEYERS who is not half as bad as a few loud mouths lead you to believe.

BULLITZER PRIZE FOR THE TERM'S BIGGEST MISTAKE—This award goes to the soccer team for not electing BILL WILKINSON as co-captain of the team.

BULLITZER PRIZE FOR THE TERM'S ATHLETES—This term the awards go to WESA WILCOX (Girls' Hockey), TED RUBIN (Football), and BILL WILKINSON (Soccer).

BULLITZER PRIZE FOR THE TERM'S PRETTIEST COEDS—Nancy Nevin (Soph), Nancy Sherer (Frosh), Nora Trumbower (Senior), Joanie Walker (Junior) and Joanie Gordan (Senior) in that order.

BULLITZER PRIZE FOR THE TERM'S SEXIEST COED—Donna Wetzel in that order.

In closing, let me be the first to wish you all a happy Easter; don't forget the VARSITY SHOW, April the 22nd and 23rd, and good-night PEG and TED GOLDSBOROUGH, ANNETTE MARINO, JOE SKRULA, JR. and MISS MONK.

Out of Condition?

If you want to build up that body of yours or melt off that excess fat, try a season of track and see if it doesn't give you a strong body, good posture, confidence and lots of pep.

Do you know that practically all of our great mile runners took up running to build themselves up? One very good example is Glenn Cunningham, whose legs were badly burned in a school-house fire. Running got them into condition again.

This does not mean you should

take up track just to build yourself up—although that's a good enough reason. Track is also lots of fun.

There are 15 track and field events. And surely you'll find one or maybe more that suits you. In track you're on your own. It's just your own speed, stamina and strength that spells victory or defeat.

A meeting will be held in the Women's Lounge Wednesday, Dec. 10, at 3:30. All those interested are urged to attend whether you have had experience or not. Freshmen are especially invited to attend.

"An introduction to learning"

says **J. HILLIS MILLER**
 President, University of Florida

"The Reader's Digest is an introduction to learning. Its variety, brevity, intellectual stimulation, selective mental diet, and good humor whet the appetite for more of the same. It leads to larger fields for browsing and deeper cerebration."

To busy students and educators, The Reader's Digest brings each month a sweep of information which otherwise could be obtained only through days and weeks of painstaking research. Selecting and condensing the most significant material from hundreds of periodicals, The Reader's Digest provides the widest collection of facts with the greatest economy of effort.

★ ★ ★

In December Reader's Digest, you'll be interested in *A Bible for the 20th Century*—story of the new Revised Standard Version of the Bible; *What You Should Know About Your Eyes*—a report on eye care and the commoner eye diseases; *England Prepares to Crown a Queen*—the \$300,000,000 preparations for the coronation of Queen Elizabeth II.

IF Football

(Continued from Page 10)

for the top football honors. They include Armstrong, Page, Klopp, Roberts, Heaton and King, all of whom have done splendid jobs on the playing field. Their record of five victories and one defeat stands as a credit to all of the team members.

Along Frat Row

(Continued from Page 7)

SIGMA ALPHA MU

Best of luck to the newlyweds—Gil and the "Rock" in their new Elkins Park home (be it ever so humble). Goodbye, Brother Durlowsky—you're next to resign from the Bachelor's Club of Drexel.

A rip-roarin' time is expected in the event of our annual "Bagels and Yox" show at the house this Saturday night (hold the onions, my date lives next to Fairmount Park.)

Coming soon—the biggest week Drexel's ever seen.

SIGMA PI

Rumor has it that Sam Berger has been spending a few evenings; some say it's a young lady, but this is strongly denied.

Observed lately: Charlie Christian playing hide and seek with his draft board . . . that Charlie Killam has passed his physical . . . Brothers Trott, McCullough and Berger waving an Army pennant on Fifth Avenue . . . Cashner and Picker over at Penn throwing stones at the Beta House.

With hell week nearly over we observe that the pledges are not too appreciative of this week designed especially for them.

Congratulations, Pi Kaps, for producing another wonderful show.

ALPHA SIGMA ALPHA

Congratulations to the Pi Kaps

Bus. Ad. Goes Out For Team

by Djaughe (Pronounced "Joe")

Last week I became interested in extra-curricular activities. I decided at once to play a varsity sport—for two reasons. One, to get a letter, and two, to get my money's worth from my athletic fee.

I consulted the varsity coaches to find out which team needed me most. After lengthy deliberation, I immediately concluded that football, soccer, basketball, swimming, track, wrestling, and lacrosse were out of the picture (because of various reasons too numerous to mention here). This left me a very small choice.

I took one look at a golf club and vetoed golf immediately. For some reason a tennis racquet was just as unappealing. At this time I was advised by my associates to give up altogether. But, lo, just as I began to lose hope in myself my natural instinct was awakened, as I was led by my bosom friend and companion, Bird Sanbees, to a smoke-filled back room of the Student Building basement. I was nervous and excited as we descended the spiralling steps together.

on a terrific show. A thank-you is in order to the Alums and Kappa Kappa chapter at Temple for the buffet supper at the Kappa Kappa house. We hope the children enjoy the toys which were donated.

If anyone would like to give magazine subscriptions for Christmas presents, please contact the Alphas. They make nice presents, and you don't have to wear yourself out hiking all over Phila. to find a suitable gift. You only knock yourself out trying to find an Alpha in the Court. (That is before 8:00 a.m.)

Let's all get behind the Red Cross and sign up to be hostesses at the Philadelphia Naval Hospital. The boys really look forward to the parties when girls come; so let's not let them down.

PI KAPPA PHI

This time the Indians (of Without Reservation) discovered Columbus and his knights and had a wonderful time doing it. Our party was certainly a happy climax to a wonderful success.

Congrats to newly pledged Pete Burn. Glad to have you with us.

The football season is not over, for it seems, gentlemen, that we have some unfinished business this week-end.

Anyone for a game of Indian tonight?

Here to my watering and surprised eyes I witnessed two most unusual athletic events. Both were played on long green tables, but one (called "ding-dong" or something) employed one little white ball; while the other (called pool) used many different colored balls, and it really intrigued me.

I sat down, amazed. It was at this moment I decided to make pool my sport. I watched attentively as an engineeringish looking guy poked a long stick at the little balls.

Then, looking around, I noticed the character of these men sitting about the table. What a motley crew they were! I became excited and scared. Everyone was watching me—except the fellow with the long pole—he kept his mind on the game. Then, on one poke they all looked at the table again as I shivered with fear.

I was so scared I must have looked like a Saint Vitus dancer. I decided to sneak out. Still everyone watched the little balls. This was my chance! But then, as fate would have it, the meanest looking boob in the place grabbed the pole and rubbed some blue stuff on the end. I remembered reading of South American Pygmies poisoning their hunting spears the same way. I heard whispering across the table. I started gasping, when at that moment someone yelled like murder, "RUN OUT!!!"

At the time I did not know how far he meant to run, but when I took my second breath I was nearly to the gate leading out of the campus.

IF Crown Undecided; Playoff Game Sunday

There has been considerable activity in the interfraternity football league since the regularly scheduled season ended two weeks ago. At that time Pi Kappa Phi was proclaimed as the winner of the IF grid championship . . . with reservations. During the season two game protests were lodged which had to be decided. Alpha Pi Lambda protested its game with Lambda Chi, while Theta Chi did likewise in the Pi Kap encounter. Both protests were brought before IF Council which decided that the games in question should be replayed.

The results of the replays could possibly change the league standings and the overall points. The standings not including the disputed games are as follows:

	W	L	T
Pi Kaps	6	0	0
Lambda Chi	5	1	1
Theta Chi	4	1	1
TKE	4	3	0
Apple Pies	3	2	1
Sammies	1	5	1
Delta Kappa Rho	1	6	0
Sigma Pi	0	6	1

Two of the fraternities have produced top teams this year that deserve special mention, Pi Kappa Phi and Lambda Chi. The Pi Kaps have compiled an enviable record of six victories and no defeats not including the game to be played. While racking up 138 points they allowed their opponents a total

of only 12. In their first four games no team could produce a score against them, and no opponent could gather more than six points in one contest.

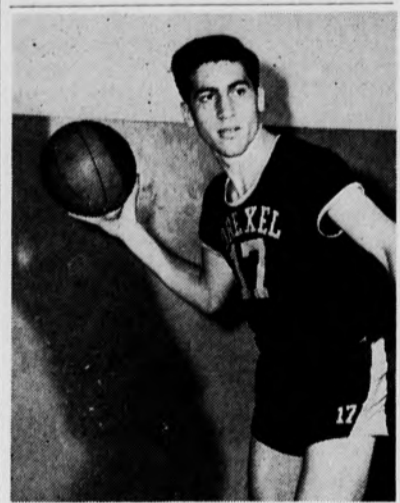

The records show that 86 per cent of all the scoring done by the Pi Kaps involved their classy captain, Ed Neuman. He sparked the offense by passing for 9 TD's, running across the tundra for 9 more, and catching one pass in the end zone for a total of 114 points. This is more than the total point production by any other team this year. Much of the credit belongs also to Ed's teammates who have played sensational games all season. Some standouts are Walker, Nueninghoff, Chase, Advena, Shelly and McKee.

Lambda Chi has come up with a fine combination of men to vie

Hoopsters Open Season Jan. 3, Against Rutgers

Led by Danny Promislo, the 1952-53 basketball squad had begun working out in preparation for the coming season. Promislo, set shot and rebound artist, along with Evans Morrison, Karl Schaeffer, and George Seidel are all returning lettermen of last year's team. These four will form the nucleus of this season's squad.

Captain Dan Promislo

which will be filled out by last year's championship JV aggregation. Among those up from JV will be Vic Quattrini, sparkplug of the JV team last year, Dick Walker, Dick McGarrity, Ed Neuman, Art Jones, Ed Roman, Stan Woerth, Harry Sarajian, Jim Sarajian, Jim Ranonis, and Dan McCormick. Also Ed Imperato and George McGorman are in contention for berths on the team.

Coach Hal Kollar will retain 15 or 16 players on the varsity squad. Kollar will use Promislo as the work-horse this year because he is adept, both as a ball handler and rebound man. Kollar expects to use Promislo as the pivot with Vic Quattrini and Evans Morrison playing outside. The lack of height on the team will create a problem, but Coach Kollar pointed out that a change in rules this year will aid a shorter team.

The new rule states that for the first 37 minutes of the game any foul, except one while in the act of shooting, a 1-1 signification will be made by the referee. This means that the player who was fouled will receive a normal penalty shot. If he makes it, the game continues, with the opposing team receiving the ball out of bounds. If the shot is missed, the player gets another shot, which

will be played as before, regardless if the shot is good or bad.

In the last 3 minutes any foul, except one made in the act of shooting when the attempted field goal is good, will give the fouled player 2 penalty shots. Also there may be no waiving of foul shots to take the ball out of bounds in the entire game as well as the last three minutes. These changes will cause the game to proceed more slowly than before, and it will give the players more rest with each foul.

The highlights of the coming campaign are the two appearances of Drexel in Convention Hall. On both occasions, the Dragons will be playing in the second game of the doubleheader. On January 24 they are host to West Chester State Teachers College and on February 24 they again are host—this time to Saint Joseph's College.

Captain Promislo says that the squad this year will be young, but the willingness to win and general team spirit and hustle are exceptionally high. He relates that after a week of practice the squad looks better than last year's but adds that because of the late start in practice there could be a slow start. However, he, along with Coach Kollar, are both looking forward to a better season than last year (9 wins—10 losses).

The entire squad is awaiting the opening game on January 3 with Rutgers College of South Jersey.

An experiment is being made this season with 6 of Drexel's 9 home games being played at Sayre Junior High School. It is up to the students to support all of Drexel's games; especially the games at Sayre and the two at Convention Hall.

The JV squad is being readied by Coach Tom Miller and he reports that he had nearly 50 candidates out for the openings on the squad. He is watching several boys closely, including Ted Rubin and Jim Harley. The first JV game is against University of Delaware JV on January 10, and Miller is looking forward to a successful campaign similar to last season's championship one.

NUMBER 15

Women's Corner

Full Schedule of Sports Ready For Winter Term

Finishing out the fall sports program, Judy Vogt will meet Josey Moore in the semi-finals of the open ping-pong tournament. The winner of that match will vie with Helen Labinsky for the title. Sixteen players entered this fall tourney.

The winter Intra-athlon program consists of four sorority teams, two freshman who will compete in the basketball tournament. Games will be arranged for each team to play every other team once.

An open tournament in badminton will also be arranged for winter term.

Basketball practice officially began this week when Coach Mary Fetter met with many of the 35 women who have already signed up to play in the 1953 winter season. For anyone interested in playing basketball next term, it is not too late to sign up at the gym office. Two important practices have also been scheduled before winter term begins and they will be on December 29 and 30 in the women's gym from 10 to 12 a.m.

Listed on the schedule of games for the squad are Ryder College—the first game which will be played at Drexel on January 28—Ursinus College, Rosemont, Bryn Mawr, Swarthmore, Chestnut Hill, and Albright.

Returning members from last year's squad are Mary Lou Bates, Rose Grahn, Alice Miller, Aline Creyaufmiller, Esther Katsis, and Joann Fritz. Approximately ten freshman women have come out for the squad to date.

The badminton season opens on January 30 when the squad meets Ursinus at home. Manager Donna Rupert has scheduled six games for the season.

Bowling season begins on February 26 when the team meets Temple at Temple. Three additional matches have been scheduled by Manager Marilyn Bittle. Eight members of last year's team are returning this season.

Luanne Pellnitz, manager of the swimming team, reports that six meets have been scheduled for the winter term. Six of last year's squad will help make up the nucleus of this season's team. On February 4 the DIT girls will meet Swarthmore at the home pool.

Four Grid Players Make All-Foe Team

Four Drexel Jayvee football stars were named to the Bordentown Military Institute "All-Foe" team. Joseph Kwapinski, tackle, and Lou Solari, back, made the first team honors. Bill Kresge, end, and guard Everett Gest rated honorable mention. The players mentioned by the Institute in the All-Foe listings were outstanding players all season on Coach Epstein's Jayvee team.

Co-Captains, All-Foe Squad Named By Soccer Team

Drexel's Soccer team held elections for Captain and All-Opponent team last week. As a result, Charlie Bell and Red Schmitt will lead next year's booters.

The all-opponent team contains several men who will no doubt appear on the All-American lists, and several more will make the All-Middle Atlantic team. When the All Middle Atlantic team is chosen later this month, several Drexel players are expected to appear on it. The All-American team will not be chosen until sometime in January.

The Drexel All-Opponent Soccer Team:

First Team		Pos.
Lenz, F. & M.		G.
Lampe, F. & M.		R.F.
Woods, Haverford		L.F.
Wilmet, Penn		R.H.
Anderson, Penn		C.H.
Pearson, Haverford		L.H.
Yoder, C., F. & M.		O.R.
Yarnall, Penn		I.R.
Duvaney, Penn		C.F.
Woznicki, Haverford		I.L.
Harrison, Haverford		O.L.
Second Team		
Hack, Johns Hopkins		G.
Kintner, Delaware		R.F.
Tucker, Penn		L.F.
Young, Haverford		R.H.
Cieka, La Salle		C.H.
Strauss, Hopkins		L.H.
Crawford, Gettysburg		O.R.
Richie, Haverford		I.R.
Hutchins, Johns Hopkins		C.F.
Zartman, Ursinus		I.L.
Yoder, S., F. & M.		O.L.
Honorable Mention		
F.B.—Russell, Washington; Grimm, Washington.		
G.—Sadowski, La Salle; Mann, Gettysburg.		
H.B.—Rogge, F. & M.		
F.B.—Heacox, Gettysburg.		

The Crystal Ball

by Joe Willard

I hope this final viewing into the Crystal Ball will be my best. After reading my "Old Faithful" through fog, rain, and other obstacles, and consulting record books, and the "Powers of the Occult," I am signing off for the season with my 1952 All-American Team plus the major bowl game predictions.

The Crystal Ball All-American Team:

- End—McPhee, Princeton
- End—Terry, Michigan
- Tackle—Modzelewski, Maryland
- Tackle—Atkins, Tennessee
- Guard—Matuszak, Tulsa
- Guard—Millet, Holy Cross
- Center—Moomaw, U.C.L.A.
- Back—Heinrich, Washington
- Back—Vessels, Oklahoma
- Back—Hoag, Kansas
- Back—McAuliffe, Michigan State

- The bowl winners appear in caps below:
- Rose Bowl
 - SOUTHERN CAL. Wisconsin
 - Sugar Bowl
 - GA. TECH Mississippi
 - Orange Bowl
 - ALABAMA Syracuse
 - Cotton Bowl
 - TEXAS Tennessee
 - East-West Shrine Bowl
 - WEST East
 - Blue-Gray
 - NORTH South

The final Crystal Ball record reads 92 wins, 36 losses, and 2 ties, for a .710 percentage.

Star Athlete Drafted

The Drexel Tech Wrestling Team suffered a jolt this week when it was announced that Co-Captain Fred Ulmer, unlimited class, would be inducted into the army on Dec. 9. Ulmer, six foot, 195 lb. star from Upper Darby High, also has been a mainstay on the football team, having been a standout guard for 2 seasons. Last year, as a wrestler, he lost only one match, and that by a close point decision. Head Coach Dick DiBatista is not sure as yet who will replace Ulmer. Wrestling practice will begin later this month.

1952-3 Basketball Schedule

January 3—Saturday—Rutgers College	Way
January 7—Wednesday—Phila. Textile	Sayre JHS
January 10—Saturday—Delaware	Sayre JHS
January 14—Wednesday—Ursinus	Sayre JHS
January 17—Saturday—PMC	Way
January 19—Monday—Phila. Pharmacy	Gym
January 24—Saturday—West Chester	Convention Hall
January 28—Wednesday—Temple	Sayre JHS
January 31—Saturday—Alumni	Gym
February 3—Tuesday—F. & M.	Way
February 7—Saturday—Swarthmore	Sayre JHS
February 11—Wednesday—Haverford	Sayre JHS
February 14—Saturday—St. Joseph's	Convention Hall
February 18—Wednesday—Ursinus	Way
February 21—Saturday—Delaware	Way
February 25—Wednesday—Swarthmore	Way
February 28—Saturday—Haverford	Way
March 4—Wednesday—PMC	St. Joseph's Field House

All varsity games start at 8:30 P. M.

Co-captain Gene Hug of the football team and captain Ellen Aiman of the hockey squad are shown crowning Joe Haenn as king of the Flour Bowl. Participants from both teams watch the coronation after witnessing a 1-0 victory for the varsity gridgers.
