Girls Shoot Way To Championship

by Norm Bean

While going about their quiet and unassuming manner, the Drexel women's rifle team turned in another sparkling season by capturing its fifth national team championship in the last eight years.

During the campaign, the Annie Oakleys participated in nineteen matches, all but one of these being postal. For those of you who are unfamiliar with the sport, a postal match is one in which the results are sent through the mail. This enables teams to compete from all over the country with one another without the burden of travelling. The girls engaged in eighteen of these matches, winning thirteen and losing five. In the other, they shot a shoulder to shoulder match with George Washington University only to lose 494-486.

The match that enables the girls to take the hunting was one of four conducted by the National Rifle Association of America in Washington. The contest was a two gun match in which five members from each competing squad fired ten rounds each in three positions, prone, kneeling, and sitting. Drexel's winning score was 1256 points out of a possible 1500. Second place went to the University of Denver, last year's winner, with a score of 1244 points.

Individual scoring for the victory was as follows:

1. Juan McVittie ............ 282
2. William Snyder ........... 275
3. Joseph Travaglini ........ 269
4. Jan Campell .............. 268
5. Jan Henderkson ........... 248
6. Dee Blakeslee ............ 230
7. John Gerlach ............. 217
8. Charles Bell .............. 215
9. John Madill ............... 210
10. Jerry Krassenstein ........ 208

The match which determines the individual championship was the free pull to which the winner is declared the national champion. The gallery pours in for this, the high point of the day. The high point of the day for the competitors is the satisfaction of meeting one's goal.

Members of the Championship Rifle Team pictured above are, first row—Janet Hendrixson, Dee Blakeslee, Charlie Bell, John Gerlach, and Joan MoAbee. Second row—Marry Mindt, Gary Slighman, Ann Wagner, Margaret Roberts, Miss Gladys Darrah, Betty Loomer and Joan McAbb.

Regional ICG Elects Travaglini As Leader

Joseph Travaglini, a junior in the College of Business Administration, has been elected regional director of the Southeastern Section of ICG for the coming year. Elected at the convention in Harrisburg, Joe is currently chairman of the Drexel chapter of ICG.

His election climaxd the three day convention which was attended by 10 delegates from Drexel. Key speakers at the convention were Democratic Congressman McKeeny from Minnesota and G.O.P. Congressman Herb Gruening of Idaho. Both men presented repressive party reports for the past two years.

Players in the Annual Varsity Club Show are left to right: Bud Wilkinson, Ed Neuman, Dick Young, Russ Chancey, and Ray Dalkler.
Scholarships Available for June Graduates

Drexel students who are graduating this June are urged to make application for a scholarship which will enable them to receive aid for graduate study in Ireland. The scholarship has been established by the Society of the Friendly Sons of Saint Patrick of Philadelphia as an additional means of promoting good will between the peoples of the United States and those of Ireland.

The award for graduate study provides an amount of $1,000 per year for a maximum of three years of study. This study may be taken at either the National University or at Trinity College.

The scholarship is available to all male students, preferably of Irish descent, in the Philadelphia area. It will be granted on the basis of high scholastic standing, participation in extra-curricular activities, and desirable personality traits. A candidate must have attained the age of 20 years and not be over 24 years at the time the scholarship is to take effect. The deadline for filing applications for the scholarship is May 1, 1954.

Case of the dry "oil" well

Not at all unusual, you say? But this well was purposely drilled that way! In fact, precautions were taken to see that the well wouldn't contain oil-bearing sands. It was to be a vital part of an elaborate waste-disposal system built into one of Du Pont's new plants near Victoria, Texas. It is an example of the unusual engineering problems which Du Pont technical men encounter.

The "well" itself is almost a mile deep—4,000 feet, to be exact. Waste fluids from the plant are forced down this well, to be absorbed by non-oil-bearing sands—far below the level of any surface water. Piping near ground level is in the form of concentric and if fresh water is delivered to the annular opening around the waste pipe. Furthermore, the water pressure is higher than that of the fluids in the waste section. In this way, any leakage in the pipe system causes fresh water to enter the surrounding sands (or the inside waste system) and prevents objectionable materials from reaching the sands at surface levels.

Other interesting procedures are used throughout Du Pont's many plants to guard against river pollution. For example, the engineers were asked to make a complete marine-life census on one river before a plant was built nearby. The company wanted to be certain that no waste would be discharged which would challenge the natural pattern of marine life.

Throughout the Du Pont Company, wherever there is a need for the services of technical men, there are preceded and interesting problems that present a challenge to engineering skill and imagination.

W. S. G. A. (Continued from Page 3)

This was a special committee set up by the House of Representatives, and its initial stand for Select Committee to Conduct a Study and Investigation of all Matters Relating to the Need for Adequate Supplies of Newspaper, Printing and Wrapping Paper, Paper Products, Paper Pulp and Pulpwood. Strictly SNAFU.

The Student Building Committee has announced that there are funds available to redecorate the Women's Lounge in the Student Building. Phyllis Mollon has worked on a plan for this to be done by the Interior Design Majors this summer. The girls will derive practical experience and the lounge will have the professional decorator's touch.

Student Government also contacted members of women's classes to canvass for donations for Crippled Children's Association. If you have any suggestions that you would like to submit to WRGL, please address them to Pat McEneaney.

Now available for student ASME chapters and other colleges through the 16-mm. sound color movie—"Mechanical Engineering at Du Pont." For further information, send post card to E. I. du Pont de Nemours & Co. (Inc.), 2021 Nemours Bldg., Wilmington 98, Delaware.

Girls Elect New Officers

The Women's Student Government Association held elections of officers for the coming school year yesterday. Nominations, which were held on April 15, listed the following as nominees for president: Janet Turner, Lee Marshall, and Janet Hendricksen. Candidates for vice-president were Pat McEnaney, Merid Grae and Marilyn Murray.

Cory Scott, Peggy Wilson, and Nancy Nielsen were nominated for secretary, and Maureen McGarry, Betty Hill, and Chris Caruyar ran for treasurer.

Five board members were chosen from the thirteen candidates. Those nominated were as follows: Janet Alm, Nancy Eckert, Jean Fossell, Gary Fredericks, Barb Ham, Joanne Kahan, Ginny Lunden, Joan McAlarne, Marty Muntz, Susie Ritchie, Peggy Ruhl, Gabe Schae, and Wesa Wilcox.

You have probably been wondering just what WSGA has been doing recently. The student government, both Men's and Women's, have undertaken many projects and carried them through successfully. One of their problems is paying all of the production costs. Tickets will go on sale next week in the Great Court and can also be purchased from any member of Alpha Phi Omega or the Rouge and Robe. Admission is fifty cents per person.

The program, produced by Mr. Karl T. Cooker, and directed by Joan Alsacson, will feature the following plays and players: Agones, with Lynn Russell, Herb Brown, Carol P. Miller, and Virginia Capobianco. The third act, Dr. Funanus, will be enacted by Bill Golden and Donna Wenzel. Shirley Liebman and Tom Shannan star in the fourth presentation, the ever-popular "Tammy of the Shew." Next will be "A Doll's House," with Pat Budd and Jim Detter. The sixth production, "The Rivulets," features Lynn Russell, Jim Strainbridge, and Herb Rieder. Presented by the Interfraternity Council in collaboration with ARSE and the Interfraternity Council.

As part of their preparation for its seventh annual contest on May 7, "Kano" is a Greek word meaning "song" and has traditionally been established as the title of this songfest. Each fraternity on campus is eligible to participate but must abide by the rules set up by the Intramural Council.

Two songs are presented by each fraternity and are judged on the basis of tone quality, balance, and creativity.

At the conclusion of the performances, Cathy Black, I.F. Sweetheart, will present the winning fraternity with a trophy. Last year Sigma Pi topped the honors and in 1952 the Tekes were named the grand winners.

Judges for this year's contest will be Mr. Clark Maynard, Mr. Nichols, and Packer McDaniel.

Elections were recently held for the Tech Journal's new staff. Frank Brown, a junior, has been selected as the new Editor-in-Chief, and will work with the Engineering Department to improve and expand the publication. Frank, who was Managing Editor of the magazine last year, is a member of Phi Kappa Phi fraternity, and participates actively in the Federation of Engineering Society. He is also a member of AIEE.

The Managing Editor for the 1954-'55 school year will be Bill Yovan, a junior majoring in mechanical engineering. He has had much experience on the "Tech Journal" staff and is well qualified for this position.

The third position on the staff, that of Business Manager, has been filled by Jack Kuhn, a C and E pre-"r?jitar, who was advertising manager of the "Journal" for the past year, is a member of Sigma Alpha E Mu fraternity, and acts as its business manager.

The "Tech Journal," which is published four times a year, is available to all students in the College of Engineering. It features articles on current happenings in the field of science and engineering, and is designed to give a real insight on new scientific discoveries. The incoming staff is going to present a more varied field of topics so that the magazine will reach a greater number of students.

Civil Engineers Will Attend Seminar

Senior Seminar Day, a day when the Civil Engineers come into their own, will take place Monday, April 28, at Swarthmore College. This is presented in collaboration with ARSE and is an annual convention.

Professor Humpf, who is in charge of the delegation from Drexel, has made arrangements to have all those attending this conference to be excused from classes. Registration begins at 9 a.m. and is followed by lectures and discussions of seminars.

Rouge and Robe Will Present Cavalcade of the Theater

"Shifting Stages," a cavalcade of the theater, is a show consisting of cuts from eight famous plays, from the first Greek drama to the current Broadway hit. It will be presented by the Rouge and Robe on April 25 and May 1 at 8:15 p.m. in the auditorium. All money from the tickets sold will go directly into the Campus Chest fund, since the Rouge and Robe is paying all of the production costs. Tickets will go on sale next week in the Great Court and can also be purchased from any member of Alpha Phi Omega or the Rouge and Robe. Admission is fifty cents per person.

The program, produced by Mr. Karl T. Barker, and directed by Joan Alsacson, will feature the following plays and players: Agones, with Lynn Russell, Herb Brown, Carol P. Miller, and Virginia Capobianco. The third act, Dr. Funanus, will be enacted by Bill Golden and Donna Wenzel. Shirley Liebman and Tom Shannan star in the fourth presentation, the ever-popular "Tammy of the Shew." Next will be "A Doll's House," with Pat Budd and Jim Detter. Smoke Gets In Their Eyes

A recent directive from the office of Mr. William Martin, Superintendent of Buildings and Grounds, has put an end to another Drexel custom. The rule against smoking in the court or in the casual lounging places has been enforced.

There are many reasons why the action was taken. Some of them are practical, others aesthetic. Whether these reasons are compelling enough to enforce the rule is debatable and should be decided by Student Council.

If you are one of the many students who enjoy the pleasure of a smoke while conversing or lounging in the court, you are likely to resent being told to curb this habit. The guards, however, are only carrying out the orders of Mr. Martin. Included in these orders is one which gives them the power to take a student chided in these orders is one which guards, however, are only carrying out the orders of Mr. Martin. Included in these orders is one which gives them the power to take a student chided in these orders is one which.

In the meantime the only areas open to smoking are the Men's Student Lounge, Student Building, Cafeteria, and a few other miscellaneous spots. The latter group can be found in the "D" book.

Dear Editor:

This year's graduation is rapidly approaching and I am anticipating it with great concern, for I am due to get out this June. I am concerned because I witnessed the graduation ceremonies last June when my brother received his degree. I cannot say that I saw my brother march across the stage because I was unable to pick him out at a distance from the hundreds of others that marched across the platform.

The changes that I would like to see made should be obvious at this point. I think that the graduation exercises should be held in a smaller auditorium for the benefit of both viewers and the graduates. This would necessitate separating the day school and the night school. The night school graduation which would be open only for any people.

I would suggest that at this point the name of each graduate be read off as he is presented with his degree, as has been done in the past. Or, if this is not feasible, the program and seating must be arranged so that it is possible to anticipate the arrival of each separate graduate on the platform. Lastly, I would like to see the Institute Day ceremonies be the same day as graduation preferably prior to graduation so that all interested persons could attend. I do not think that this would make things too long for as many schools graduation takes the better part of a day. I realize that many people will feel that these changes are antipathetic and that they simply want to get their degree and go home, but I think that the graduation will be accepted as a characteristic of the school. Drexel is not so big that it must present itself in academic line fashion with greater emphasis on haste than on doing a thorough job. I do not really think that the graduation of the day and night schools must be combined necessitating the use of the gymnasium. I think that it has something to do with expediency or publicity rather of which is in the best interest of the graduate or his guests.

Sincerely yours,

C. J. Link

April 22, 1954

Dear Editor:

This year's graduation is rapidly approaching and I am anticipating it with great concern, for I am due to get out this June. I am concerned because I witnessed the graduation ceremonies last June when my brother received his degree. I cannot say that I saw my brother march across the stage because I was unable to pick him out at a distance from the hundreds of others that marched across the platform of Convention Hall for about three quarters of an hour in one of the most impressive ceremonies I have ever seen. I do not think that the graduates in this expanded auditorium could do any better. The balcony are too far to see faces on the stage不多的人class and the view of the people sitting on the main floor was blocked by the people in front of them. The only ones who could see those privileged guests in the first few rows of the main floor and most of these were not looking for any one in particular anyhow. The number of graduates at this combined day and night school ceremony was so great that it was very difficult to avoid boredom.

The crowning touch, however, was added by the Military Department when they took one half hour to present about seventy-five commissions to students who had devoted only one-tenth of the total credits to this achievement. By my mathematics, it took two-thirds as long to honor five commissions to students who had devoted only ten per cent of their time earning this distinction.

What the matters seem even worse to me is that the students who had really earned a place for themselves did not receive any mention at graduation. All of the awards for outstanding achievement are given on Institute Day which is attended by almost no students and fewer participants than it takes place during ordinary working hours. I realize that the Institute Day ceremonies are not part of graduation and are not held during graduation at other schools but I feel that some change should be made to encourage greater attendance at this event.

Sincerely yours,

Carl J. Link

The Drexel Triangle

Student Council
Our thanks to Jody Vest and Shirley Bunting, who helped to de­courage the Lodge party under their dater’s supervision. Don’t be a trump—join the crowd for the biggest and best Spring Weekend ever. Let Bill Franek know by this Sunday.

DELTA SIGMA EPSILON
Late, but sincere best wishes go to Phyllis Jones and Donna Wexell in their engagement, and to Cathy Black, Giny Lenderman, and Lu­ann Pelnta on their pinning to Jim Croll, Walt Greene, and Jack Buckwaller.

We all want to welcome our new members: N. Adams; J. Allen, R. Baldassari; C. Beland; H. Callas; L. Crawford; N. Crow; A. De Vivo; M. Ehrelman; R. Harn; B. Hill; B. Kramer; G. Lenderman; C. Scott; and W. Wilcox. Congratulations.

Don’t forget next Monday night as election and installation of of­ficers at the Punta-Hielo.

PHI MU
For two weeks now, we’ve been a chapter instead of just a colony. At the Installation Banquet the alumnae presented us with a silver tea service which we hope to use soon. After dinner at the Lodge, we danced to the music of Bud Tem­pleton’s orchestra. That same even­ing, Pat Patterson and Ron Henry were pinned.

Congratulations to Sigma Pi and Lambda Chi Alpha for their con­gratulations.

Monday night the following were elected: R. Robinson; P. Proia; J. Tra­ness; Vice-President; J. Kulp, Secretary; B. Kraftschik; Treas.; R. Kromer; Pledges: P. Hafner; R. Hafner; S. Pippin; Record­er; B. Parson; Reporter; L. Mar­

Lambdachis Alpha
John Reiss did a terrific job or­ganizing the “Birch Party.” Each couple had one hand tied to his partner’s. The object was to wrap the string around a peg while fol­lowing It from the starting point to see which couple could success­fully find the other end of their particular string first.

R. Dieterich received a basket full of goodies from Jeaninne Cotton.

Don’t forget the Variety Varieties tonight and the House Party which follows.

THETA CHI
More congratulations to Joe Mihlack and Chris Borkowski; George Shides and Shirley Parthe­more; Jack Buckwaller and Luann Pelnta, all of whom are recently pinned. Slow down, men, I can’t hand out congratulations this fast.

It seems that some gremlin is trying to reorganize the lines. “Gabanaro” features a wide range of colors in washable rayon gabardine.

The setting itself was placid; now and then an exciting breeze rippled through the flag. It con­tinued down to blow across the jerseys of the athletes—this is the real pro look. If you could see past the photographers, broadcasters, well-dressed and various other supporting “all-in-a-day’s work” crew, you might see a man stretched out on the bench as only a pro can be. He gave or tried to give, the outward appearance of relaxation, nonchalance. His eyes gave him away. They shifted at first around the little cave that housed him, then, almost as an afterthought, or more, it gave the impression that someone had called his name.

He looked wonderingly across the longest diagonal of his back yard to the base of the flag staff. Here he lingered only momentarily. Slowly, carefully, his view ascended, as if to notice every inch, every scar along the way. Perhaps he went all the way to the stars and back, but he did not give that feeling. His gaze seemed to stop just short of Old Glory at a bare section of pipe, indeed, where yours does so often. A wistful smile came to his lips as he could picture the hunting every 8th day, and every day, you tried you could not share his dreams. The page is his salad, since power and experience were not out of the question, must have been spirit, Spirit—the right combi­nation of kicker and guts.

The third baseman of this white Elephants brought his glance back to the flag pole. He gave all of the dugout the “exciting” athletes playing out.

He called them in for a few words and sent them out, running, mind you, to their positions. This is the secret of hurtle running. And the boys could run.

They were still running when they went on offense. Unfortu­nately, the boys from Iona-bor­ough were throwing and a guy named Flynn was out by forty-eight feet. But you can see through this to the chief claim for fame— not whether you’re out or safe, but whether you hustle or not.

Critical observers were prompt­ed to wonder whether a couple of lads named Renna and Bolling had been informed that they were no longer Yankees, for even in different clothes they hit and fielded like the parent club.

The game itself was exciting and pleasant, save for a moment of mutual sympathy for the sore wing of the goal ticket. He was ushered out quickly and replaced by someone who could be mis­taken for J. Van Glenson III.

A few anxious moments arose, but you could tell that the Sox were being “out-handled.” Actu­ally the outcome was never in doubt, especially to one “Ozark Cat” who found himself after the game only fifty-nine short of some record. He too, contributed the “play of the day.” Most observ­ers agreed that the ball hit by Persall would have been a single in any league except the holding by lady for his eyes. Jim to a crowd. of live men, there is never a “running out” to let in Phillips.

The shadows were covering half of the infield when the oldest man in baseball, if not in captivity, came down with a screaming line drive for the twenty-seventh out and before you could cheer the A’s were still out hustling out of the park. If you watched closely you saw Joe sneak a defiant look at the flagpole.

What more could a guy ask for?

SHE'LL BE WAITING FOR YOU IN THE COURT.

...she'll be waiting for you in the court.
The Rebels-Cobras tilt was closely contested throughout, with the victors holding a slim 24-22 halftime edge. A scoring duel between Promislo, 20, and Bob Keene, 18, proved an interesting aside. Promislo, a 5-foot-10, 175-pound junior, earned assistance from Frank Rapprich and Harry Serkan, both 19 point contributors, while Joe Scarlata threw in 12 tallies for the losers.

In the second affair, both teams showed exceptional skill from the field during the opening half. The winners produced four double-figure men in Campbell, high man with 20, Hartley, 16; White, 10; and Hunter, 11. The losers were paced by Beber with 19 and Sabaga, 10.

TO GAIN THE LEAD
Vic Quattrini's Cobras, 48-40, to
of John Loomis' Bearcats, 69-47.

THETA CHI WINS
TWO CLIMBS IN SOFTBALL LEAGUE

 Theta Chi dominated play in the I.P. Softball league during the past weeks by topping Delta Kappa Rho 7-0 last week and following with a 1-4 win over the Tekes. The Tekes, previous to this loss had rolled over the Sammies by the score of 11-5.

Apple Pi, meanwhile, topped Sigma Pi 21-4 while Lambda Chi took the measures of Delta Kappa Phi 14-7.

The game of the week saw Theta Chi's Anakie Campiglia throw a homie with a teammate on base to break a 5-7 tie with the Tekes, and pave the way to victory. Campiglia led his team at the hit by hitting two singles besides his home run in four trips. Dick Lyster was high for the Tekes with a single, double and triple in four tries.

Cinderella Beaten
In Initial Contest

After an absence of one season, the Drexel Cinderellas made an auspicious initial showing this time by absorbing a horrendous 107-17 defeat at the hands of LaSalle, one of the best teams in the city. John Montell led the Dragons in scoring with 20. The losses scored seven goals each, and the top goal scorer for Drexel was Ed Neuman with five.

The Tekes, previous to this loss, had reigned for next season, but there are still vacancies for any girl choosing to give the team a try. Practice and tryouts are held at the individual's convenience.

Garnets, Penns, and Balto, Win Over Lacrossemen

by George Taylor

The lacrosse team for the past week and a half completed the biggest hurdle in their season as they lost their decisions to the University of Pennsylvania, 9-6; Haverford, 15-4; and 12-11 scores. The Swarthmore game was a thorough rout for the Epenon couldn't withstand the onslaught of the University of Baltimore and ended on them the score of a 9-7. Led by the steady and hustling play of Captain Carl Fugmann, and a single to the right center field, the Dragons started fast as Fugmann scored just 10 seconds after the opening whistle and two minutes later scored again on a pass from Ross. The score came back and the tie was tied at 7.

Defeated by the University of Baltimore, but their enemy in the Eastern Intercollegiate Conference, the Swarthmore team

Drexel's hard-hitting baseball squad steamrollered to four straight triumphs this week, the highest being a 12-2 win over St. Joe's. A walk-off-tie in the 12th inning saw five runs scored to six in a row. St. Joe's, Rutgers of South Jersey, Haverford, and Swarthmore were all defeated by the powerful Dragons, who boast a team batting average of .394.

Gene Hug blasted a single, a double, three walks, and a home run against St. Joe's, Rutgers and Haverford, while George Meyers homered against P.M.C. Mike Pulsec had 31 strikeouts in 19 2/3 innings of pitching. In six times at bat to hit the four games.

There is a new face out at the feature left hand field hole behind the fence to Jim Brown, the likable baseball coach at Drexel, where he attended South Philadelphia High and Temple University. While at Temple he played both baseball and football. In his senior year, 1938, he led the Owls to their first conference title in scoring and was named to the all-team. He later played with the Boston Bears and Delight Eagles when they won the World's Series. Prior to that he was with the Phillies.

Our new coach has also had a long record in the minor leagues. He has been in the Yankee and Detroit systems and was in touch with such teams as Toledo and Oklahoma. During the war, Jim played at Nor- west, where he was manager. Among his teammates were Bob Puller and Sam Chapman.

Recently, Mr. Brown has coached in the Philadelphia school system and officiated local football and bas- ketball games. This past season he re- ferred in the Eastern Basketball League.

Apple Pies Win Two In-Pong-Ping League

Last week saw limited action in the in-Pong-Ping League. Alpha Pi Lambda took two matches with identical 51-5 scores over Phi Delta Kappa, Phi, and Delta Chi. Phi Delta Kappa and Franklin Dowers carried the major part of the load for last year's champions. Tied with the Blue Hens added incentive and puts a more finished look for this fall. The Flyers and Tri Delta Take out 1964-65. The Dragons are ranked fifth in the second pass four.
