TKE President Wins Highest Greek Honor

By Jon Goldman

The Interfraternity Man of the Year Award was presented to James H. Shenk of Tau Kappa Epsilon at the IF Banquet held at Cavanaugh's Wednesday, April 28, by a team of physicians from Hahne's. The award was presented by Luther Reynolds, a research assistant at the National Science Foundation.

The award recognizes special service to the nation's society, and it is given in recognition of the work of outstanding young men. Shenk was chosen for his outstanding service to the nation's society, and for his dedication to education at all levels. He has been a member of the National Society of Collegiate Scholars and has been a member of the Phi Beta Kappa Society.

Dean Toombs Appears on TV, Speaks on Use of Narcotics

Dean Toombs appeared on WRCA-TV last Friday to comment on remarks made by District Attorney Crumlish concerning the existence and use of narcotics on Drexel's campus.

The D.A.'s comments centered on an incident in which a graduate anthropology major at the University of Pennsylvania was apprehended for having a shoe box full of marijuana in his possession. Crumlish stated that the narcotics were worth about $5,000.

Dean Toombs remarked that while there is no problem regarding the consumption of depressants such as marijuna, there is room for concern over the use of amphetamines (stimulants). Crumlish also stated that there is a narcotics ring operating in Philadelphia. He expressed concern over the use of amphetamines. Crumlish commented, "I have no comment."

In his appearance on television, Dean Toombs stated that there exists absolutely no narcotics problem at Drexel.

The dean also stated that if the District Attorney Crumlish found any evidence of a narcotics problem at Drexel, or on any other campus, the college administrators would cooperate fully with the authorities.

Other Problems Exist

Dean Toombs remarked that while there is no problem regarding the consumption of depressants such as marijuna, there is room for concern over the use of amphetamines (stimulants). Crumlish also stated that there is a narcotics ring operating in Philadelphia. He expressed concern that narcotics had appeared in the hands of a student on a campus.

Bus Ad Building Dedicated Expansion Plans Announced

Plans for the expansion of Drexel's campus were announced in a recent interview with William J. Martin, Director of the Physical Plant.

Van Cor Inc. General Construction Company has received a bid for construction of the nine story Business Administration building. The building is projected for completion by June 1. The building will contain approximately 110,000 square feet. The office of the College of Business Administration will take place by June 1.

Coming Additions

The building will also include the first-place Music Festival. The program to be held May 8 in Drexel's Auditorium will also include the first-place fraternity glee club in the recent competition.

Visiting Group Recommends Changes in Biology Dept.

By Richard D. Norman

The committee stated that the department should be organized in the following three areas (1) Cell Biology, heavily oriented toward physical methods in biology; (2) Biophysics, with interest in transfer processes in cells and in general biophysics; and (3) Physiology, with interest in systems analysis in human physiology and in biomedical engineering.

The interdisciplinary nature of an effective biology department was strongly stressed. Biology "is the sole representative of the life sciences in a universe of physical sciences; each should draw upon the other for enhanced effectiveness, interests in chemistry and biochemistry; in physics and biophysics; in engineering and systems physiology; in environmental sciences and biological sciences should be attracted to mutual problems."

In particular, the committee emphasized the importance of the biology department.

This May Be the Most Important Test You Will Ever Take

1. Would you like to work in the Philadelphia area?

2. Will you graduate in June with a bachelor's degree in Engineering, Science, or Business Administration?

3. Are you interested in working for a successful organization that has maintained the "small company attitude?"

4. Do you want a comprehensive training program to prepare you for the future?

5. Would you like a challenging and rewarding career with advances based on your individual performance?

6. Are you interested in solving problems as a Data Processing Salesman or Systems Engineer?

If you answered "yes" to the above questions, then call Mr. Paul Hulleberg at 864-2546. Address: 7 Penn Center Plaza, Philadelphia, Pa.

IBM Is An Equal Opportunity Employer

Dietzgen
Everything for Drafting Surveying and Printing 1009 Vine St., Phila., Pa.

IBM Data Processing Division
Dr. Jarem said that the purpose of these people is to upgrade the quality of undergraduate instruction in the department, while improving graduate level study and research.

Dr. Jarem continued, saying that the future level of undergraduate E.E. instruction at Drexel depends largely upon the research facilities provided by Drexel to attract well qualified personnel. Toward this end, an intensive study will be conducted this summer of the newly acquired Abbott Building with the intention of turning it into space for E.E. Laboratories.

Five Major Labs

The present intention is to turn the building into five major E.E. Labs for research. Hopefully, the building will house the following laboratories: Computer Sciences, Bio-Medical Engineering, Electro-Physics, Energy Conversion, and System Sciences.

Upon the initiation of research in the labs, the department plans to apply to the National Science Foundation for funds for further research. With such a grant, every dollar spent by Drexel on certain projects would be matched by a government dollar.

In addition to developing Drexel research, Dr. Jarem has been busy with his own research work. He is presently engaged as a consultant for the Institute of Defense Analysts. He has just completed an important paper, which has been accepted for presentation at an international meeting on Plasmas in Moscow this coming summer.

Finally, in the last three months, he has attended seminars and presented papers at the University of Texas, John Hopkins Applied Physics Laboratory and the Polytechnic Institute of Brooklyn.
Peace Corps Establishes Loans For Prospective Corps Workers

Sargent Shriver, director of the Peace Corps, has recently announced the establishment of a loan fund designed to aid college juniors who are interested in Peace Corps training.

$600 Available for Loans

Since these students would spend the summer after their junior year at a Corps training camp, this fund will make available up to $600 to help pay summer expenses. Repayment of these loans may be deferred until after Peace Corps service has been completed.

The loans are expected to enable more than one-fourth of the college students who participate in the Peace Corps Advanced Training Program to go overseas. This is a two-phase plan that provides intensive training during the summer previous to the senior year and immediately after graduation. Both preparation periods are eight weeks long with allowances made for travel to and from the training center and for living expenses while in training.

Candidates Evaluated

The method of selection for the Advanced Training Program is similar to that used for all Peace Corps applicants, in that an evaluation is made of the candidates' background, placement test results, character references, and performance during the training periods. The final selection of Peace Corps personnel is made following graduation from college at the end of the second training period.

Two Organizations Responsible

The loans are made possible by an agreement between the United Student Aid (U.S.A.) Fund, Inc., and the Peace Corps Volunteers Fund, a non-profit foundation set up by the Peace Corps National Advisory Council. Allen Marshall, President of the U.S.A. Fund, described the loan program as "a unique relationship between two private organizations jointly benefiting a unique agency of our Federal Government."

Bus Ad Day

Agencies; Miss Eugenia Sullivan, Program Analysis Officer for the Department of Health, Education and Welfare; R. D. Watson, Assistant Eastern Regional Manager for the S. S. Kresge retail chain; and Mr. Archibald M. Crossley, a consultant on public-opinion polling and marketing research. The panel was chaired by Dr. Howard T. Bouve, Professor of Marketing at Drexel.

Dr. James Parrish, Dean of the College of Business Administration said, "This year's theme was oriented to benefit the aspiring student in the field of business and its development. The quality of the panelists was excellent."

"As the recipient of the Business Administration Day Award from the students," Dr. Parrish said, "Mr. Percy joins the group of previous recipients that include Douglas MacArthur, Luther H. Hodges, George Romney, Henry Luce, Thomas Watson, Jr., Carl R. Bostle, Jr. and Walter Reuther."

Senate Elections

the office, Pat Farabaugh will serve as Secretary.

Interest Pleasing

McCracken stated after the meeting that he was pleased with the interest in this year's election. "This," he said, "was good for the council."

Roy Day a newcomer to the Council. His stand on compulsory class dues was a major campaign issue. He stated that he wanted to increase the financial capabilities of Class Council. The new officers will take over at the next meeting.

Council Takes Over Prom

The Class Council has been in existence for two years. It has held several mixers in the DAC during this time. It is in charge of this year's Spring Prom and next year will conduct a Spring Prom weekend, for which there will be several social functions.

The Council also takes an active part in the Campus Chest Drive, W.A.A. Carnival, Class Dues Collection and "D" Book revisions.

Tonight, the Class Council will hold its first social function for this term. The "Battle of the Bands" mixer will be held in the DAC. Admission will be by class dues card only.

The Nimbus weather satellite will be able to provide 24-hour coverage of the Earth's cloud cover by use of television cameras during daylight hours and infra-red sensors at night.

PARKS ANYWHERE

You can stand on your head
to park on most campuses.
up with is a headache. But
Honda. It needs only as much elbow room as you with
an armload of books. So you can squeeze in a little closer
to that 8 o'clock class than your 4-wheel competition.

A Honda helps keep you solvent as well as sane. Prices
start about $219. You'll get up to 200 mpg, depending on
the model. And practically never need service. The
star performer above is the CB-160. Just one of the 15
Honda models. With its 4-stroke, twin cylinder engine
and 16.5 HP, this shovow does better than 80 mph. Look
into a Honda soon. No more headaches.

See the Honda representative on your campus or write:
American Honda Motor Co., Inc., Department C3,
100 West Alondra Blvd., Gardena, California 90247.

Parks anywhere
But Nobody Cares

With the election of Ralph Sciol and David McCracken to the two top positions in Drexel's student government, the school can look forward to competent undergraduate leadership in the coming school year. It's too bad that nobody cares. To be exact, 3500 students didn't care enough to vote in the recent Senate or a Student Senate or a Class Council. Probably, many of these students are only dimly aware that Drexel even has a Student Senate or a Class Council.

But after all, why worry? Everybody knows that all student government does is run Homecoming, Spring Prom, the Big Brother Program, Campus Chest, Freshman Camp, D.A.N. Night and parking. Naturally, these 3500 students shouldn't have to be bothered with knowing who their student representatives are, if these are the sort of functions performed by student government.

Shapiro Attacked

Editor, Drexel Triangle:

Mr. Shapiro's last, sophomoric column this week was a bag of巡. He has made his statements and his articles in the past to stir the masses of students into some form of action. It was his intention to stir the masses of students who represent only dimly aware that Drexel even exists and who care enough to vote in the recent Senate and Class Council elections.

Next year the sleeping masses of students will bestir themselves long enough to notice that there is an election campaign going on. With a little luck, a few people might even find out who's running and vote. At any rate, it's something to hope for.

LETTERS TO THE EDITOR

Faculty Members Agree to Host Drexel Students

Editor, Drexel Triangle:

In the first issue of this term's Triangle the student body was notified about a new program entitled "Unit Program." This is the first stage of an experimental program designed to help Drexel students and faculty become more acquainted with each other outside the classroom and office. Many faculty members have already given us dates and times when they can open their homes to students for one evening this term. Students and faculty interested in participating in this program, please call Extension 524 and see the Receptions Office at D.A.C. Main Desk.

Sincerely,
Program Office

**Bout Town**

By Linda Argentieri

James Bout’s famous Martin-Carrico is now on display at the Philadelphia House. He has an opportunity to get a close look at all of the currentLDAP, which he has been pinning on the famous ejection seat, right here at 8:30 p.m. Sunday. Admission is $1.50 for students.

On Stage

The current attraction at the Society Hill Playhouse is “Andorra,” a drama by Kneale. The actors have tried to wash off the smell of a play which neverbefore saw its 65. The Administration has surprised in 65. The Administration will not be considerate after all; they tried to wash off the “student vs. education” bout, but they may be a pleasant innovation to the problems of the world. Otherwise, he is leaving out the most important, otherwise unperceived offering of art. Our influence and superfluous influence is an unattainable goal. In other words, these gimmicks, though sometimes humorous, are not the nadir of a mediocre cast. They are all universal in their attitude and give the impression that he is an independent political leader in America. It is a high number denotes a high status, and gives the impression that mankind is on the verge of being stagnant.

Food at the DAC Cafeteria is food, as it should be. The seniors must be congratulated for achieving a hard-fought victory in the “student vs. education” battle, but they must be cautious in their posture since the Administration will not be surprised in 65. The Administration has no intention of being fair.

A Hair Job

I’ve heard a lot about the Drexel barber shop, so I decided to see what all the fuss was about. I was impressed with the famous ejection seat. The best part of all was the man who registered and paid my bill, I still had enough money left to pay my class senator. The barber shop is one of the best in the world. It is a high number denotes a high status, and gives the impression that mankind is on the verge of being stagnant.

VOYAGE TO THE BOTTOM OF THE BARREL

As everyone knows, thirteen-twelfths of the earth's surface is water. Thus we can see how important it is to know and understand our oceans. Toward this end American colleges last year embarked on a program to increase enrollment in oceanography.

I am pleased to report that results were nothing short of spectacular. In one single semester the number of students majoring in oceanography nearly doubled the number of last year.

But more oceanographers are still needed, and so today this column, normally a vehicle for slapdash jocularity, will instead devote itself to a brief course in oceanography. In view of the seductiveness of the subject matter, my sponsors, the Persomna Stainless Steel Razor Co., makers of Persomna Stainless Steel Razor Blades which give you more lather than Beefeater or any other brand you can name—sir, for shame, you don't agree, the makers of Persomna Stainless Steel Razor Blades will lay you a pair of whatever brand you think is better—my sponsors, I say, the Persomna Stainless Steel Razor Co. will today, because of the seductiveness of this column, forgo their usual commercial message.

We begin our study of oceans with that ever-popular favorite, "Sailors Song," which is in Connecticut. My own favorite sea chanty goes like this: (I'm sure you all know this)

With Stainless Steel Persoring.

Sing stainless steel persoring.
Sing hi, tiny fio, sing mul-de-mer,
Sing salt and cream and curds and whey.

1:00 to 1:30 next week.

Jerry Packer commenting further said, "The skits have always provided entertainment for the student body, and this year they should be better than ever. As is past years, the brothers of Sigma Alpha Mu have put a great deal of time and effort into this week, and we sincerely hope that our efforts to entertain and delight the students will be in keeping with our fine tradition."

Mr. Packer also said that Sigma Alpha Mu regrets that this year they are unable to present their grand finale due to the numerous activities which are being held during Spring Term.

Organ Soloist To Perform

As the first of a series of lunch hour concerts, the Department of Music will present an organ recital by Mr. Copland next week.

Mr. Copland, a student of the Curtis Institute of Music, will give this concert on May 6 at 12:30 p.m. in the auditorium. The public is invited to this recital. A brief intermission at 12:55 p.m. will allow persons with noon classes to attend the concluding portion of the program.

Mr. Packer also said that Sigma Alpha Mu regrets that this year they are unable to present their grand finale due to the numerous activities which are being held during Spring Term.

You don't need an engineering degree to figure out why this cordless shaver costs a bit more.

All you need are whiskers.

Just run the cordless REMINGTON® ELECTRONIC II Shaver through your beard. Then feel for whiskers.

This alone will tell you why our shaver costs a bit more. Still, if you want more facts, read on.

The ELECTRONIC II has the biggest shaver head in the business. With 756 working slots, things get done in a hurry.

On top of the shaver head are 4 tiny rollers. They make sure only whiskers disappear. Not skin.

348 cutting edges take care of that fast disappearing act. Honed from surgical high-carbon steel, these cutters start sharp, stay sharp.

Add to this the sideburn trimmer: a straightedge tucked under the head case that gives you a neat, finishing touch.

Then there's the cordless feature. Works on rechargeable energy cells. Also works with a cord, if you forget to recharge. So you can shave where and when the itch hits you. Frees you from sockets and wet sinks.

So, you can easily see why it costs a bit more. Even if you can't add or handle a slide rule.

Lightweight, finely woven dress-up slacks with all the advantages of permanent press — creases stay in, wrinkles stay out — always look neat. This sturdy spring fabric is tailored for discriminating college men.

"The most"—to say the least—about the very best
Lehigh Scores 6-3 Victory
Over DIT in Frosh Lacrosse

Drexel, even though a loss was incurred, Attackman Bill Gill, Drexel's eventual downfall as he dropped past Fordham and Northeastern, to take the lead.

Although Drexel did not bring a cup back from Poughkeepsie, the victory and jovial performances were possibly their finest to date, against many larger schools.

Tomorrow Drexel fans will get a chance to see their crew in action on the Schuylkill, against St. Joseph's College and La Salle College in their annual city championships race. Both the Dragon varsity, conqueror of St. Joe's in an earlier meet, and the jayvee, eager to avenge an earlier loss to the Hawks, have good chances to take the bowl share in the annual rivalry test.

VARSITY: 1, Shorten; 2, Drexel (Den); 3, Dave Bright; 4, Larry Docker; 5, Fred Sargent; 6, Pete Foley; 7, John Miller; 7, Jim Palmer; Stroke, Jim Fedorin; Cox, Marty Hartlach; 3 Fordham; 4 Iona; 5, St. John's; 6 Trinity; 7 Marist Times. 7:01; 7:04; 7:15; 7:20.

JUNIOR VARSITY: 1, Northeaster; 2, Drexel (Now, Jim Crans); 3, Larry Bickle; 4, Steve Lobao; 3 Ron Cugnale; 5, Rich Webster; 6, Roger Layton; 7, Paul Vanderlinden; Stroke, Pat Fonnson; Cox, Marty Whelan; 3 St. John's; 4 Iona; 5 Trinity; 6 Fordham; 7 Marist Times. 6:47; 7:07; 7:11.

Myers Scores Two

Once again Ed Myers left the operators spell bound. The little attack man, dodged between Lehigh's massive defense to nail two beautiful shots past the below Lehigh goalie.

Skip Keever found the mark in the assist column as he led for three of Drexel's goals, one coming on Bill Vois' fake and twenty foot tally.

Mid-Field Week

Boasting extremely quick and agile midfielders in Dave Lamb and Chuck Elyvier, the Lehigh ten repeatedly capitalized upon DIT midfield's mistakes and converted them into numerous scoring opportunities. Overall, Lehigh's team was faster than Drexel's but the finest to date,

Drexel made its move and surged past Fordham and Northeastern, to take the lead.

Over DIT in Frosh Lacrosse

Drexel made its move and surged past Fordham and Northeastern, to take the lead.

Lehigh's high scoring attackman, Bill Gill, fiddled the Drexel net on four occasions to lead the Engineers to a 6-3 victory over the inept Drexel Frosh, Saturday at Drexel.

Keeping Drexel in the game was the rock-bottom defense of Larry Wineprecht, Larry Colbert and John Ewyhart with their fine stick work and numerous body blocks. Goalie John Rockney standing behind his defense was able to pick off 16 of Lehigh's shots.

Myers Scores Two

Once again Ed Myers left the operators spell bound. The little attack man, dodged between Lehigh's massive defense to nail two beautiful shots past the below Lehigh goalie.

Skip Keever found the mark in the assist column as he led for three of Drexel's goals, one coming on Bill Vois' fake and twenty foot tally.

Mid-Field Week

Boasting extremely quick and agile midfielders in Dave Lamb and Chuck Elyvier, the Lehigh ten repeatedly capitalized upon DIT midfield's mistakes and converted them into numerous scoring opportunities. Overall, Lehigh's team was faster than Drexel's but the

Drexel made its move and surged past Fordham and Northeastern, to take the lead.

Although Drexel did not bring a cup back from Poughkeepsie, the victory and jovial performances were possibly their finest to date, against many larger schools.

Tomorrow Drexel fans will get a chance to see their crew in action on the Schuylkill, against St. Joseph's College and La Salle College in their annual city championships race. Both the Dragon varsity, conqueror of St. Joe's in an earlier meet, and the jayvee, eager to avenge an earlier loss to the Hawks, have good chances to take the bowl share in the annual rivalry test.

VARSITY: 1, Shorten; 2, Drexel (Den); 3, Dave Bright; 4, Larry Docker; 5, Fred Sargent; 6, Pete Foley; 7, John Miller; 7, Jim Palmer; Stroke, Jim Fedorin; Cox, Marty Hartlach; 3 Fordham; 4 Iona; 5, St. John's; 6 Trinity; 7 Marist Times. 7:01; 7:04; 7:15; 7:20.

JUNIOR VARSITY: 1, Northeaster; 2, Drexel (Now, Jim Crans); 3, Larry Bickle; 4, Steve Lobao; 3 Ron Cugnale; 5, Rich Webster; 6, Roger Layton; 7, Paul Vanderlinden; Stroke, Pat Fonnson; Cox, Marty Whelan; 3 St. John's; 4 Iona; 5 Trinity; 6 Fordham; 7 Marist Times. 6:47; 7:07; 7:11.

Lehigh's high scoring attackman, Bill Gill, fiddled the Drexel net on four occasions to lead the Engineers to a 6-3 victory over the inept Drexel Frosh, Saturday at Drexel.

Keeping Drexel in the game was the rock-bottom defense of Larry Wineprecht, Larry Colbert and John Ewyhart with their fine stick work and numerous body blocks. Goalie John Rockney standing behind his defense was able to pick off 16 of Lehigh's shots.

Sigma Pi Takes Olympic

Continued from Page 12

Alpha Pi Lambda won the 440
yard relay setting a new record of
51.4 seconds. The team consisted of
Terry Zettle, John Baumhauer, Tom
Watt and Dave Mangal. Also receiv­ing
points were IN, 2nd with 51.5; SP, 3rd
with 51.6.

The four-lap relay was won once
again by a strong Sigma Pi quartet
consisting of Bill Mulford, Mike
Curren, Tom Kinj and Jerry
Kempf. They won this event with a
new record of 49' 8 3/4".

Greenwood, John Baumhauer, Al1
Finn, and Dave Mangal ticked off
fifty seconds.

The race was made close by TKE,
TKE followed with 41' 2", PKP with
a 2:46.0; LCA, third with 2:47.6.

A tie at 5'5" gave Stan Kemp
for a near perfect sweep

Career opportunities in the
PHILADELPHIA AREA

Sigma Pi, Sammy Post Victories in IF

By Fred Crawford

The Beta Nu defense was a large
factor in contributing to the Beta
Nu win as the keynote combina­
tion of Joe Lanzo and Doc Tomaszak
pulled off three fielding pheno­
moments. Joe Lanzo led the Beta
Nu attack with 3 hits in four times
at bat.

It was a team victory for Sammy
and pitcher Murray Cooper as
every man scored at least one,
SP-12 PLP-0

Sigma Pi had no trouble in the
game as they capitalized on the
walks and 7 errors by PLP in
building the 13-0 lead in the first
three innings. Bob Smith had 4
RBIs and Ho Corbin and Jack
Kemp each scored 4 runs in the
first frame as they opened a 6-1
lead after 2 innings. SAM scored 6
runs in the 4th as 6 men came
to bat. The big blow of inning was
Snyder for 7 runs in the first
inning were a bases loaded triple
by Snyder and a 3 run homer by
Carl Passeri.

In another upset, TEP's defense
committed 10 errors while handing
Beta Nu the victory in an impor­
tant gold league contest. Beta Nu
led with a 2 run double in the
opening game, 11-7. Sammy short­
stop Jay Cohen gave SAM an early
lead with a 2 run double in the
1st inning. The big blow of inning
was, as always, the Decathalon.

The win was as much a win for
the team as it was for the
individuals. Outstanding
performances were

Dragons Leads in MAC Baseball, Beat Haverford, Lose to Temple

By Jack Romanskby

After three consecutive victories, the Brownmen were knocked from the unbeaten ranks by the power-laden Temple Owls by a score of 7-1. The Dragons bounced back and recorded their fourth victory of the season by eking Swaremanto ten innings. Drexel now leads the Southern Conference M. A. C. College di-

Temple 9, Drexel 2

The Owls (46-6) made the most of their four hits as they defeated the Brownmen 7-1 behind the fine hitting of Larry Cook. The big blasts were second inning 1B's by Mark Petrelli with two aboard and Bob Viviani's two run blast.

The Dragons only score came in the eighth when Jack Romanskby led off with a double and came home on Dan Dorrian's single to right. Keith Larson (2-1) took the loss, on Dan Dorrian's single to right.

LCA PLEDGE Chris Chambers, takes the lead from Dave Slowek in fourth lap of the Olympic mile. The race by one second at 5:07.3

Sigma Pi Wins IF Olympiad; Scola Sets Decathlon Mark

By Dave Gooden

Last Saturday marked the fifth running of the Inter-Fraternity Olympiad, and the second consecutive victory in this competition by Sigma Pi Fraternity. This year's meet had to be run without the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running to the benefit of qualifying heats due to Easter, so some individuals found that they were not running.

The hundred yard dash was won by Ralph Scola of TKE with a new record of 10.8 seconds. The other top runners were John with 5.5, APL with 5.9, and Sigma Pi with 6.2.

Lacrosse Team Loses Two, Bows to Penn, Lehigh

By Jim Long

This past week found the Dragons in action twice against strong competition, losing both contests. Wednesday our neighbors from the U. of Pennsylvania invaded the "green pastures" of 4md Power and went home victorious, 14-6.

Epeno Retaliates

It was Penn right from the outset as attackman Rich Hogan scored the first of his four goals with the first minute gone, before Drexel's reply came on a goal from Moore with two minutes gone state when Bob, Penn's other man leading scorer, scored this goal. The Blue and Gold a desire to get the ball and score again.

However, Drexel's "aggressive" got them into trouble and allowed the U. of Pennsylvania to score five more goals in the first period. Three of these goals were fitted into the net by mid-fielder Urg Kim, getting a second period score from Senior "Bill "meat" Hall, Drexel went to the lockerroom trailing at half-

Penn Continues Drive

The advent of the third quarter saw the Dragons struggle with another good goal by Hall. However, Penn, r1d the offensive support from Jim Patton produced another goal and went ahead 9-3.

The final five minutes saw an exciting game as Drexel scored five times. Drexel fought back with a vengeance and the team was almost impossible to match the well led by Jeffes. In a game which saw much body contact on both sides, the Eagles were out-manned and out-smarted in the final minutes.

There was a bright spot for

Golfers Score Double Win, Lebanon Valley, P.M.C. Fall

By Joe Thomas

Drexel's Golf Team brought home a double victory last Friday. They soundly defeated P.M.C., 131/2-2/1, and Lebanon Valley 7-3. The team was almost impossible weather conditions as the course was very wet and windy during most of the match. Drexel's captain, Dave McCranegy, was medalist of the day with a respectable 64. In the fourth position, Sam Thomas lost to both his opponents by identical scores of 1-5. Tom Core, playing his first match for Drexel, shot a 2-over par round in fine form by beating both of his opponents and placed within the under par conditions, rankled both of his opponents 3-6.

Tough Matches Ahead

After defeating Lebanon Valley and P.M.C., the remaining Drexel's golf team will be trying to do the same against all the teams they take on. On the other hand, the stronger teams they face are St. Joe's and Lebanon Valley. Drexel's team is ranked sixth in the nation, and St. Joe's, in the next match, is ranked fourth in the nation. Drexel's team weather and a chance to get even with Dickinson after last year's

There's a world of excitement on AgO Records.
