Women Break Tradition, Join Board of Trustees

For the first time in Drexel's history, women have been seated as members of the Board of Trustees. Both Mrs. John Wintersteen and Mrs. Dorothy Worral were elected to the Board at the recent meeting. The representation of the Board members is made by a Nominating Committee. The Board of Trustees then selects the members of the committee, Mrs. Winters and Mrs. Worral have been elected to two year terms ending October, 1966.

Descentor of Founder

Mrs. Worrall is a great-grand-daughter of James J. Drexel. She is a graduate of the Women's College. She has served as a Nomining Committee member for the University Hospital. She is also on the Executive Committee for the Antiquary for the University Hospital.

President of Art Museum

Mrs. Wintersteen is President of the Philadelphia Museum of Art. She is a member of the Board of Trustees and is a trustee of the University Hospital and the Philadelphia Art Association.

The ROTC Department, when the ROTC program was established in the 1940s, was a requirement for all male students. The enrollment of women in the ROTC program was not allowed until the late 1960s. The presence of women on the Board of Trustees is seen as a significant step towards gender equality in higher education.

Mixed-gender Events

The ROTC program was traditionally a male-dominated program, but with the new contract, women were allowed to join and participate. This change was significant for women's participation in military affairs and paved the way for future generations of female ROTC members.

Homecoming Ceremonies

The Homecoming festivities included a parade, a football game, and various other activities. The Homecoming Queen, Miss Janice Neven, was presented with a bouquet of roses and her effigy, also. The parade proceeded down the Main Street, and the football game took place on the field, with the Little Brown Jug trophy being awarded to the winning team.

Advanced Corps Contracts Canceled:
Cadets Required to Sign or Resign

The ROTC program was controversial due to its mandatory nature and the financial obligations it placed on cadets. The ROTC program was canceled, and cadets were required to sign new contracts to remain in the program. This change was significant for the ROTC program's future as it shifted from a mandatory to an elective program.

Homecoming King and Queen

Janice Neven, the Homecoming Queen, was accompanied by her escort, George Neven. The Homecoming King was not mentioned in the article. The Homecoming King and Queen were significant figures in the Homecoming festivities, and their selection was typically a popular event on campus.

Varied Activities Provide Homecoming Entertainment

The Homecoming festivities included various activities, such as skits, skits, and dancing. These activities were designed to provide entertainment for the students and the community.

Arm Wrestling

The Homecoming activities included an Arm Wrestling contest, which attracted many students. This activity was a popular event and provided a fun and competitive atmosphere.

Homecoming Queen's Coronation

The Homecoming Queen was crowned on the field, and the ceremony was marked by the presentation of the Little Brown Jug trophy. The Queen was also presented with a bouquet of roses.

Homecoming King's Coronation

The Homecoming King was crowned with a bouquet of roses and was presented with a masquerade costume. He was accompanied by his escort, who was also presented with a masquerade costume.

Cavalcade Leads To Field

The Homecoming activities included a Cavalcade that led to the field. This event was a significant part of the Homecoming festivities and provided a festive atmosphere for the students and the community.

Pre-game Ceremonies

Pre-game ceremonies were held to set the tone for the Homecoming football game. These ceremonies included the presentation of the Homecoming King and Queen, the Homecoming Queen's Coronation, and the Homecoming King's Coronation. These events were significant in creating the Homecoming atmosphere and setting the stage for the football game.

Game Starts At 1:30

The Homecoming football game started at 1:30 p.m. The game was significant for the community and provided a fun and exciting atmosphere for the students and the community.

Homecoming Queen's Coronation

The Homecoming Queen was crowned on the field, and the ceremony was marked by the presentation of the Little Brown Jug trophy. The Queen was also presented with a bouquet of roses.

Homecoming King's Coronation

The Homecoming King was crowned with a bouquet of roses and was presented with a masquerade costume. He was accompanied by his escort, who was also presented with a masquerade costume.

Cavalcade Leads To Field

The Homecoming activities included a Cavalcade that led to the field. This event was a significant part of the Homecoming festivities and provided a festive atmosphere for the students and the community.

Pre-game Ceremonies

Pre-game ceremonies were held to set the tone for the Homecoming football game. These ceremonies included the presentation of the Homecoming King and Queen, the Homecoming Queen's Coronation, and the Homecoming King's Coronation. These events were significant in creating the Homecoming atmosphere and setting the stage for the football game.

Game Starts At 1:30

The Homecoming football game started at 1:30 p.m. The game was significant for the community and provided a fun and exciting atmosphere for the students and the community.
Freshmen Representatives Introduced To Frosh Council Responsibilities
By Joanie Rose

Freshman Council held its introductory meeting Tuesday night in the Grand Hall of the DAC at 7:30. Tom Girtin, who was president of last year's Council, chaired the meeting, with Marge Sossaman assisting. Lee Waxman acted as Senate advisor.

Girtin explained the procedures followed by the Council for elections after past officers and the new council representatives were introduced. The responsibilities for each officer were discussed. He explained that the Council is allocated $200 from the Senate, and from there they are on their own.

However, the Senate does require occasional reports as to how the group is functioning. Any exceptional motions as to the funds will have to be discussed before the Senate before it is voted into effect.

Marge Sossaman explained the accomplishments of last year's Freshman class, which included receiving two votes in the Senate. Nominations and elections will be held at the meeting next Thursday, the interested representatives will start campaigning this week. The elections will be held by preferential ballots. It was decided that meetings will be held on alternate weeks.

Tom Girtin stated, "This year's Freshman Class looks like a good group, with a real interest in building their Council."

Senior Engineering Students Speak To Industry Spokesmen

Yesterday, the Engineers' Club held its annual meeting for senior engineering students from area colleges. The purpose of the meeting was to acquaint the seniors with the Engineers' Club and to provide an interesting and educational program for both the students and the engineers.

The purpose of these meetings is to provide an interesting and educational program for both the students and engineers.

It's obvious you're homesick

Succumb to this malaise—set sail for the nearest telephone and call your parents. You'll feel better and they'll love you for calling.

Students Represent Drexel In Chicago Press Convention

The Associated Collegete Press conducted a three day convention for all member colleges at Chicago, Illinois, October 23-24. The convention was conducted to provide a medium through which representatives of college publications could assemble and exchange their knowledge in the field of journalism.

The convention provided a full schedule of lectures, courses, and classes covering such topics as: how to develop a features style, how to interview and report, development of layout techniques, and staff organization. The individual lectures consisted of specific topics of interest to college students and their publications. Should college newspapers support a political candidate? What is the newspaper's responsibility to the school, how to improve layout in a yearbook and topics for newspaper editorials were expanded upon at the various lectures.

Representing the "Triangle" were: Paul Smith, Deb Raywood, Morgan Death, and Dave McCracken.

Representing the "Ledger" were: C.J. Nelson, Darrie Kirsan, and Terry McCummon.

Representing the "Lexerd" were: Jack Britt, Wayne Brewer, Gerald Klein, and Alan Klein.

Students Represent Drexel In Chicago Press Convention

The Associated Colleges Press conducted a three day convention for all member colleges at Chicago, Illinois, October 23-24. The convention was conducted to provide a medium through which representatives of college publications could assemble and exchange their knowledge in the field of journalism.

Also Provided Instructions

Eleven students, representing the "Triangle," the "Lexerd" and the "Ledger," attended the convention. In addition to providing a medium of exchange for the students, the convention provided a full schedule of lectures, courses, and classes covering such topics as: how to develop a features style, how to interview and report, development of layout techniques, and staff organization. The individual lectures consisted of specific topics of interest to college students and their publications. Should college newspapers support a political candidate? Three Levels of Carpeted Efficiency,
Dr. Chung Named to Head Operations Research Dept.

A Management and Operations Research Department was recently formed in the College of Business Administration, Dr. Ah-Min Chung is the new department head. The new Management and Operations Research Department was formed to take care of the increasing faculty and labor relations division of the Economics and Industry Department.

The management and laboratory development aspect will be directed at by Dr. Stanford White, while Dr. Richard Conrad will stress the close relationship between management and mathematics.

Operations research is important because of the trend in business to a highly analytical approach to business problems.

Engineer Turned Economist

Dr. Chung received his Bachelors degree in Electrical Engineering in China. He came to America in 1946 and studied at the University of Pennsylvania under a Government Scholarship.

He received his masters degree in Industrial Management from the Wharton School and his Ph.D. in Economic Theory from the Institute for Scientific Graduate School of the University of Pennsylvania.

By President Hagerty he was named to head the new department. He came to Drexel in 1951 as a full-time instructor. His title, Professor of Economics, was conferred last year. Dr. Chung is an honorary member of Sigma Xi. He also belongs to the Operations Research Society of America and to the Institute of Management Science.

Dr. Chung recently wrote a textbook, "Linear Programming."

Term Paper: Thesis, term paper, post-reading, editing, Duplication of manuscripts and scientific articles, Scientific Exchange, 3433 Walnut St., 3310 Powelton Avenue.

Dorm, SPB Sponsor Dinner and Dance

Drexel's Student Program Board, in conjunction with the Alpha Phi Omega and the Great Court, will hold an open house and a buffet dinner on October 31, at the Alpha Phi Omega's dormitory, 3310 Powelton Avenue.

Tickets for this dinner must be purchased in advance and will go on sale Monday, October 28, in the Great Court and at the main desk of the Activities Center.

Featuring a top-notch band, the dance, which will be in the form of a main attraction, begins at 8:30 p.m. and continues until 12:00 a.m. Simultaneously, the upper floors of the dorm will be open to all students until 9:30 p.m.

As usual, the Homecoming Activities will be open only to Drexel students and their guests.

Comptroller Issues Statement Concerning School Bookstore Prices

Editor, Drexlle Triangle:

We have noted with interest your item on bookstore prices in your "Voice from the Right" column in the Drexlle Triangle of October 23.

I think we would be interested in knowing that the University of Penn­sylvania gives a 5% discount on text­books purchased in bulk at one of their bookstores. However, a spot check in the general mercantile section will indicate that Drexlle prices are lower in the long run, which gives the Drexlle student a better break.

The late President Kennedy challenged us all to do something for our country—take the challenge, and vote November 3. This is not the Democra­tic way, nor the American way, it is the American way. Use your vote or lose it.

Respectfully,

D. Fulton, CBE, '66

Student Expresses Congratulations to ICG Club

Editor, Drexlle Triangle:

I wish to express my congratulations to ICG Club. I am sure the segment of the student population that I belong to will want to read and enjoy, and I hope this mail will be as well. It was unknown to me before, I am sure.

Thank you,

John M. Kohl

Morality In Transition

We say we live in a time when many standards for moral conduct are being changed and disregarded, but we also love for the other person it means to escape, but to live bravely and courageously, something more than a mere sense of a position which inhibits our freedom and prerogatives. It seems to me that it is now time for the sociological problem of nuclear devices possessing nuclear devices of their own.

Eating and Drink and Be Merry

Abortionism

Many of these articles deal with the issue of "abortionism," One most often when a person is not in the sense of a position which inhibits our freedom and prerogatives. It seems to me that it is now time for the sociological problem of nuclear devices possessing nuclear devices of their own.

Involvement in Sexual Relations

This is to say that one person should not use another in a promiscuous manner always wanted, the other person it means to escape, but to live bravely and courageously, something more than a mere sense of a position which inhibits our freedom and prerogatives. It seems to me that it is now time for the sociological problem of nuclear devices possessing nuclear devices of their own.

Homecoming

"Friends, Romans, Countrymen, Lend me your ears" (and some of your votes), please! Drexel students willingly comply as the Great Court is packed during Homecoming Ceremonies.

"Let me entertain you," sings Floos Whitehill, as she leads the Tri Sig "Vestal Virgins" to the Homecoming Games.

CONTESTS GALORE

BRING ON the dancing girls, says Cleo. But A. J. is mad because the Phi Mu's don't kiss men with mustaches.

TOGA TOTER Janice Heren demonstrates how to "Wear a sheet and win votes" as she strides her way to the title of Homecoming Queen.
1965 Miss Phila. Sought In Annual Beauty Contest

A four-year college scholarship awaits Miss Philadelphia of 1965 and entries to the contest are now being accepted. Sponsored by the Optimist's Club of Germantown and the Ger­mantown Businessmen's Association, the pageant will be held on Saturday, Nov. 28, 1964, in All- House Hal of the Philadelphia College of Textiles and Science, School House Lane and Henry Ave., starting at 8 p.m. All pro­ceeds will go to the Optimist Club "Food Fund." All Philadelphia girls are in­vited to enter the 1965 competition. Application blanks and official rules may be obtained by writing Miss Philadelphia Pageant, P.O. Box 4249, Philadelphia, Pa. 19144. Requests for applications must be received by November 2.

Since its origin, the Miss America Pageant, along with preliminary contests such as the Miss Philadelphia Pageant, has steadily grown to become a competition of beauty, poise and talent.

Awards. In order to be eligible, a girl must be no younger than 18 nor older than 28 on September 1, 1965. She must be single, never have been married, nor divorced, and be a high school graduate by June 15, 1965. She must be a resident of Philadelphia for at least six months prior to the Pageant, but a girl who is a student at a Philadelphia college or university at the time of the Pageant, may have residence outside the City, also, as are girls from Philadelphia who are attending a college or university in another section of the country is eligible.

The judging for the Miss Phila­ deliver Pageant will be according to the system used in the Miss Pennsylvania and Miss America pageants, 25 per cent for the evening gown competition, 25 per cent for the swim suit competi­tion and 50 per cent for talent. Beauty of face and figure, poise, personality, charm and intelligence will count in all phases of the competition.

Besides the scholarship, the next Miss Philadelphia will re­ceive a complete wardrobe and the opportunity of representing the City in the Miss Pennsylvania Pageant in West Chester next June. There she may be selected as one of the many scholarships being of­fered. Should she be selected as Miss Pennsylvania, she will then rep­resent the State of Pennsylvania at the Miss America pageant in Atlantic City. Every girl who is selected for the November 28 finals will re­ceive many gifts, plus appearance­cs in the media and the annual Miss Philadelphia Pageant Christmas Show. The present Miss Philadelphia, Marion Joyce Lees of Frankford, a sophomore at Temple University's Ambler Campus, will crown her successor. The current Miss Pennsylvania, Marilyn C. March of Havertown, will also partic­i­pate in the Pageant.

The two groups have again chos­en to sponsor the Miss Philadel­phia Pageant because of the many opportunities it offers young wom­en through its educational and training program, not only on the local level, but on the State and national levels, and because it is a further means of raising funds to assist the Optimist Club in car­rying on its charitable activities on behalf of area youths.

Homecoming Opens Campus Chest Drive

The Campus Chest Campaign for the school year 1964-65 will start with the beginning of Hom­ecoming Week, Campus Chest is the annual charity drive which is spon­sored by Class Council. The money collected will be do­nated to the following organiza­tions: The International House, The World University Service, The Mental Health Association and The American Cancer Society. These organizations were selected be­cause of their direct services to college students.

This year's drive, chaired by Lynn Lotecka, will consist of Homecoming Buttons this week of November 9. Dress is semi-formal.

IF Council Meets To Finalize Plans For Homecoming

Homecoming and the Inter-Fa­therhood Ball occupied the major portion of the Fall Interfraternity Council meeting, the eleven fra­ternities agreed to participate in Saturday's Homecoming parade, and an open house for the Fall Ball, to be held November 14. Four fire trucks will be rented by the Greeks to be used as mass transportation out to the game.

Balloting for Inter-Fraternity Ball Queen will take place in Court Novem­ber 9 and 15, and the Queen will be crown­ed at the annual Ball at the George Washington Motor Lodge in Wil­low Grove.

This year all houses will be open Friday evening to all Drexel students and their dates, as well as all Drexel students. A tem­ber will be on hand at each house to provide music for dancing.

Paul Smith, of Sigma Pi, re­ported that work is being completed on an L.F., newsletter, the first of its kind on campus. The publication, which will be in print in a few weeks, will contain news and facts of interest for all frater­nity men.

DEGREES TO BE BESTowed: The Fairfield Chapter of Kappa Sigma Sigma. They said they never expected to be in the court and they felt honored by their election. All the girls admitted to nerv­ousness before the announcement of the Queen but it had been told who had made the Court on Thursday evening but no one was Queen. They thought the contest was well run but suggested that voting for the Queen be extended to three days.

EE Department Finishes New Curriculum Plans

Drexel's electrical engineering department has finalized plans on its new curriculum. The planning has been going on for many months.

"There are many reasons for changing the curriculum," said Mr. Isadore Cogan, chairman of the electrical engineering curriculum committee. First, there is a higher caliber student entering Drexel today, due to improved high school education and more selective entrance requirements. Hence, parts of the curriculum may be compressed or deleted.

Second, new ideas and methods enter the engineering profession and the student must prepare for them. Third, the requirements of the accrediting organization change. Fourth, new teaching methods may require changes in course content.

Further Changes

The addition of a twelfth term, a reduction of credits required for graduation and a common curriculum planned by the committee have been going on for many months. The specific curricula will be available to students in the next undergraduate bulletin, to be published in January.

Matric Cards Needed

Fall matriculation cards will be needed to pick up copies of the Leard.

Prof Kaczmarszicz Returns
From Stimulating Studies

Professor Paul Kaczmarszicz, familiarly known as "Kaz," has rejoined the Drexel Physics Staff after completing a year of postgraduate study at Temple University.

Of his year as a fellow at Temple graduate school, Kaz said, "The greatest advantage of such an experience is having free time to explore the revelations of nature through the eyes and mind of great men of science."

The notorious wit of the Physics Department received an NSF Science Faculty Fellowship to Temple last year while he was a member of Drexel's faculty. Kaz spent the year at Temple accumulating credits toward his doctorate degree.

Quantum mechanics, solid state physics, mathematical physics, and electromagnetic field theory were the main subjects "Kaz" studied at Temple. In addition, he performed research in time varying temperature measurements of exploding wires.

Also included in "Kaz" postgraduate endeavors were independent studies in thermodynamics, electronics, optics and nuclear physics.

**Gridders Meet Penn Military On Homecoming**

By Tom White

Drexel's gridders face arch-rival PMC tomorrow in the 1964 edition of Homecoming. The Dragons scored the first touchdown of the game on a 50-yard pass from Gene Calaphatis to Bill Nahri, who converted the two-point attempt. The Dragons led 7-0 at the half, and went on to win 31-0, their second straight victory.

**Injuries Hamper Harriers**

By Chuck McLaughlin

The Freshmen Soccer team continued their winning ways this week in a 3-0 decision over a strong Pennsylvania Hospital team. The game was played on the beautiful Haverford campus, where the Dragons set up shop.

**Teke, Sigma Sig Remain Undefeated, TEP, Apple Pi Notch Big Victories**

By David Helms

Drexel Tech footballing a 7-0 halftime lead into the second half to defeat Delaware Valley, 19-0. The Dragons defense, in past weeks outstanding, held the Aggies to three first downs, two of which came in the second quarter, while setting up no less than five touchdowns.

**TOUGH DEFENSE**, typical of last Saturday's game with Delaware Valley is shown by Skip Lombardi, here throwing Delvol quarterback out of a big pass. Dragons won, 39-0.

** Dragons Overwhelm Aggies With Fourth Period Splurge**

By Tom White

The Dragons scored the first touchdown of the game on a 50-yard pass from Gene Calaphatis to Bill Nahri, who converted the two-point attempt. The Dragons led 7-0 at the half, and went on to win 31-0, their second straight victory.

**Dragons In Shape**

Delaware Valley maintained their winning ways this week with an unblemished, 3-0, record in the Middle Atlantic Conference. The Dragons opened the season with a 50-0 victory over La Salle and have defeated Penn, Apple Pi, and the Hospital team. In the last game, against the Hospital team, the Dragons scored the first touchdown of the game on a 50-yard pass from Gene Calaphatis to Bill Nahri, who converted the two-point attempt. The Dragons led 7-0 at the half, and went on to win 31-0, their second straight victory.

**Injuries Hamper Harriers**
